Women of Kurdistan: A Historical and Bibliographic Study Shahrzad Mojab, Amir Hassanpour, 2021-04-19 Women of Kurdistan A Historical and Bibliographic Study documents a century long history of

Kurdish women's struggles against oppressive gender relations and state violence. It speaks to bibliographic silences on Kurdish women's silences that are systemic and structured with many factors contributing to their reproduction. The book records extensive literature on violence perpetrated by the family community and the state as well as presenting the reader with a vibrant archive of resistance and struggle of Kurdish women. The analysis avoids the fashionable state-centered scholarship which purifies processes of nation building, state building and disguises their violence. The image depicted of the women of Kurdistan in this bibliography is shaped also by the languages we have chosen: English, French, and German. It is a record of material in languages that are not spoken by the majority of the Kurds. It will therefore be different from a bibliography of works in the Kurdish language which have a majority of Kurdish authors with more entries on topics such as poetry, fiction, education, and arts. Love and learning made the making of this bibliography imaginable. It began more than 20 years ago when Amir was expanding his theoretical ground for class analysis of nationalism and peasant movement in the Kurdish region of Mukriyan. Hassanpour 2021. Simultaneously, I was engaged with debates on Marxist feminism and transnational feminism while grappling with post-al tendencies in feminism such as post-colonialism, post-structuralism, and post-modernism. We wanted to better understand the explanatory power and political implications of Marx's dialectical historical materialism in explicating the intersecting and refracting relations of gender, class, race, culture, nation, and nationalism. This commitment nonetheless did not remain in the realm of epistemology as a disembodied intellectual exercise. As a member of a dominant nation, a Shirazi-born Iranian, I wanted to critically confront this national identity and the sense of belonging. Amir sought to scrutinize patriarchal structures and gender relations in Kurdish history, society, culture, and nation. This intertwined mind and heart desire put us onto a path of renewed discoveries of our personal and intellectual relations. In a nutshell, this was the beginning of the making of *Women of Kurdistan: A Historical and Bibliographic Study*. *Women of Kurdistan* provides a meticulously researched source book for readers interested in women, gender, and sexuality in Kurdistan and the Middle East. It covers a wealth of bibliographic material including both scholarly and non-academic publications, many of which have not previously been accessible to broader audiences. But *Women of Kurdistan* is more than a source of information. It is also an eloquent reflection on the entanglement of knowledge production and political power and a call to recognize scholarship's potential in shaping historical change. Above all, it is a passionate statement about the impossibility to comprehend the intersection of colonial capitalist and nationalist forces without attention to women's lives and struggles. Marlene Schfers, British Academy Newton International Fellow, University of Cambridge. *Women of Kurdistan* is simply an excellent template for how to chronicle women's resistance politics. By framing the Kurdish women's struggles within a historical materialism under different modes of production and discussing the political influence of five different nations on the Kurdish peoples, the authors offer a rich context that surpasses the common fetishization of women's armed resistance. Internationally known for their Marxist and feminist works, Mojab and Hassanpour apply theories of nationalism, capitalism,

peasantry knowledge production and relationship between state and non state to understand the Kurdish experience while honouring the struggle voice and poetry of Kurdish women activists The book is as unapologetically critical of regional and religious hegemonies as it is of Kurdish patriarchies and is candid about the slipperiness of the concept of the ideal Kurdish woman while skeptical of the benefits of transnationalization for the women honoured in this book Afiya Zia author of Faith and Feminism Religious Agency or Secular Autonomy CONTENTS PART I THE MAKING OF THE BIBLIOGRAPHY THE STATE OF KNOWLEDGE ABOUT KURDISH WOMEN WOMEN OF KURDISTAN PART II WOMEN OF KURDISTAN A BIBLIOGRAPHIC STUDY GENERAL WORKS ARTS AND CULTURE CUSTOMS AND BELIEFS DISPLACEMENT REFUGEES AND MIGRATION EDUCATION ETHNIC FORMATIONS FEMINIST AND WOMEN S MOVEMENTS GENDER RELATIONS GENOCIDE GENDERCIDE WAR CRIMES AND CRIMES AGAINST HUMANITY GEOGRAPHY HEALTH AND MEDICINE HISTORY LANGUAGE LAW LITERATURE POLITICS RELIGION SOCIAL AND ECONOMIC ORGANIZATION WAR AND PEACE APPENDIX INDEX

The A to Z of the Kurds Michael M. Gunter, 2009-06-22 The A to Z of the Kurds covers the largest nation on Earth that does not have its own independent state Scholars government officials who are dealing with the Middle East and the Kurds the news media as well as the general reader will find this an accessible historical account about a people who are becoming increasingly important for the future of the geostrategic Middle East Maps a chronology of Kurdish history an introductory essay on the Kurds a dictionary containing several hundred entries on various aspects of the Kurdish experience and an extensive bibliography comprise this volume

Kurdish Life in Contemporary Turkey Anna Grabolle Celiker, 2015-06-19 The question of Kurdish identity and belonging is counted among the most controversial and challenging topics in modern Turkey This book cuts to the heart of this debate in an exploration of shifting Kurdish identities brought on by extensive rural urban labour migration This has shaped the lives of many rural Turkish Kurds as competing discourses on religiosity gender relations and social hierarchy redraw the boundaries of traditional life The focus of this book is migration from Kurdish villages in eastern provincial Turkey to the regional capital of Van and to Istanbul in the west what started with seasonal migration of young men in the 1980s and has resulted in whole families leaving their emptying villages behind This pattern of migration has created translocational networks through which discourses are created maintained and also challenged Village life for instance becomes discursively romanticised or disparaged depending on the situation of the migrant These networks come to consist of people who share lineage membership or origin migrants may activate these links for marriages favours and political advantage At the same time migration has led to more socio economic differentiation between Kurds and some have transcended ties based purely on ethnic origin Increased education both a motive for and a result of migration has become an instrument of linguistic assimilation as families lose Kurdish as a language of communication and a marker of ethnic differentiation Traditional social paradigms characterised by a gender age hierarchy and religious piety are challenged by and coexist with alternative gender roles and images The everyday experiences of rural

urban migrants from Van province on the south eastern borders of the country are central to this book but they are inextricably linked to conflicting discourses on Kurdishness and the place of this minority in Turkey **The Kurds**

Ascending Michael M. Gunter, 2008-07-02 For the first time in their modern history the Kurds in Iraq and Turkey at least are cautiously ascending This is because of two major reasons 1 In northern Iraq the two U S wars against Saddam Hussein have had the fortuitous side effect of helping to create a Kurdistan Regional Government KRG The KRG has become an island of democratic stability peace and burgeoning economic progress as well as an autonomous part of a projected federal democratic post Saddam Hussein Iraq If such an Iraq proves impossible to construct as it well may the KRG is positioned to become independent Either way the evolution of a solution to the Kurdish problem in Iraq is clear 2 Furthermore Turkey's successful EU candidacy would have the additional fortuitous side effect of granting that country's ethnic Kurds their full democratic rights that have hitherto been denied Although this evolving solution to the Kurdish problem in Iraq and Turkey remains cautiously fragile and would not apply to the Kurds in Iran and Syria because they have not experienced the recent developments their co nationals in Iraq and Turkey have it does represent a strikingly positive future that until recently seemed so bleak Bulletin of Bibliography ,2001 **The Kurdish Question in U.S. Foreign Policy** Lokman I.

Meho, 2004 The first ever sourcebook on U S Kurdish relations The Kurdish Question in U S Foreign Policy is a unique and timely work It not only reproduces the full text of over 325 of the most important U S government documents dealing with the Kurdish question but also provides both a guide to U S government sources for locating subsequently published materials and an annotated list of over 200 primary and secondary sources Thorough and instructive the book serves as an invaluable research tool and published national archive of U S government documents on U S Kurdish issues U S government information is crucial for any research or reading on American involvement in Kurdish affairs This sourcebook alleviates some of the problems associated with using U S government documents such as lack of access and difficulty in identifying relevant sources It educates users on where and how to find relevant U S government information on the Kurds as well as other stateless nations Detailed subject author and title indices are also included to allow easy access and identification of key materials The first ever documentary sourcebook and annotated bibliography on U S foreign policy towards the Kurds The Kurdish Question in U S Foreign Policy should appeal to all academic special and public libraries as well as among government and news agencies **Book Review Digest** ,2002 **Blood, Beliefs and Ballots** Robert W.
