For Love or Money Tim Jeal, 2013-08-15 **For Love or Money** was Tim Jeal's first novel accepted for publication in 1966 while he was still an undergraduate at Oxford It is the story of temporary gentleman George who lives as a kept man with Ruth the older woman he stole from a wealthy peer but whose relatively comfortable country life is threatened by his difficult relations with Ruth's two sons A first novel of genuine merit Pointed and witty with good dialogue and brisk backgrounds Evening Standard A subtle five finger exercise A beautifully complex and compassionate creation Francis King Sunday Telegraph Harshly uncompromising The action screws together with an engineer's precision but Tim Jeal's ability and insight give unity to the whole Sunday Times Written in a style that is sophisticated and simple acute and dogged Mr Jeal's book really has no faults New Yorker

For Love or Money Marvin Kauder, 2022-09-20 Allen Tobias has a secret He is a best selling romance novelist writing under a pen name His sister is the only one who knows Her job is to run interference for him and take care of his growing fortune After years of loneliness Allen becomes involved with

three beautiful women Each has the power to sweep him off his feet Complicating matters Sunburn his first novel has been made into a blockbuster movie and its premier has caused the spotlight to be cast in his direction Allen doesn't want the notoriety that goes along with being a celebrity He wants to be free to find a woman who loves him just the way he is without the fame and fortune He needs to make certain that the woman he chooses wants him for love and not for money For Love Or Money Mark Horton, Brian Senior, 2000 Have you ever wondered what it would be like to spend your time traveling the world and being invited to play bridge in exotic locations Watching world titles being won and lost Rubbing shoulders with the rich and famous as well as the best bridge players on the planet Find out in these pages as two of the world's top bridge journalists take you behind the scenes of the international bridge circuit in a book full of great hands crazy characters and strange but true happenings that often don't or can't get reported in the pages of the bridge magazines Pack your bags and get ready for a wild ride and don't forget to take your sense of humor along *For Love or Money* Barbara Butterfield, 2021-02-18 Meghan Moore seeks glamour and fame as her modeling career begins to take off with the help of an agent who only has one thing on his mind One night detective Lt Larry Baker enters her life and she soon finds herself treading a confusing line between what she wants and what she needs Larry's work is cut out for him as he endeavors to convince Meghan that life is not all about fame and fortune But what is truly important lies within her grasp if only she would recognize and reach out for it before it's too late *For Love or Money* Nancy Folbre, 2012-09-06 As women moved into the formal labor force in large numbers over the last forty years care work traditionally provided primarily by women has increasingly shifted from the family arena to the market Child care elder care care for the disabled and home care now account for a growing segment of low wage work in the United States and demand for such work will only increase as the baby boom generation ages But the expanding market provision of care has created new economic anxieties and raised pointed questions Why do women continue to do most care work both paid and unpaid Why does care work remain low paid when the quality of care is so highly valued How effective and equitable are public policies toward dependents in the United States In *For Love and Money* an interdisciplinary team of experts explores the theoretical dilemmas of care provision and provides an unprecedented empirical overview of the looming problems for the care sector in the United States Drawing on diverse disciplines and areas of expertise *For Love and Money* develops an innovative framework to analyze existing care policies and suggest potential directions for care policy and future research Contributors Paula England Nancy Folbre and Carrie Leana explore the range of motivations for caregiving such as familial responsibility or limited job prospects and why both love and money can be efficient motivators They also examine why women tend to specialize in the provision of care citing factors like job discrimination social pressure or the personal motivation to provide care reported by many women Suzanne Bianchi Nancy Folbre and Douglas Wolf estimate how much unpaid care is being provided in the United States and show that low income families rely more on unpaid family members for their child and for elder care than do affluent families

With low wages and little savings these families often find it difficult to provide care and earn enough money to stay afloat Candace Howes Carrie Leana and Kristin Smith investigate the dynamics within the paid care sector and find problematic wages and working conditions including high turnover inadequate training and a pay penalty for workers who enter care jobs These conditions have consequences poor job quality in child care and adult care also leads to poor care quality In their chapters Janet Gornick Candace Howes and Laura Braslow provide a systematic inventory of public policies that directly shape the provision of care for children or for adults who need personal assistance such as family leave child care tax credits and Medicaid funded long term care They conclude that income and variations in states policies are the greatest factors determining how well and for whom the current system works Despite the demand for care work very little public policy attention has been devoted to it Only three states for example have enacted paid family leave programs Paid or unpaid care costs those who provide it At the heart of *For Love and Money* is the understanding that the quality of care work in the United States matters not only for those who receive care but also for society at large which benefits from the nurturance and maintenance of human capabilities As care work gravitates from the family to the formal economy this volume clarifies the pressing need for America to fundamentally rethink its care policies and increase public investment in this increasingly crucial sector
