American history both dividing and unifying the nation American horizons truly stretch beyond our nation s borders embracing the trading networks established during and after the colonial era as well as the digital social networks connecting people globally today American Horizons tells the story of the United States by exploring this exchange on a global scale and placing it at the center of that story By doing so we provide a different perspective on the history of the United States one that we hope broadens the horizons of those who read our work and are ever mindful of the global forces that increasingly and profoundly shape our lives At the same time American Horizons considers those ways in which U S influence has reshaped the lives and experiences of people of other nations      Concise Historical Atlas of the U.s. Civil War  
Aaron Sheehan-Dean,2020-04 Offering a striking and reasonably priced alternative to expensive atlases that focus almost exclusively on military movements Concise Historical Atlas of the U S Civil War Second Edition is the only atlas that includes data maps and covers key issues before and after the war years It balances military and non military coverage presenting maps that deal with political and social changes along with campaign and battle maps Accessible to students with limited geographic knowledge the maps are clearly labeled with key features marked Each map is accompanied by a short narrative that provides helpful contextual information      **Choice** Richard K.
