CHRIST Roland Ruby,2025-07-04 There's a warrant out for my arrest Probably more than one in as many languages as jurisdictions But you don't even give one rat's ass because you never heard of me And so begins the comically irreverent Unholy Gospels series Ruby takes on everything from pop stars to organized religion in this highly readable saga that moves from historical fiction to fantasy and finally to the revelations of something spectacular Junior H Christ Part 1 The Father builds from the origin love story between a vengeful NYC mobster and one of the FBI's first ever female agents as told in the Gospel of Mark their quirky youngest bastard son The result is a wonderfully unorthodox coming of age story that mostly takes place in the armpit of America This page turner is sure to become a cult classic among noble dirtbags everywhere

Elements of Meaning in Gesture Geneviève Calbris,2011-11-09 Summarizing her pioneering work on the semiotic analysis of gestures in conversational settings Geneviève Calbris offers a comprehensive account of her unique perspective on the relationship between gesture speech and thought She highlights the various functions of gesture and especially shows how various gestural signs can be created in the same gesture by analogical links between physical and semantic elements Originating in our world experience via mimetic and metonymic processes these analogical links are activated by contexts of use and thus lead to a diverse range of semantic constructions rather than from the components of a Meccano kit many different objects can be assembled By representing perceptual schemata that mediate between the concrete and the abstract gesture may frequently anticipate verbal formulation Arguing for gesture as a symbolic system in its own right that interfaces with thought and speech production Calbris book brings a challenging new perspective to gesture studies and will be seminal for generations of gesture researchers

Maoism Julia Lovell,2019-09-03 WINNER OF THE 2019 CUNDILL HISTORY PRIZE SHORTLISTED FOR THE BAILLIE GIFFORD PRIZE FOR NON FICTION 2019 SHORTLISTED FOR THE NAYEF AL RODHAN PRIZE FOR GLOBAL UNDERSTANDING SHORTLISTED FOR DEUTSCHER PRIZE LONGLISTED FOR THE 2020 ORWELL PRIZE FOR POLITICAL WRITING Revelatory and instructive a beautifully written and accessible book The Times For decades the West has dismissed Maoism as an outdated historical and political phenomenon Since the 1980s China seems to have abandoned the utopian turmoil of Mao's revolution in favour of authoritarian capitalism But Mao and his

ideas remain central to the People's Republic and the legitimacy of its Communist government. With disagreements and conflicts between China and the West on the rise, the need to understand the political legacy of Mao is urgent and growing. The power and appeal of Maoism have extended far beyond China. Maoism was a crucial motor of the Cold War; it shaped the course of the Vietnam War and the international youth rebellions that conflict triggered and brought to power the murderous Khmer Rouge in Cambodia; it aided and sometimes handed victory to anti-colonial resistance movements in Africa; it inspired terrorism in Germany and Italy and wars and insurgencies in Peru, India, and Nepal, some of which are still with us today more than forty years after the death of Mao. In this new history, Julia Lovell re-evaluates Maoism as both a Chinese and an international force, linking its evolution in China with its global legacy. It is a story that takes us from the tea plantations of north India to the sierras of the Andes, from Paris's fifth arrondissement to the fields of Tanzania, from the rice paddies of Cambodia to the terraces of Brixton. Starting with the birth of Mao's revolution in northwest China in the 1930s and concluding with its violent afterlives in South Asia and resurgence in the People's Republic today, this is a landmark history of global Maoism.

Charlotte Gainsbourg Felicity Chaplin, 2020-10-27 Actress, singer, indie icon and embodiment of Parisian cool, Charlotte Gainsbourg is one of the most intriguing yet understated stars of our time. This book, the first detailed study of Gainsbourg, charts the trajectory of her star persona across four decades, from her early work with her father and ground-breaking collaboration with Claude Miller to her more recent collaborations with Lars von Trier and music producers like Beck and Air. The book combines textual analysis of performance, costume, place, characterisation, and narrative with archival research and extra-cinematic materials to interrogate the construction of Gainsbourg's persona. As well as providing a comprehensive overview of her career to date, it examines her circulation in a transnational context and across a range of media platforms, exploring notions of gender, beauty, and nationality in relation to her embodiment of femininity, Frenchness, and transnationality.

The Years Annie Ernaux, 2017-11-21 WINNER OF THE 2022 NOBEL PRIZE IN LITERATURE One of the New York Times's 100 Best Books of the 21st Century Shortlisted for the 2019 Man Booker International Prize

Considered by many to be the iconic French memoirist's defining work and a breakout bestseller when published in France in 2008, *The Years* is a personal narrative of the period 1941 to 2006 told through the lens of memory, impressions, past and present, even projections into the future. Photos, books, songs, radio, television, and decades of advertising headlines contrasted with intimate conflicts and writing notes from 6 decades of diaries. Local dialect words of the times, slogans, brands, and names for the ever-proliferating objects are given voice here. The voice we recognize as the author's continually dissolves and re-emerges. Ernaux makes the passage of time palpable. Time itself, inexorable, narrates its own course, consigning all other narrators to anonymity. A new kind of autobiography emerges, at once subjective and impersonal, private and collective. On its 2008 publication in France, *The Years* came as a surprise. Though Ernaux had for years been hailed as a beloved bestselling and award-winning author, *The Years* was in many ways a departure, both an intimate memoir written by entire generations

and a story of generations telling a very personal story Like the generation before hers the narrator eschews the I for the we or they or one as if collective life were inextricably intertwined with a private life that in her parents generation ceased to exist She writes of her parents generation and could be writing of her own book From a common fund of hunger and fear everything was told in the we and impersonal pronouns Co winner of the 2018 French American Foundation Translation Prize in Nonfiction Winner of the 2017 Marguerite Yourcenar Prize for her entire body of work Winner of the 2016 Strega European Prize
