Lacan And The Political

Matthew Clarke

Lacan And The Political:

Lacan and the Political Yannis Stavrakakis, 2002-09-11 The work of Jacques Lacan is second only to Freud in its impact on psychoanalysis Yannis Stavrakakis clearly examines Lacan's challenging views on time history language alterity desire and sexuality from a political standpoint It is the first book to provide an overview of the social and political implications of Lacan's work as a whole for students coming to Lacan for the first time The first part of Lacan and the Political offers a straightforward and systematic assessment of the importance of Lacan's categories and theoretical constructions for concrete political analysis The second half of the book applies Lacanian theory to specific examples of widely discussed political issues such as Green ideology the question of democracy and the hegemony of advertising in contemporary culture

The Lacanian Left Yannis Stavrakakis, 2007-08-09 In recent years psychoanalysis especially Lacanian theory has been gradually acknowledged as a vital resource in the ongoing reorientation of contemporary political theory and analysis Of particular note is that the work of Jacques Lacan is increasingly being used by major political philosophers associated with the Left This indicates the dynamic emergence of a new theoretico political horizon that of the Lacanian Left However this field has yet to be properly conceived as a field and this is the first book to bring it into academic consciousness and to systematically draw its implications for concrete political analysis This book offers an accessible mapping of its main contours a detailed examination of the convergences and divergences between the major figures active within or at the periphery of this terrain including Slavoj Žižek Ernesto Laclau Alain Badiou and Cornelius Castoriadis and a critical evaluation of their respective arguments on social construction and the political affectivity and discourse ethics and social change and negativity and positivity Engaging with the role of affect and emotion in political life through the central Lacanian notion of enjoyment The Lacanian Left puts forward innovative analyses of political power and authority nationalism European identity consumerism and advertising culture and de democratization and post democracy It will be of value to everyone interested in exploring the potential of psychoanalysis in reinvigorating political theory critical political analysis and democratic politics

Jacques Lacan Samo Tomšič, Andreja Zevnik, 2015-09-16 A charismatic and controversial figure Lacan is one of the most important thinkers of the twentieth century and his work has revolutionized a range of fields The volume aims to introduce Lacan's vast opus to the field of international politics in a coherent and approachable manner The volume is split into three distinct sections Psychoanalysis and Politics this section will frame the discussion by providing general background of Lacan's engagement with politics and the political Lacan and the Political each chapter will focus on different key ideas and concepts in Lacan's thought including ethics justice discourse object a symptom jouissance Political Encounters seeks to represent different ways of engaging with Lacanian thought and ways of adopting it to explain and comment on global political phenomena Bringing together internationally recognised scholars in the field this volume will be an invaluable resource to students and scholars in areas including critical theory international relations political theory and political

philosophy **Lacan and the Political** Yannis Stavrakakis, 2002-09-11 The work of Jacques Lacan is second only to Freud in its impact on psychoanalysis Yannis Stavrakakis clearly examines Lacan's challenging views on time history language alterity desire and sexuality from a political standpoint It is the first book to provide an overview of the social and political implications of Lacan's work as a whole for students coming to Lacan for the first time The first part of *Lacan and the Political* offers a straightforward and systematic assessment of the importance of Lacan's categories and theoretical constructions for concrete political analysis The second half of the book applies Lacanian theory to specific examples of widely discussed political issues such as Green ideology the question of democracy and the hegemony of advertising in contemporary culture **Lacan, Politics, Aesthetics** Willy Apollon, Richard Feldstein, 1996-01-01 This is an anthology of psychoanalytic criticism applied to the wider field of cultural studies including class gender representation ideology and law

The Marx Through Lacan Vocabulary Christina Soto van der Plas, Edgar Miguel Juárez-Salazar, Carlos Gómez Camarena, David Pavón-Cuéllar, 2022-04-24 This text explores a set of key concepts in Marxist theory as developed and read by Lacan demonstrating links and connections between Marxist thought and Lacanian practice The book examines the complexity of these encounters through the structure of a comprehensive vocabulary which covers diverse areas from capitalism and communism to history ideology politics work and family Offering new perspectives on these concepts in psychoanalysis as well as in the fields of political and critical theory the book brings together contributions from a range of international experts to demonstrate the dynamic relationship between Marx and Lacan as well as illuminating untranslatable points which may offer productive tension between the two The entries trace the trajectory of Lacan's appropriation of Marx's concepts and analyses how they were questioned criticized and reworked by Lacan accounting for the wide reach of two thinkers and worlds in constant homology Each entry also discusses psychoanalytic debates relating to the concept and seeks to refine the clinical scope of Marx's work demonstrating its impact on the social and individual dimensions of Lacanian clinical practice With a practical and structured approach *The Marx through Lacan Vocabulary* will appeal to psychoanalysts and researchers in a range of fields including political science cultural studies and philosophy

Lacan and Organization Carl Cederström, Casper Hoedemaekers, 2010 The work of Jacques Lacan has become an influential source to most disciplines of the social sciences and is now considered a standard reference in literary theory cultural studies and political theory While management and organization studies has traditionally been preoccupied with questions of making corporations more efficient and productive it has also mobilized a strong and forceful critique of work management and capitalism It is primarily as a contribution to this tradition of critical scholarship that we can see the work of Lacan now emerging In this edited collection a number of organizational scholars have made common cause with political theorists and psychoanalysts Together they explore the many intersections of Lacan and organization The contributions address a series of pertinent questions What are the new templates for control in the workplace How is subjectivity produced

in contemporary organizations And how can a Lacanian reading of contemporary work politics render new insights into resistance and ethics

Lacan, Deleuze and World Politics Andreja Zevnik, 2016-02-26 This book aims to re think the way in which the subject is inscribed in the modern political and does so by exploring the potentiality of Lacano Deleuzian theoretical framework It concerns a different ontology and a non dualist understanding of political and legal existence by focusing on questions such as how to think alternative notions of political existence and what kind of political social and legal order do these come to create This investigation into political appearance of subjects through concepts of law body and life is led and influenced by the thought of Gilles Deleuze and Jacques Lacan as well as Alain Badiou Antonio Negri and Slavoj i ek The book takes on various conceptualisations of life explores the relationship between law and life and develops an alternative notion of legal and political existence in particular in the context of rights On the back of Guant namo s legal and political discourses this work aims to show why and how the problems of world politics or the limitations of human rights discourse require an engagement with questions such as what it means to exist as a human being what forms of life are politically recognised which are not and why this distinction By pointing to a different ontology for thinking and understanding global politics and demonstrating how a trans disciplinary and philosophical approaches can foster the debates in world politics this book will be of interest to postgraduates and scholars working on critical normative ideas in international politics critical security studies and critical legal studies

Psychoanalysis and the Politics of the Family: The Crisis of Initiation Daniel Tutt, 2022-02-12 Psychoanalysis and the Politics of Family aims to raise a sophisticated and highly accessible debate around the family self making and the political and cultural implications of liberation The text proposes a new way to read the Lacanian theory of Oedipus and through this reading resituate a series of important political and theoretical debates that have concerned intellectual life over the last forty years It is written with an accessible style so that both specialists in Lacanian and Marxist theory and a broader cross section of readers interested in understanding the implications of debates across populist and Marxist perspectives that have occupied the global left since the 2008 economic crash The text aims to resituate the way theories of emancipation and liberation are theorized from a distinctive psychoanalytic and Lacanian point of view In resituating the infamous Oedipus complex in a new light the text re opens a series of debates with important theoretical interlocutors including the influential American historian and psychoanalytic thinker Christopher Lasch whose thought has witnessed a significant renaissance of interest today to the staunch critic of Freud and Lacan Ren Girard to Gilles Deleuze and F lix Guattari and their widely read Anti Oedipus series that disputes the Freudian and Lacanian notions of Oedipus

Lacan Slavoj Zizek, 2020-05-05 Jacques Lacan is the foremost psychoanalytic theorist after Freud Revolutionising the study of social relations his work has been a major influence on political theory philosophy literature and the arts but his thought has so far been studied without a serious investigation of its foundations Just what are the influences on his thinking so crucial to its proper understanding In Lacan The Silent Partners Slavoj Zizek

the maverick theorist and pre eminent Lacan scholar has marshalled some of the greatest thinkers of our age in support of a dazzling re evaluation of Lacan s work Focussing on Lacan s silent partners those who are the hidden inspiration to Lacanian theory they discuss his work in relation to the Pre Socratics Diderot Hegel Nietzsche Schelling Hlderlin Wagner Turgenev Kafka Henry James and Artaud This major collection including three essays by Zizek marks a new era in the study of this unsettling thinker breathing new life into his classic work Against the Personification of Democracy Wesley C.

Swedlow,2009-11-02 Against the Personification of Democracy offers a new theory of political subjectivity that puts the dilemma of desire into the forefront By using Lacan to read key figures in political philosophy the book demonstrates why democratic theory representative or radical is not only ineffective when it comes to the best form of political cohabitation but also productive of destructive and self defeating forces The book begins with the debate between Hobbesian and Lockeian notions of subjectivity to argue that the nature of political subjectivity is a function of the problem of desire It then considers the question of the proper structure of political cohabitation in light of Hannah Arendt s insights into what happened to the stateless in World War II leading to a distinction between the person in a bare and unadorned form and the public persona that is represented in most forms of democracy Lacan is used to reread the question of political subjectivity but unlike radical democratic theory the book argues against agonistic representative and thus endless democracy Such a political formation is seen as an instigation and ultimate disappointment to desire the persona which leads to general negative outcomes including genocide concentration camps and the removal of rights Arguing against Zizek s proposal that a radical Act can save us politically the book proposes a universal political formation as the only way out of the dilemma of political desire This formation is not dependent on public personas but rooted in actual persons meeting in their locality and sovereign to no one An indispensable text for anyone interested in political theory political philosophy and democratic theory Against the Personification of Democracy critiques positive theories of sovereignty through its analysis of political subjectivity and the problem of desire More importantly it provides a truly universal theory of democratic cohabitation that escapes political desire and thus the scapegoats of democratic failure not to mention the anxiety of the impossibility of the democratic promise

Discourse Theory and Political Analysis David R. Howarth,Aletta J. Norval,Yannis Stavrakakis,2000 Drawing inspiration from the works of those such as Jacques Derrida and Michel Foucault the contributors address questions using a common theoretical language and also assess the future directions of discourse theory in the social sciences Theology and the Political Creston Davis,John Milbank,Slavoj Zizek,2005-06-17 A reassertion of the importance of theology to political action that goes beyond both liberal democratic theory and neoconservatism **Lacanian Realism** Duane Rousselle,2018-01-25 Alain Badiou has claimed that Quentin Meillassoux s book *After Finitude* Bloomsbury 2008 opened up a new path in the history of philosophy And so whether you agree or disagree with the speculative realism movement it has to be addressed Lacanian Realism does just that This book reconstructs Lacanian dogma from the ground up first by unearthing a new

reading of the Lacanian category of the real second by demonstrating the political and cultural ingenuity of Lacan's concept of the real and by positioning this against the more reductive analyses of the concept by Slavoj Žižek Alain Badiou Saul Newman Todd May Joan Copjec Jacques Rancière and others and third by arguing that the subject exists intimately within the real Lacanian Realism is an imaginative and timely exploration of the relationship between Lacanian psychoanalysis and contemporary continental philosophy **The Johns Hopkins Guide to Literary Theory and Criticism** Michael Groden, Martin Kreiswirth, Imre Szeman, 2005 Publisher Description **Lacan Contra Foucault** Nadia Bou Ali, Rohit Goel, 2018-10-18 Lacan Contra Foucault seeks to ground the divergences and confluences between these two key thinkers in relation to contemporary philosophy and criticism Specifically the topics of sexuality the theory of the subject history and historicism scientific formalization and ultimately politics In doing so the authors in this volume open up new connections between Lacan and Foucault and shine a light on their contemporary relevance to politics and critical theory **Lacan and Education Policy** Matthew Clarke, 2019-06-13 Lacan and Education Policy draws on the rich conceptual resources of Lacanian psychoanalysis Using Lacan's four discourses Matthew Clarke offers a sophisticated critique of recent education policy and the neoliberal model of political economy within which it sits including the ways in which education has been diminished and trivialised through the economic and depoliticising moves of policy Clarke articulates possibilities for thinking differently about education and education policy beyond the reductive narratives of neoliberalism He argues that psychoanalytic theory is valuable not so much for allowing us to see what education really is but for offering insights into what prevents education from being enabling us to shift our focus instead into the possibilities education offers as a space of becoming The book suggests possibilities for conceptualising and creating the other side of education Lacan and the Subject of Law David Stanley Caudill, 1997 Application of Lacan's theory to some concrete legal problems follows in the second part of the book with a series of studies including child abuse hysteria land use debates the critique of legal ideology and religion in law and politics *The Political Mind, Or, 'How to Think Differently'* Kieran Laird, 2008 Explores how contemporary developments in political theory and neuropsychology can be used to explore the political implication of the relationship between conscious and nonconscious thought **Canadian Journal of Political and Social Theory**, 1989

If you ally compulsion such a referred **Lacan And The Political** books that will find the money for you worth, acquire the agreed best seller from us currently from several preferred authors. If you desire to witty books, lots of novels, tale, jokes, and more fictions collections are furthermore launched, from best seller to one of the most current released.
