establish an Asian centered approach to Gulf stability or will Asian rivalries make the region a theater of competition Will US China tensions force alignment choices among Asian powers Will Asian states balance bandwagon hedge or adopt some other approach to their Gulf relationships These questions become even more important as the western boundaries of Asia increasingly come to incorporate the Middle East The book will appeal to scholars and students in the fields of International Relations Security Studies and International Political Economy as well as area specialists on the Gulf and those working on foreign policy issues on each of the Asian countries included Professionals in government and non government agencies will also find it very useful The Open Access version of this book available at www.taylorfrancis.com has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license
