Writing for Theatre Kim Wiltshire, 2015-12-01 Writing for theatre is a unique art form, different even from other kinds of scriptwriting. Making theatre is a truly collaborative process which can be a tricky aspect to grasp when starting out. This book will take you on a journey from the origins of theatre to what it means to write for the stage today. It includes a series of interviews with writers, directors and dramaturgs, all of whom are making theatre now, providing an unrivalled glimpse into the world of contemporary theatre. Kim Wiltshire explores the foundations, traits and skills necessary for playwriting alongside the creative possibilities of writing theatre in the digital age. Each part of the book ends with a series of exercises which students of the craft can use to practise their art and stretch their creativity.

Re-imagining Shakespeare in Contemporary Japan Tetsuhito Motoyama, Rosalind Fielding, Fumiaki Konno, 2021-01-28 An anthology of three exciting Japanese adaptations of Shakespeare that engage with issues such as changing family values, racial diversity, the 2011 Great East Japan Earthquake and terrorism, together with a contextualizing introduction. The anthology makes contemporary Japanese adaptations of Shakespeare by three independent theatre companies available to a wider English language audience. The three texts are concerned with the social issues Japan faces today and Japan's perception of its cultural history. This unique collection is thus both a valuable resource for the fields of Shakespeare and adaptation studies, as well as for a better understanding of contemporary Japanese theatre.
