Discourses and Selected Writings Epictetus, 2008-08-28 Contains The Discourses Fragments Enchiridion I must die But must I die bawling Epictetus a Greek Stoic and freed slave ran a thriving philosophy school in Nicopolis in the early second century AD His animated discussions were celebrated for their rhetorical wizardry and were written down by Arrian his most famous pupil The Discourses argue that happiness lies in learning to perceive exactly what is in our power to change and what is not and in embracing our fate to live in harmony with god and nature In this personal practical guide to the ethics of Stoicism and moral self improvement Epictetus tackles questions of freedom and imprisonment illness and fear family friendship and love Translated and Edited with an Introduction by Robert Dobbin **A Philosophy of Walking** Frédéric Gros, 2023-07-11 This philosophical ode to finding joy in simple things explores how walking has influenced history's greatest thinkers from Henry David Thoreau and John Muir to Gandhi and Nietzsche It is only ideas gained from walking that have any worth Nietzsche In this French bestseller leading thinker and philosopher Frédéric Gros charts the many different ways we get from A to B the pilgrimage the promenade the protest march the nature ramble and reveals what they say about us Gros draws attention to other thinkers who also saw walking as something central to their practice On his travels he ponders Thoreau's eager seclusion in Walden Woods the reason Rimbaud walked in a fury while Nerval rambled to cure his melancholy He shows us how Rousseau walked in order to think while Nietzsche wandered the mountainside to write In contrast Kant marched through his hometown every day exactly at the same hour to escape the compulsion of thought Brilliant and erudite *A Philosophy of Walking* is an entertaining and insightful manifesto for putting one foot in front of the other **This Thing Called Reason** Benjamin K. Akih, 2025-05-06 This book offers a conceptual analysis of reason proposing a plausible theory to resolve persistent vagueness in the historical use of the concept The proposed theory leads to the view that reason is fundamentally subjective and dependent on non-inferential matters of faith Despite the inherent subjectivity we can arrive at a consensus in reasoning exercises because we all participate in a universal minimum religion that grounds all reasoning True atheism is therefore impossible This analysis bears on debates about the relation between faith and reason as well as the relation between ethics based on reason and ethics based on sentiments The book further shows that this new and original view of religiously constrained reason ought to equally inform our thinking about applied ethics such as politics law and economics *Stoic Philosophy and Social Theory* Will Johncock, 2020-05-28 This book puts recently re-popularized ancient Stoic philosophy in discussion with modern social theory and sociology to consider the relationship between an individual and their environment Thirteen comparative pairings including Epictetus and mile Durkheim Zeno and Pierre Bourdieu and Marcus Aurelius and George Herbert Mead explore how to position individualism within our socialized existence Will Johncock believes that by integrating modern perspectives with ancient Stoic philosophies we can question how internally separate from our social environment we ever are This tandem analysis

identifies new orientations for established ideas in Stoicism and social theory about the mind being present self preservation knowledge travel climate change the body kinship gender education and emotions *Echoes of Antiquity* Coyle Neal,2025-02-15 *Echoes of Antiquity Hellenistic Thought in a Politically Changing World* invites readers to explore the profound philosophical schools of the Hellenistic era It delves into the thought of the Skeptics Cynics Epicureans and Stoics revealing how their unique perspectives pursue a fulfilling life and deeper understanding of the world This book not only sheds light on the historical context of these philosophies but also connects them to modern thinkers and contemporary challenges Each chapter serves as a guide through the complexities of Hellenistic thought encouraging readers to consider why the varieties of ancient wisdom still matter today *Echoes of Antiquity Hellenistic Thought in a Politically Changing World* will guide the reader in understanding how the philosophers who lived between the times of Aristotle and Augustine attempted to make sense of their world and pointed towards pathways to a good and happy life that continue to endure

Katz,2013 This collection of primary texts introduces readers to the mystical literature of the world s great religious traditions Beginning with an introduction by Steven T Katz a leading scholar of mysticism the anthology comprises poetry prayer narrative and other writings from Jewish Christian Muslim Hindu Buddhist Taoist Confucianist and Native American traditions This

collection provides readers not only with the primary mystical texts from each religious tradition but with an explanation of the context of the source and tradition Comparative Mysticism shows how the great mystical traditions of the world are deeply rooted in the religious traditions from which they originated The contextual methodological approach taken throughout the anthology also addresses the critical question of what these mystical traditions at their highest level have in common Despite the prevailing view that mystical traditions throughout the world are essentially similar the presentation of the sources in this volume suggests that in fact the various traditions have distinct teachings and different metaphysical goals The writings collected in Comparative Mysticism address the most fundamental and important methodological epistemological and hermeneutical questions regarding the study and interpretation of mysticism and mystical sources across cultures This anthology will be an invaluable resource to students and scholars of mystic tradition for years to come
