Intelligence Services in South Asia Ryan Shaffer,ASM Ali Ashraf,2025-02-18 This book explores colonial and post colonial intelligence services in South Asia It traces the genealogy of the institutions to analyze changes and continuities throughout the region The volume also provides a framework for analyzing how intelligence services developed in these countries by looking at both internal and external issues and shows how vital and sometimes interconnected these issues are for understanding intelligence in South Asia It demonstrates how some countries and intelligence services borrowed from the

colonial era and others started new institutions to protect national security in response to the shifting demands of the Cold War and post Cold War era Bringing together a group of international scholars the anthology delves into the intelligence services of Afghanistan Bangladesh Bhutan India the Maldives Myanmar Nepal Pakistan and Sri Lanka and traces how these national services developed in similar and diverse ways This book will be of much interest to students of intelligence studies Asian politics security studies and International Relations *Terror Funds in India* Dr V Balasubramanian, Dr SV Raghavan, 2017-07-21 *Hubris, Self-Interest, and America's Failed War in Afghanistan* Thomas P. Cavanna, 2015-07-22 This book describes the conduct of the US led post 9 11 war in Afghanistan Adopting a long term perspective it argues that even though Washington initially had an opportunity to achieve its security goals and give Afghanistan a chance to enter a new era it compromised any possibility of success from the very moment it let bin Laden escape to Pakistan in December 2001 and found itself locked in a strategic overreach Given the bureaucratic and rhetorical momentum triggered by the war on terror in America the Bush Administration was bound to deploy more resources in Afghanistan sooner or later despite its focus on Iraq The need to satisfy unfulfilled counter terrorism objectives made the US dependent on Afghanistan's warlords which compromised the country's stability and tarnished its new political system The extension of the US military presence made Washington lose its leverage on the Pakistan army leaders who aware of America's logistical dependency on Islamabad supported the Afghan insurgents their historical proxies more and more openly The extension of the war also contributed to radicalize segments of the Afghan and Pakistani populations destabilizing the area further In the meantime the need to justify the extension of its military presence influenced the US led coalition into proclaiming its determination to democratize and reconstruct Afghanistan While highly opportunistic the emergence of these policies proved both self defeating and unsustainable due to an inescapable collision between the US led coalition's inherent self interest hubris limited knowledge limited attention span and limited resources and on the other hand Afghanistan's inherent complexity As the critical contradictions at the very heart of the campaign increased with the extension of the latter's duration scale and cost America's leaders entrapped in path dependence lost their strategic flexibility Despite debates on troops resource allocation and more sophisticated doctrines they repeated the same structural mistakes over and over again The strategic overreach became self sustaining until its costs became intolerable leading to a drawdown which has more to do with a pervasive sense of failure than with the accomplishment of any noble purpose or strategic breakthrough *Studies in Intelligence*, 2012 **Mission , Frontier in Flames** Jaideep Saikia, 2007 Even After Sixty Years Of Independence Integration With The Rest Of India Has Eluded The Eight States Of The North East Riven By Insurgencies And Secessionist Struggles What Are The Conflicts That Inflamm The North East Frontiers Of India Does The Indian Government Understand The Complexity Of The Forces That Impair The Region Is It Aware Of The North East's Feeling Of Alienation From The Rest Of India What Are The Shortfalls In Security In This Region Laid Waste By Relentless Violence In Its Quest To Zealously Guard The Nation's Frontiers Has New

tapestry which throws abundant light on the foundation of all creations Shakti The author has even dared to write against his lecherous boss who impregnates his maid's daughter and pushes the innocent into the debauch world of beggary He has exposed certain political leaders who still indulge in the practice of bonded labour in their fiefdoms and machinate organized killings His biggest regret is that he could not do anything for her The stories paint life as it is rather than trying to be didactic There is a strong element of projection of women's intrinsic power to fight against societal evils Maloy Krishna Dhar is a product of Calcutta University After joining the Indian Police Service in 1964 he was seconded to the Intelligence Bureau a platform that offered him in depth perceptions and insight into Indian politics insurgency counterterrorism counter intelligence and other ground realities of the nation After retirement he took to freelance journalism and authored many literary works that include Open Secrets India's Intelligence Unveiled Fulcrum of Evil ISI CIS AI Qaeda Nexus Operation Triple X Black Thunder and We the People of the India A story of Gangland Democracy Open Secrets: India's Intelligence Unveiled Maloy Krishna Dhar, 2005-12 Exposes the deplorable stories of blatant and brutal misuse of the India intelligence
