built a new home called Tao House. A reasonably good translation of tao is the way and in this house which was largely the creation of Carlotta he found the way to his most famous play *Long Day's Journey Into Night*. As an unusually explicit autobiographical drama, this play returns to 1912, the outset of O'Neill's writing career when he confronted tragedy in his family story and found a way to dramatize his mother, father, brother, and himself in a way that has resonated with audiences since its publication and production in 1956. But this book argues that the play originates as much in the moment of its creation, 1939-1941, in the family relationships, the historical circumstances, and the fact that this work would represent a moment of closure of his great career. Key to this heroic story of creation is the intervention of his wife Carlotta, whose diaries enable a day-to-day observation of how the play was written. She was the driving force behind the design of Tao House and she managed the rhythms and patterns of life within its architecture. It was her masterpiece just as *Long Day's Journey* was his. This book develops a close reading of their house and marriage and also uses many of O'Neill's previous plays to illuminate the breakthrough of *Long Day's Journey*. This book is the most granular and at the same time the most far-reaching inquiry into how this quintessential play was written and almost not written and how it came into the world.

Eugene O'Neill's Long Day's Journey Into Night (ELL)., 2009 **The Modern Monologue : Men** Michael Earley, Philippa Keil, 1993. First Published in 1994. Routledge is an imprint of Taylor Francis, an informal company. Eugene O'Neill and the Emergence of American Drama Marc Maufort, 1989 *Eugene O'Neill* Egil Törnqvist, 2004-01-28. Eugene O'Neill wrote his plays for a theatre in which the playwright would take a central position. He presented himself as a controlling personality both in the texts in the form of ample stage directions and in performances based on these texts. His plays address several audiences: reader, spectator, and production team, and scripts were often different from the published versions. This study examines O'Neill's multiple roles as a writer for many audiences. After a description of O'Neill's working conditions and the multiple audiences of the plays, this study examines the various formal aspects of the plays: titles, settings in time and place, names and addresses, language and connections, and allusions to other works. An examination of the plays follows with particular emphasis on *Bound East for Cardiff*, *Long Day's Journey Into Night*, and *A Touch of the Poet*.

Long Day's Journey Into Night - Eugene O'Neill, 2018. Produced after the death of Eugene O'Neill, *Long Day's Journey into Night* is generally considered the author's masterpiece and a seminal drama of the 20th century.

Student Companion to Eugene O'Neill Steven F. Bloom Ph.D., 2007-06-30. Eugene O'Neill is the only American dramatist ever to have received the Nobel Prize for Literature. He wrote over 50 plays; a number are virtually unknown by the general public; several are considered classics of the American stage; all of them demonstrate in one way or another how O'Neill challenged the conventional boundaries of the drama of his time and thereby paved the way for modern American theatre. This volume will provide guides to eight of O'Neill's plays that are most often studied in schools and colleges: *The Hairy Ape*, *Anna Christie*, *The Emperor Jones*, *Desire Under the Elms*, *Ah, Wilderness*, *The Iceman Cometh*, *Long Day's Journey Into Night*, and *A Moon for the*

Misbegotten More than almost any other author in any fictional genre O'Neill's works are highly autobiographical. The love-hate relationships he had with the members of his own family resonate throughout his dramatic works. The son of an alcoholic and a morphine addict, he struggled with chemical dependency throughout his life but determined to be an artist or nothing, he eventually gave up drinking and fulfilled his artistic ambitions, transforming the traumatic experiences of his life into compelling drama. O'Neill's drama provides insights into the complexities of human behavior and raises questions about the forces both external and internal that shape human lives.

Eugene O'Neill's Philosophy of Difficult Theatre Jeremy Killian, 2022-03-02 Through a close re-examination of Eugene O'Neill's oeuvre from minor plays to his Pulitzer-winning works, this study proposes that O'Neill's vision of tragedy privileges a particular emotional response over a more rational one among his audience members. In addition to offering a new paradigm through which to interpret O'Neill's work, this book argues that O'Neill's theory of tragedy is a robust account of the value of difficult theatre as a whole, with more explanatory scope and power than its cognitivist counterparts. This paradigm reshapes our understanding of live theatrical tragedy's impact and significance for our lives. The book enters the discussion of tragic value by way of the plays of Eugene O'Neill and through this study, Killian makes the case that O'Neill has refused to allow Plato to define the terms of tragedy's merit as the cognitivists have. He argues that O'Neill's theory of tragedy is non-cognitive and locates the value of a play in its ability to trigger certain emotional responses from the audience. This would be of great interest to students and scholars of performance studies, literature, and philosophy.

Tragic Drama and the Family Bennett Simon, 1988-01-01 One of the most important characteristics of tragic drama, as of psychoanalysis, is the focus on the family. Dr. Bennett Simon here provides a psychoanalytic reading of Aeschylus' *Oresteia*, Euripides' *Medea*, Shakespeare's *King Lear* and *Macbeth*, O'Neill's *Long Day's Journey into Night* and Beckett's *Endgame*, six plays from ancient to modern times which involve a particular form of intrafamily warfare: the killing of children or of the possibility of children.

Perverse Mind Barbara Voglino, 1999 The fact is nothing in O'Neill's forty-five theatrical endeavors of varying merit prior to 1939 suggests the unmistakable touch of genius which radiates from his last plays: *A Touch of the Poet* (1939), *The Iceman Cometh* (1940), *Long Day's Journey into Night* (1941), *Hughie* (1942), and *A Moon for the Misbegotten* (1943).

BOOK JACKET At least one valid explanation for this phenomenon is the greatly improved endings of the late plays.
