[Joseph Perl's Revealer Of Secrets](#) Dov Taylor,2019-03-13 The dawning of the nineteenth century found the Jews of Eastern Europe torn between the forces of progress and reaction as they took their first tentative steps toward the modern world In a war of words and of books Haskalia the Jewish Enlightenment did battle with the religious revival movement known as Hasidism Perl an ardent advocate of Enlightenment unleashed the opening salvo with the publication in 1819 of *Revealer of Secrets* The novel tried to pass itself off as a hasidic holy book when it was in fact a broadside against Hasidism a parody of its teachings and of the language of its holy books The outraged hasidim responded by buying up and burning as many copies as they could Dov Taylor s careful translation and commentary make this classic of Hebrew literature available and accessible to the contemporary English speaking reader while preserving the integrity and bite of Perl s original With Hasidism presently enjoying a remarkable rebirth the issues in *Revealer of Secrets* are all the more relevant to those seeking to balance reason and faith As the first Hebrew novel the work will also be of great interest to students of modern Hebrew literature and modern Jewish history

Sound an Alarm! Joseph Perl's Revealer of Secrets and Testing the Righteous Dov Taylor,2024-11-15 *Revealer of Secrets* is a portrayal both realistic and satirical of Eastern European Jewish life in the tumultuous early years of the nineteenth century It reflects the struggle that raged between the Haskalah and Hasidism as the Jewish people stood on the threshold of modernity In the battle between reason and faith the Haskalah admired science and rationalism and recommended broad education to its adherents while Hasidism revered mystical intuition in its charismatic rebbe saints and

encouraged religious fervor in its followers Published in Vienna in 1819 Joseph Perl's *Revealer of Secrets* was the most devastating and best known parody produced by the Haskalah movement Its milieu is that of Ukrainian Polish and Russian Jewry at the beginning of the nineteenth century Drawing on forms from the eighteenth century European epistolary novel the khsidic holy book khsidic and rabbinic letters and the Austrian comic tradition and drawing inspiration from the masterpiece of biblical parody *The Book of Esther* Perl unleashed a broadside that in the words of one modern critic was to become a classic of Hebrew literature a masterpiece of invective and the first Hebrew novel Perl's related volume *Bohen Tsaddiq* *Testing the Righteous* was published in 1838 TR is a sequel to RS consisting of a discussion of readers reactions to the earlier work including criticism of the author's use of khsidic sources Each of the criticisms is of course convincingly rebutted as the entire work is crafted to lend authenticity to RS Ovadya reappears as the narrator in TR Its plot revolves around the search for a completely honest man in the course of which representatives of the various elements of Jewish society are reviewed and their defects exposed The parade of failures includes not only khsidim but also rabbis businessmen craftsmen and even maskilim As the search concludes the honest man turns out to be neither a khsidic tzadek nor even a maskil but a pious farmer in a Jewish agricultural utopia in the Crimean Peninsula Perl's vision of utopia thus rejects not only Hasidism but also the idea of a return to Palestine envisioning instead a life of productive labor in the Diaspora

Metagalaxy Russell Scott, 2012-01-23 METAGALAXY Conclusions Metagalaxy Conclusions is a continuation of the Metagalaxy where SamSon is forced to face his life and the choices he has made as he takes it upon himself to help all SamSon finds out that everything and anything is still possible in this Metagalaxy even becoming conventional SamSon inspires others to step up and become moral as they seek out the greatest sources of evil to confront it and destroy it They know that evil in the Metagalaxy is still indeed strong smart and attempting to take over Love honor and loyalty are the keys to help this Metagalaxy survive And if SamSon can convince others and himself that he is still their defender and needed he will make sure it does But his own power might lead to the Metagalaxy's destruction

Myth in the Modern Novel Liisa Steinby, 2023-03-20 Myth in the Modern Novel Imagining the Absolute posits a twofold thesis First although Modernity is regarded as an era dominated by science and rational thought it has in fact not relinquished the hold of myth a more primitive form of thought which is difficult to reconcile with modern rationality Second some of the most important statements as to the reconcilability of myth and Modernity are found in the work of certain prominent novelists This book offers a close examination of the work of eleven writers from the late eighteenth century to the beginning of the twenty first representing German French American Czech and Swedish literature The analyses of individual novels reveal a variety of intriguing views of myth in Modernity and

offer an insight into the modernizing transformations myth has undergone when applied in the modern novel The study shows the presence of the subconscious the mythic layer in modern western culture and how this has been dealt with in novelistic literature The End of Magic Ariel Glucklich,1997 Basing himself in the Indian city of Banaras where magic is a familiar part of everyday life Glucklich reviews the major theories that have explained or explained away magic and offers a new approach towards defining and understanding magic **The Śāṅkhāyana Āraṇyaka** Arthur Berriedale Keith,1908

heavily guarded gypsy tradition of magic and healing drawn from newly discovered materials collected by two Romanian ethnologists who lived and traveled with gypsies in Transylvania in the mid 19th century The author also reproduces rare texts on magic healing from the 14th and 15th centuries Revealing the vitality of these practices in the remoter areas of Eastern Europe Lecouteux shows how the influence of this pagan worldview is still detectable in the work of modern folk healers in France and Scandinavia He also shows how the condemnation of unorthodox methods of healing has not vanished from the contemporary world the medieval legislation against healing by wizards and bonesetters is echoed in modern health codes that challenge the authority of naturopaths and faith healers The Belief in Immortality and the Worship of the Dead
