American Difference American Politics From A Comparative Perspective:

American Difference Lori M. Poloni-Staudinger, Michael R. Wolf, 2019-01-31 Examining democracies from a comparative perspective helps us better understand why politics or as Harold Lasswell famously said who gets what when and how differ among democracies *American Difference A Guide to American Politics in Comparative Perspective* takes you through different aspects of democracy political culture institutions interest groups political parties and elections and unlike other works explores how the United States is both different from and similar to other democracies The fully updated Second Edition has been expanded to include several new chapters and discussion on civil liberties and civil rights constitutional arrangements elections and electoral institutions and electoral behavior This edition also includes data around the 2016 general election and 2018 midterm election

American Difference Lori M. Poloni-Staudinger, Michael R. Wolf, 2015-02-11 Examining democracies from a comparative perspective helps us better understand why politics or who gets what when and how differs among democracies In *American Difference American Politics from a Comparative Perspective* authors Lori M Poloni Staudinger and Michael R Wolf take the reader through different aspects of democracy political culture institutions interest groups political parties and elections and explore how the US is both different from and similar to other democracies Used in conjunction with a textbook for courses in Introduction to American Politics Introduction to Comparative Politics or Introduction to Politics this book will provide additional context and deepen students understanding of key political concepts

Understanding American Politics Stephen Brooks, 2009-01-01 This volume locates the American political system in a comparative context allowing us to better understand its strength and weaknesses It should be required reading for anyone wanting a basic understanding of American politics B Guy Peters University of Pittsburgh

American Presidential Elections in a Comparative Perspective Jesús Velasco, 2019-06-04 This book studies the views from countries in Asia Europe and Latin American of the United States and the 2016 presidential election Twelve keen observers of the American political scene from three continents evaluate how these perspectives were modified or reinforced as a result of the campaign and election of Donald Trump This is a book about how foreigners view American politics and will be of interest to students of foreign policy international studies history and political science

Government and Business: American Political Economy in Comparative Perspective Richard Lehne, 2012-03-23 In this thoroughly updated edition Lehne takes a comparative approach evaluating the U S political economy with respect to those of Great Britain Germany Japan and the EU The book provides detailed historical context for and a conceptual understanding of the business government environment and then clarifies the roles of the major actors and outlines the regulatory and policy frameworks Along the way Lehne probes some of the most crucial dilemmas facing government and business today

Insufficient Representation Patrick Fisher, 2020-07-07 Not Enough Representation The Disconnect between Congress and Its Citizens examines how representative the United States Congress is among different demographic groups and how representational issues affect

Americans perception of Congress potentially threatening its legitimacy The opening chapter analyzes political representation from the perspective of the nature of the relationship between voters and legislators addressing why Congress is so demographically unrepresentative The book will then focuses on outcome the representativeness of the legislature in terms of its members demographic backgrounds Congress simply put is not demographically representative of the American public There are significant gaps between Congress and the American public on the basis of race gender religion wealth and generation Since members of Congress do not adequately represent the diversity in their electorate this suggests that Congress in turn does not make policies that advocate for the citizenry as a whole The book first examines the nature of the relationship between citizens and legislators before analyzing demographic groups in the general population and comparing their preferences to how Congressional members of that demographic group legislate In the process the book ties representation to many of the hot button issues that polarize both the American public and Congress Congress is not descriptively representative of the U S population Many groups of Americans have historically been and continue to be underrepresented in Congress More than ever before this underrepresentation is troublesome to a substantial number of Americans and problematic for American democracy

American Difference Lori M. Poloni-Staudinger, Michael R. Wolf, 2015-02-11 Examining democracies from a comparative perspective helps us better understand why politics or who gets what when and how differs among democracies In *American Difference American Politics from a Comparative Perspective* authors Lori M Poloni Staudinger and Michael R Wolf take the reader through different aspects of democracy political culture institutions interest groups political parties and elections and explore how the US is both different from and similar to other democracies Used in conjunction with a textbook for courses in Introduction to American Politics Introduction to Comparative Politics or Introduction to Politics this book will provide additional context and deepen students understanding of key political concepts

Why Regions Matter: Small Worlds in Comparative Perspective Ailsa Henderson, 2014-06-11 Bringing together experts on regionalism and federalism this collection explores the impact of legislative regions on parties and voters It reflects on the 1980 publication of *Small Worlds* by David Elkins and Richard Simeon which outlined how and why voters and policies differ across Canadian provinces Using recent data the essays in this collection provide a comparative re examination of the impact of regions The book explores attitude divergence in Canada and in the US the role and impact of regional parties in Quebec Scotland and Bavaria the impact of multi level governance on how citizens understand and discharge their duties and the capacity of sub state political systems to influence general political attitudes The result is an empirical and analytical contribution to regionalism and federalism studies that demonstrates how and why regions matter This book was published as a special issue of *Regional and Federal Studies*

The American Anomaly Raymond A. Smith, 2013-08-15 Seymour Martin Lipset pronounced over a decade ago Someone who knows only one country knows no country It is well established that students learn the intricacies of American politics better when they are presented

in a comparative context In today s globalized society and workforce it is all the more important for students to understand that the American political system is in many ways the exception and not the rule Introductory textbooks on American government however rarely emphasize in sufficient depth how the United States compares to other political systems And introductions to comparative politics infrequently situate the United States in their analysis The American Anomaly systematically analyzes the U S political system by way of comparison with other countries especially other industrialized democracies It is organized into four sections respectively covering the constitutional order governmental institutions political participation and public policy Extended case studies in each chapter draw on all the major regions of the world Thoroughly revised throughout the third edition includes Updates throughout to reflect recent developments including battles for control of Congress and the White House in 2010 and 2012 the challenges and successes of the Obama presidency and political developments including the rise of the Tea Party and Occupy Wall Street The addition of a ready reference glossary defining key terms along with a key terms list at the end of each chapter Updates to examples from other countries such as changes to the European Union in light of the Eurozone crisis the weakening of the Mexican state due to surges in drug related crime and the growth of China s global role A substantive update to the domestic policy and foreign policy chapters A significant update on online web based activism with particular regard to the expanding role of social media New tables and charts in each chapter A companion website also offers overview slides links and other supporting features

The War on Terror in Comparative Perspective M. Miller,B. Stefanova,2006-11-14 This book offers a thoughtful analysis of the international and domestic political impact of the global war on terrorism through the prism of US security relations in the wake of 9 11 Focused on regional and country specific responses and consequences the book considers the change and continuity in the international system *The Origins of Canadian and American Political Differences* Jason Kaufman,2009-02-16 Why do the United States and Canada have such divergent political cultures when they share one of the closest economic and cultural relationships in the world Kaufman examines the North American political landscape to draw out the essential historical factors that underlie the countries differences **Latin American Politics** David Close,2010-02-01 Highlighting eleven different topics in separate chapters the thematic approach of Latin American Politics offers students the conceptual tools they need to analyze the political systems of all twenty Latin American nations Such a structure makes the book self consciously comparative allowing students to become stronger analysts of comparative politics and better political scientists in general **Mass Media and American Politics** Doris A. Graber,Johanna Dunaway,2017-07-20 This comprehensive trusted core text on media s impact on attitudes behavior elections politics and policymaking is known for its readable introduction to the literature and theory of the field Mass Media and American Politics Tenth Edition is thoroughly updated to reflect major structural changes that have shaken the world of political news including the impact of the changing media landscape It includes timely examples of the significance of these changes pulled

from the 2016 election cycle Written by Doris A Graber a scholar who has played an enormous role in establishing and shaping the field of mass media and American politics and Johanna Dunaway this book sets the standard

Princeton Readings in American Politics Richard M. Valelly, 2021-07-13 Princeton Readings in American Politics offers an exciting and challenging new way to learn about American politics It brings together political science that has stood the test of time and recent cutting edge analyses to acquaint undergraduate and graduate students with the substantive conceptual and methodological foundations they need to make sense of American politics today Princeton Readings in American Politics features writings by such eminent scholars as Larry M Bartels Robert Dahl Martha Derthick Howard Gillman Jacob Hacker Kay L Schlozman Deborah Stone Marta Tienda and Kent Weaver among others The book is organized in sections that cover the major American political institutions the presidency Congress the courts as well as core topics such as political parties macroeconomic management voting and elections policymaking public opinion and federalism Richard Valelly provides an insightful general introduction to political science as a vibrant form of inquiry as well as a succinct informative introduction to each reading Rigorous yet accessible Princeton Readings in American Politics can serve as a primary textbook or as a supplement to standard introductory texts Offers an exciting new way to learn about American politics Features accessible scholarship by leading political scientists Covers all the major topics Serves as a primary textbook or supplementary reader for undergraduate and graduate students

The Dynamics Of American Politics Lawrence C Dodd, 2018-02-06 This book offers a comprehensive assessment of the major theoretical approaches to the study of American politics Written by leading scholars in the field the book's essays focus particularly on the contributions that competing macro and microanalytic approaches make to our understanding of political change in America The essays include systematic overviews of the patterns of constancy and change that characterize American political history as well as comparative discussions of theoretical traditions in the study of American political change The volume concludes with four provocative essays proposing new and integrated interpretations of American politics This is a path breaking book that all scholars concerned with American politics will want to read and that all serious students of American politics will need to study The Dynamics of American Politics is appropriate for graduate core seminars on American politics undergraduate capstone courses on American politics courses on political theory and approaches to political analysis and rigorous lower division courses on American politics

The Two Majorities and the Puzzle of Modern American Politics Byron E. Shafer, 2003 Where did the Era of Divided Government come from What sustains split partisan control of the institutions of American national government year after year Why can it shift so easily from Democratic or Republican presidencies coupled with Republican or Democratic Congresses How can the vast array of issues and personalities that have surfaced in American politics over the last forty years fit so neatly within indeed reinforce the sustaining political pattern of our time These big questions constitute the puzzle of modern American politics The old answer a majority and a minority party plus dominant and recessive public

issues will not work in the Era of Divided Government Byron Shafer a political scientist who is regarded as one of the most comprehensive and original thinkers on American politics provides a convincing new answer that has three major elements These elements in combination not divided government as a catch phrase are the real story of politics in our time The first element is comprised of two great sets of public preferences that manifest themselves at the ballot box as two majorities The old cluster of economic and welfare issues has not so much been displaced as simply joined by a second cluster of cultural and national concerns The second element can be seen in the behavior of political parties and party activists whose own preferences don t match those of the general public That public remains reliably left of the active Republican Party on economic and welfare issues and reliably right of the active Democratic Party on cultural and national concerns The third crucial element is found in an institutional arrangement the distinctively American matrix of governmental institutions which converts those first two elements into a framework for policymaking year in and year out In the first half of the book Shafer examines how dominant features of the Reagan first Bush Clinton and second Bush administrations reflect the interplay of these three elements Recent policy conflicts and institutional combatants in Shafer s analysis illuminate this new pattern of American politics In the second half he ranges across time and nations to put these modern elements and their composite pattern into a much larger historical and institutional framework In this light modern American politics appears not so much as new and different but as a distinctive recombination of familiar elements of a political style a political process and a political conflict that has been running for a much much longer time

The Political Research Experience Marcus E.

Ethridge,2015-02-12 Organized to complement an introductory course in political science research methods this work aims to help students understand research as it is actually practiced Each chapter opens with an explanation of basic concepts and methods of political research

Inventive Politicians and Ethnic Ascent in American Politics Miriam

Jiménez,2013-11-07 This innovative book investigates the process through which ethnic minorities penetrate into higher echelons of political power specifically how they succeed in getting elected to the U S Congress Analysts today see ethnic politicians largely in relation to their collectivities but by actually studying what ethnic minority politicians do and the issues they have faced Jim nez s book offers an original perspective of analysis Jim nez utilizes a ground breaking comparative dataset of elected members of Congress organized upon the basis of national origin the first available Using the cases of Mexican Americans and Italian Americans Jimenez analyzes and compares the different ways that these ethnic politicians have been elected to the national legislature from the beginning of the 20th century until the present Her study examines Italian and Mexican American politicians actions and interactions with local political parties identifies various layers of political power that have influenced their successes and failures and uncovers the strategies that they have used Jimenez argues that the politically active segment of an ethnic group matters in the process of political incorporation of a group She also asserts that regular access of ethnic groups into upper levels of political office and the full acceptance of new ethnic

players only occurs as a consequence of an institutional change Jimenez's pioneering documentation and analysis of the strategies of ethnic minority politicians and the ways that political institutions have influenced these politicians is significant to scholars of political incorporation race and ethnicity and congressional elections Her book demonstrates the need to reconsider several standard ideas of how minority representation occurs and deepens our understanding of the role that political institutions play in that process Institutions of American Democracy Joel D. Aberbach, Mark A.

Peterson, 2005-10-27 Presents a collection of essays that provide an examination of the Executive branch in American government explaining how the Constitution created the executive branch and discusses how the executive interacts with the other two branches of government at the federal and state level *Issues in American Politics* John Dumbrell, 2013-08-21

This wide ranging book provides readers with a reliable and lively guide to contemporary American political practices processes and institutions Essays in the proposed volume will cover phenomena such as the Tea Party upsurge in the Republican Party Obama's health care reforms recent changes to campaign funding emanating from the key Citizens United Supreme Court decision US foreign policy after the War on Terror Obama's presidential strategy and issues relating to polarisation and partisanship in US politics This work is essential reading for all students of American Politics and US Foreign Policy
