The Great Doctrines of the Bible William Evans, 2020-04-09 The doctrines treated in this book are dealt with from the standpoint of Biblical rather than Dogmatic theology This is evident from the plan which is followed in the work namely to gather together all the Scripture passages dealing with the subject under consideration and from them choose a required number that may be called representative then seek to understand the meaning of these references by the study of the text itself as well as its context and parallel passages and finally from the selected proof texts formulate the doctrinal teaching and place such results under appropriate headings The doctrines of God Jesus Christ and the Holy Spirit are more fully dealt with than the doctrines which follow This is especially true of the doctrine of God The reason for this is to set forth the method pursued in these studies and to give a pattern for the study of the doctrines to follow William Evans **The Great Doctrines of the Bible** **The Great Doctrines of the Bible** William Evans, 2023-04-06 Reproduction of the original

DOCTRINE OF THE SCRIPTURES THE DOCTRINE OF ANGELS THE DOCTRINE OF SATAN THE DOCTRINE OF THE LAST THINGS The Second Coming of Christ The Resurrection The Judgment The Destiny of the Wicked The Reward of the Righteous The demand for this book has come from the students in the class room who have listened to these lectures on the Great Doctrines of the Bible and have desired and requested that they be put into permanent form for the purpose of further study and reference This volume is prepared therefore primarily but not exclusively for the student and with his needs in mind The doctrines herein treated are dealt with from the standpoint of Biblical rather than Dogmatic theology This is evident from the plan which is followed in the work namely to gather together all the Scripture passages dealing with the subject under consideration and from them choose a required number that may be called representative then seek to understand the meaning of these references by the study of the text itself as well as its context and parallel passages and finally from the selected proof texts formulate the doctrinal teaching and place such results under appropriate headings The doctrines of God Jesus Christ and the Holy Spirit are more fully dealt with than the doctrines which follow This is especially true of the doctrine of God The reason for this is to set forth the method pursued in these studies and to give a pattern for the study of the doctrines to follow It is intended that the doctrines of this book should be studied side by side with the open Bible It is for this reason that many of the Scripture references are indicated by chapter and verse only There must be constant reference to the Scriptures themselves

The Bible Doctrine of Grace C. Ryder Smith, 2009-11-01 In this volume Dr Ryder Smith continues his series of studies in great Bible doctrines Its main subject is Grace and he examines afresh the meaning and use of such terms as *chesed* in the Old Testament and *charis* in the New not forgetting the Septuagint But there are chapters also on doctrines closely related to Grace under such titles as Trial Temptation and Discipline Election and The Fellowship of God with Man in Christ In his chapters on Righteousness in Sinners and Sin in Believers he maintains that the full Christian doctrine is nowhere drawn out in the New Testament but that it may be deduced from scattered references In his discussion of Sin in Believers he claims that Paul taught what some may consider a heresy namely that in what may be called conversion baptism a believer was wholly cleansed from sin In many ways this volume is complementary to Dr Smith's last volume *The Bible Doctrine of Sin* and like all his work it is the fruit of sound knowledge deep scholarship and penetrating insight
