Kursk The Greatest Tank Battle:

Kursk M. K. Barbier, 2002 *Kursk* Rupert Matthews, 2015-10-31 The Battle of Kursk was one of the most pivotal campaigns of World War II and Germany's final strategic offensive on the Eastern Front Soviet armies had recently occupied the city of Kursk and the Germans aimed to pinch off the salient and cut off its supply chain But Commander Erich von Manstein did not anticipate the Soviet's dramatic counter offensive resulting in one of the bloodiest encounters of the Second World War which turned the tide against Adolf Hitler Rupert Matthews narrates these dramatic events outlining the strategic situation in 1943 the breakdown in Nazi chain of command and the circumstances of the Battle of Prokhorovka one of the largest tank battles in military history Also included are A play by play account of the battle set within the context of surrounding conflict Profiles of key characters including German commander Erich von Manstein who led the offensive Powerful photographs of the battle as well as useful diagrams of the military manoeuvres The Battle of Kursk is a fascinating account of a major campaign that involved more than 3 million men 8 000 tanks 40 000 guns and 5 500 aircraft The Soviets suffered extreme casualties but their eventual victory left the road to Berlin open **Kursk: History's Greatest Tank**

Battle Nik Cornish, 2015-03-10 The greatest tank battle in history began during the early hours of 5 July 1943 and its outcome was to determine the course of the war on the Eastern Front Kursk is a detailed account of this pivotal battle when the Germans threw 900 000 men and 2500 tanks against 1 300 000 soldiers and 3000 tanks of the Red Army in a savage battle of attrition Unlike many accounts of the war on the Eastern Front Kursk draws upon both German and Russian archive material With an authoritative text and detailed maps this book is an enthralling account of one of the most decisive battles in history **Kursk 1943** Kathryn Barbier, 2002 This book begins with a study of the background of the Kursk salient and a description of events on the eastern front before the opening of the offensive The strategic importance of the Kursk is considered as well as the factors that caused the Germans to delay their offensive The Soviet's extensive defensive preparations are covered in depth as is the strength of both sides and the new equipment such as the Panther tank that the Germans were using for the first time Kursk shows how a bitter struggle developed between the German and Soviet forces which sucked in huge numbers of tanks and men into a small area so that it became the greatest armoured battle of the war

Kursk 1943 N. Kampouris, George Zouridis, Ioannis Theodoratos, Dimitrios Stavropoulos, Dimitrios Gedeon, John Varsamis, Sotiris Vourliotis, Stavros Valmas, 2009 In the summer of 1943 after two years of total war on the Eastern Front the Germans were ready to meet the Soviets on the decisive battlefield The greatest tank battle of all time proved to be the beginning of the end for the Third Reich The elite panzer formations were decimated and would never again regain their former strength Nothing could turn the fortunes of the war for the Axis and their Soviet flood was not to be stopped until the ruins of Berlin **Images of Kursk** Nik Cornish, 2002 The illustrations in this text meld the exciting historical commentary the first hand accounts of soldiers on both sides and the factual information into an atmospheric and coherent account of one

reap very high stakes indeed If Hitler s Wehrmacht smashed the Red Army he could no longer hope for a lightning conquest but the Fuhrer could expect the Soviet strongman to sue for peace on terms advantageous to Germany If conversely the Red Army triumphed Stalin could continue rallying the Soviet Union and move closer to expelling the loathed Nemets invaders from Russian soil and perhaps carve out a Soviet empire in Central Europe Asserting that changes in the military leadership style of the two contending dictators explains the outcome of Kursk oversimplifies the actual situation Logistics the emergence of a body of experienced junior officers in the Red Army American Lend Lease shipments German production problems and other issues all contributed to the observed result However the overarching factor tying everything together remained the changing approach of each leader to their army At the start of the war Hitler gave his commanders considerable initiative while Stalin fatally micromanaged his and the Germans ripped vast hordes of Soviets to shreds with comparative ease In late 1942 and moving into 1943 Hitler commenced micromanaging the Wehrmacht and Stalin adopted a more hands off approach permitting his commanders considerable initiative At the heart of the Red Army s lopsided tank losses was an amateurish and self destructive style of decision imposed by Stalin In November 1942 there was a subtle shift in the Red Army as months of military disasters finally caused Stalin to reduce some of his interference and allow quiet professionals such as Vasilevsky Vatutin and Rokossovsky to prepare proper offensives Forczyk 2013 257 Though the Wehrmacht remained too formidable and professional to collapse as readily as the appallingly low quality Red Army had in 1941 and early 1942 the Red Army slowly got the upper hand and achieved strategic offensive momentum That the shift occurred at the moment when Hitler hamstrung his generals with his melodramatic obstructionism while Stalin gave his some operational breathing room probably represents no accident Kursk represented the transitional battle during which the Red Army first demonstrated its new capabilities The Soviets possessed better commanders than at the start of the war a numerous soldiery good quality equipment in particular the T 34 tank and the beginnings of a professional officer corps Nevertheless it required personal ham handed intervention by Adolf Hitler to transform Kursk from a probable hard won Wehrmacht victory into a marginal but highly significant defeat
