## **Major Themes Of The Quran:**

Major Themes of the Qur'an Fazlur Rahman, 2009-06-15 In this introduction to the Qur'an Fazlur Rahman unravels its complexities on themes such as God society revelation and prophecy      **Major Themes of the Qur'an** Fazlur Rahman, 2009

**Major Themes of the Qur'ān** Fazlur Rahman, 1999      **Major Themes of the Qur'an** Fazlur Rahman, 1989      **Major Themes of the Quran** Fazlur Rahman, 1980      Islam Cenap Çakmak, 2017-05-18 This expansive four volume encyclopedia presents a broad introduction to Islam that enables learning about the fundamental role of Islam in world history and promotes greater respect for cultural diversity One of the most popular and widespread religions in the world Islam has attracted a great deal of attention in recent times particularly in the Western world With the ongoing tensions in the Middle East and a pervasive sense of hostility toward Arab Americans there is ever increasing need to examine and understand Islam as a religion and historical force Islam A Worldwide Encyclopedia provides some 700 entries on Islam written by expert contributors that cover the religion from the birth of Islam to the present time The set also includes 16 pages of color images per volume that serve to illustrate the diverse expressions of this important religious tradition Each entry begins with a basic introduction followed by a general discussion of the subject and a conclusion Each entry also features a further readings list for readers In addition to supplying a comprehensive authoritative overview of Islam this work also specifically addresses many controversial related issues including jihad violence in Islam polygamy and apostasy      **Islam and Contemporary Civilisation** Halim Rane, 2010 Islam and Contemporary Civilisation examines the most complex debates and dilemmas facing Islam today both internally and in its relations with Western civilisation Halim Rane provides a concise and comprehensive introduction to Islam and modern developments in Muslim thought and tackles questions of Islamic law human rights democracy jihad and the Israel Palestine conflict in the context of Islam West relations In confronting these challenging issues Rane proposes a way forward that has far reaching implications for advancing mutual understanding and finding common ground between the Muslim world and the West      **Reasoning with God** Khaled Abou El Fadl, 2014-10-23 In light of recent concern over Shari'ah such as proposed laws to prohibit it in the United States and conflict over the role it should play in the new Egyptian constitution many people are confused about the meaning of Shari'ah in Islam and its role in the world today In Reasoning with God renowned Islamic scholar Khaled Abou El Fadl explains not only what Shari'ah really means but also the way it can revitalize and reengage contemporary Islam After a prologue that provides an essential overview of Shari'ah Abou El Fadl explores the moral trajectory of Islam in today's world Weaving powerful personal stories with broader global examples he shows the ways that some interpretations of Islam today have undermined its potential in peace and love Rather than simply outlining challenges however the author provides constructive suggestions about how Muslims can reengage the ethical tradition of their faith through Shari'ah As the world's second largest religion Islam remains an important force on the global stage Reasoning with God takes readers both Muslim and non Muslim beyond

superficial understandings of Shari'ah to a deeper understanding of its meaning and potential *Encyclopedia of Islam* Juan Eduardo Campo, 2009 Explores the terms concepts personalities historical events and institutions that helped shape the history of this religion and the way it is practiced today **Believing Women in Islam** Asma Barlas, 2019-01-16 Does Islam call for the oppression of women Non Muslims point to the subjugation of women that occurs in many Muslim countries especially those that claim to be Islamic while many Muslims read the Qur'an in ways that seem to justify sexual oppression inequality and patriarchy Taking a wholly different view Asma Barlas develops a believer's reading of the Qur'an that demonstrates the radically egalitarian and antipatriarchal nature of its teachings Beginning with a historical analysis of religious authority and knowledge Barlas shows how Muslims came to read inequality and patriarchy into the Qur'an to justify existing religious and social structures and demonstrates that the patriarchal meanings ascribed to the Qur'an are a function of who has read it how and in what contexts She goes on to reread the Qur'an's position on a variety of issues in order to argue that its teachings do not support patriarchy To the contrary Barlas convincingly asserts that the Qur'an affirms the complete equality of the sexes thereby offering an opportunity to theorize radical sexual equality from within the framework of its teachings This new view takes readers into the heart of Islamic teachings on women gender and patriarchy allowing them to understand Islam through its most sacred scripture rather than through Muslim cultural practices or Western media stereotypes For this revised edition of *Believing Women in Islam* Asma Barlas has written two new chapters Abraham's Sacrifice in the Qur'an and Secular Feminism and the Qur'an as well as a new preface an extended discussion of the Qur'an's wife beating verse and of men's presumed role as women's guardians and other updates throughout the book

*Prophets in the Quran* Brannon Wheeler, 2002-06-18 What was the name of Noah's son who did not survive the Flood Why do Pharaoh and Haman build the Tower of Babel For what reasons does Moses travel to the ends of the Earth Who is the Horned One who holds back Gog and Magog until the Day of Judgement These are some of the questions answered in the oral sources and Quran commentaries on the stories of the prophets as they are understood by Muslims Designed as an introduction to the Quran with particular emphasis on parallels with Biblical tradition this book provides a concise but detailed overview of Muslim prophets from Adam to Muhammad Each of the chapters is organized around a particular prophet including an English translation of the relevant verses of the Quran and a wide selection of classical medieval and modern Muslim commentaries on those verses Quran commentaries include references to Sunni and Shi'i sources from Spain Central Asia the Middle East and Africa An extensive glossary provides an annotated list of all scholarly transmitters and cited texts with suggestions for further reading This is an excellent book for undergraduate courses and students in divinity and seminary programmes Comparisons between the Quran and Bible and among Jewish Christian and Islamic exegesis are highlighted Oral sources references adapted from apocryphal and pseudepigraphical works and inter religious dialogue are all evident throughout these stories of the prophets This material shows how the Quran and its interpretation are integral to

a fuller and more discerning understanding of the Bible and its place in the history of Western religion *The Oxford Handbook of Qur'anic Studies*, 2020-04-28 Traditionally revered as the literal word of God the Qur'an serves as Islam's sacred book of revelation Accordingly its statements and pronouncements rest at the core of the beliefs and teachings that have inexorably defined expressions of the Islamic faith Indeed over the centuries engaging with and poring over the contents of the Qur'an inspired an impressive range of traditional scholarship Notwithstanding its religious pre-eminence the Qur'an is also considered to be the matchless masterpiece of the Arabic language and its impact as a text can be discerned in all aspects of the Arabic literary tradition Presenting contributions from leading experts in the field *The Oxford Handbook of Qur'anic Studies* offers an authoritative collection of chapters that guide readers through the gamut of themes subjects and debates that have dominated the academic study of the Qur'an and its literary heritage These range from chapters that explore the text's language vocabulary style and structure to detailed surveys of its contents concepts transmission literary influence historical significance commentary tradition and even the scholarship devoted to translations With the aim of serving as an indispensable reference resource the Handbook assesses the implications of research discourses and discussions shaping the study of the Qur'an today There exists no single volume devoted to such a broad review of the scholarship on the Qur'an and its rich commentary tradition **A Concise Guide to Islam (Introducing Islam)** Ayman S.

*Seven Doors to Islam* John Renard, 2023-11-15 *Seven Doors to Islam* reveals the religious worldview and spiritual tradition of the world's one billion Muslims Spanning the breadth of Islamic civilization from Morocco to Indonesia this book demonstrates how Muslims have used the literary and visual arts in all their richness and diversity to communicate religious values Each of the seven chapters opens a door that leads progressively closer to the very heart of Islam from the foundational revelation in the Qur'an to the transcendent experience of the Sufi mystics However unlike most studies of Islam which see spirituality as the concern of a minority of mystical seekers *Seven Doors* demonstrates its central role in every aspect of the Islamic tradition *Seven Doors to Islam* reveals the religious worldview and spiritual tradition of the world
