The Revenge of Power Moisés Naím, 2025-10-16 Named one of the New Yorker's Best Books of 2022 An authoritative and intelligent portrait of the global spread of authoritarianism and its dangers what sets this work apart from books like Timothy Snyder's *On Tyranny* and Michiko Kakutani's *The Death of Truth* is its unusually comprehensive armada of facts about the international drift over the past two decades toward authoritarian leaders whether old style dictators like Kim Jong Un or nominally elected presidents like Vladimir Putin Kirkus An urgent thrilling and original look at the future of democracy that illuminates one of the most important battles of our time the future of freedom and how to contain and defeat the autocrats mushrooming around the world In his bestselling book *The End of Power* Moisés Naím examined power diluting forces In *The Revenge of Power* Naím turns to the trends conditions technologies and behaviors that are contributing to the concentration of power and to the clash between those forces that weaken power and those that strengthen it He concentrates on the three Ps populism polarization and post truths All of which are as old as time but are combined by today's autocrats to undermine democratic life in new and frightening ways Power has not changed But the way people go about gaining it and using it has been transformed *The Revenge of Power* is packed with alluring characters riveting stories about power grabs and losses and vivid examples of the tricks and tactics used by autocrats to counter the forces that are weakening their power It connects the dots between global events and political tactics that when taken together show a profound and often stealthy transformation in power and politics worldwide Using the best available data and insights taken from recent research in the social sciences Naím reveals how on close examination the same set of strategies to consolidate power pop up again and again in places with vastly different political economic and social circumstances and offers insights about what can be done to ensure that freedom and democracy prevail The outcomes of these battles for power will determine if our future will be more autocratic or more democratic Naím addresses the questions at the heart of the matter Why is power concentrating in some places while in others it is fragmenting and degrading And the big question What is the future of freedom
