Having grown up in a branded society overcrowded with commercial messages and a never ending supply of choices and opportunities, Generation Y not only influences consumption patterns, they also bring their values to work life, thus changing the attitudes towards the employee-employer relationship and how work is being done. Generation Y particularly see work as a venue of self realization and the boundaries between work and leisure time are becoming blurred, thus the consumer and labor markets converge in some critical dimensions. This book delves into the substantial research body on characteristics and behaviors of the Generation Y, including their relation to other generations and the role of understanding generations in developing effective and attractive organizations. It further outlines the experiences and best practice for attracting, recruiting, selling to, and communicating with Generation Y based on the author's experiences from hundreds of organizations where he has been involved as a consultant, offering the reader a better understanding of generations in marketing research and the impact of generations in employee-employer relations. **Operational Sustainability in the Mining Industry** Hassan Qudrat-Ullah, Pramela Nair
