

Don Quixote

A Novel

Kathy Acker

Can a female knight defeat the evil enchanters of modern America?

In this visionary collage-novel Don Quixote is a woman on an intractable quest. Her journey takes her through American history to the final days of Nixon, passing on the way through a New York reminiscent of pre-revolutionary St. Petersburg and a brutally defamiliarized contemporary London. Here transvestites who might play at being Nazis and beautiful she-males enact the rituals of courtly love. Presiding over this late twentieth century *Leviathan* is Thomas Hobbes—the Angel of Death.

Kathy Acker's new novel is stingingly powerful, violent, extraordinary and, quite definitely, unique.

"The best of punk writers, she has an unmistakable voice that's brash, feisty, sexy, smart.... She is part Burroughs, part lovesick girl next door, and part low culture queen." —*Esquire*

"Publishing's shocking new sensation! At highest gear Acker's panicky search for language can turn suddenly beautiful." —*Vogue*

"Acker is quickly becoming the hottest, most passionate, sassy, experimental, daring darling of fiction on both sides of the Atlantic since Genet." —*Metro News*

Kathy Acker is the author of six novels. Her play, *The Birth of a Poet*, was recently produced as an opera at the Brooklyn Academy of Music. Also available from Grove Press: *Great Expectations* and *Blood and Guts in High School*.

Don Quixote Slav N. Gratchev, Howard Mancing, 2017-11-06 This book is a unique scholarly attempt to examine Don Quixote from multiple angles to see how the re accentuation of the world's greatest literary hero takes place in film theatre and literature To accomplish this task eighteen scholars from the USA Canada Spain and Great Britain have come together and each of them has brought his/her unique perspective to the subject For the first time Don Quixote is discussed from the point of re accentuation i.e. having in mind one of the key Bakhtinian concepts that will serve as a theoretical framework A primary objective was therefore to articulate relying on the concept of re accentuation that the history of the novel has benefited enormously from the re accentuation of Don Quixote helping us to shape countless iconic novels from the eighteenth century and to see how Cervantes's title character has been reinterpreted to suit the needs of a variety of cultures across time and space

Monstrous Liminality Robert G. Beghetto, 2022-01-24 This book examines the transformation of the figure of the stranger in the literature of the modern age in terms of liminality As a spectral monster that has a paradoxical and liminal relationship to both the sacred and the secular the figure of the modern stranger has played a role in both adapting and shaping a culturally determined understanding of the self and the other With the advent of modernity the stranger the monster and the spectre became interconnected Haunting the edges of reason while also being absorbed into normal society all three together with the cyborg manifest the vulnerability of an age that is fearful of the return of the repressed Yet these figures can also become re appropriated as positive symbols able to navigate between the dangerous and chaotic elements that threaten society while serving as precarious and ironic symbols of hope or sustainability The book shows the explanatory potential of focusing on the resacralizing in a paradoxical and liminal manner of traditionally sacred concepts such as messianic time and the utopian and the conflicts that emerged as a result of secularized modernity's denial of its own hybridization This approach to modern literature shows how the modern stranger a figure that is both paradoxically immersed and removed from society deals with the dangers of failing to be re assimilated into mainstream society and is caught in a fixed or permanent state of liminality a state that can ultimately lead to boredom alienation nihilism and failure These monstrous aspects of liminality can also be rewarding in that traversing difficult and paradoxical avenues they confront both traditional and contemporary viewpoints enabling new and fresh perspectives suspended between imagination and reality past and future nature and artificial In many ways the modern stranger as a figure of literature and the cultural imagination has become more complicated and challenging in the post modern contemporary age both clashing with and encompassing people who go beyond simply the psychological or even spiritual inability to blend in and out of society However while the stranger may be altering once again the defining or essentializing the figure could result in the

creation of other sets of binaries and thereby dissolve the purpose and productiveness of both strangeness and liminality The intention of Monstrous Liminality is to trace the liminal sphere located between the secular and sacred that has characterized modernity itself This space has consequently altered the makeup of the stranger from something external into a figure far more liminal which is forced to traverse this uncanny space in an attempt to find new meanings for an age that is struggling to maintain any

Reading the Obscene Jordan Carroll, 2021-11-23 With Reading the Obscene Jordan Carroll reveals new insights about the editors who fought the most famous anti censorship battles of the twentieth century While many critics have interpreted obscenity as a form of populist protest Reading the Obscene shows that the editors who worked to dismantle censorship often catered to elite audiences composed primarily of white men in the professional managerial class As Carroll argues transgressive editors such as H L Mencken at the Smart Set and the American Mercury William Gaines and Al Feldstein at EC Comics Hugh Hefner at Playboy Lawrence Ferlinghetti at City Lights Books and Barney Rosset at Grove Press taught their readers to approach even the most scandalizing texts with the same cold calculation and professional reserve they employed in their occupations Along the way these editors kicked off a middle class sexual revolution in which white collar professionals imagined they could control sexuality through management science Obscenity is often presented as self shattering and subversive but with this provocative work Carroll calls into question some of the most sensational claims about obscenity suggesting that when transgression becomes a sign of class distinction we must abandon the idea that obscenity always overturns hierarchies and disrupts social order Winner of the 2022 MLA Prize for Independent Scholars sponsored by the Modern Language Association

Pop-Feminist Narratives Emily Spiers, 2018-04-12 In Pop Feminist Narratives Emily Spiers explores the recent phenomenon of pop feminism and pop feminist writing across North America Britain and Germany Pop feminism is characterised by its engagement with popular culture and consumerism its preoccupation with sexuality and transgression in relation to female agency and its thematisation of intergenerational feminist discord portrayed either as a damaging discursive construct or as a verifiable phenomenon requiring remediation Central to this volume is the question of theorising the female subject in a postfeminist neoliberal climate and the role played by genre and narrative in the articulation of contemporary pop feminist politics The heightened visibility of mainstream feminist discourse and feminist activism in recent years especially in North America Britain and Germany means that the time is ripe for a coherent comparative scholarly study of pop feminism as a transnational phenomenon This volume provides such an account of pop feminism in a manner which takes into account the

varied and complex narrative strategies employed in the telling of pop feminist stories across multiple genres and platforms including pop literary fiction the popular guide to feminism film music and the digital

Adapting Sex on Screen Julian Preece, 2025-10-30 Sex has always been cinema's most contested territory Adapting Sex on Screen traces that battle through three once scandalous source texts Leopold von Sacher-Masoch's *Venus in Furs* 1870 Arthur Schnitzler's *La Ronde* 1900 and Frank Wedekind's *Lulu* plays 1895 1904 following the history of their reception from fin de siècle Central Europe to the USA in the twenty first century with a focus on their screen adaptations Julian Preece shows how directors such as Max Ophüls G.W. Pabst and Roman Polanski tested understanding of transgression whether in the Weimar Republic under the Hays Production Code or in the shadow of AIDS and the wake of second wave feminism His broad international corpus ranges from heritage cinema to arthouse and exploitation to Hollywood allowing him to explore the contradictions between commodification and critique and chart evolving attitudes towards alternative sexualities and minorities Preece blends adaptation and translation studies with transatlantic cultural history to show how filmmakers have both reflected and shaped social change from the first *Lulu* film made in Germany in 1917 to the most recent *La Ronde* made in New York precisely one hundred years later

The woman of the crowd Daniela Daniele, 2021-12-28 This book traces the origins of the Postmodern eclectic grammar of linguistic collision back in the Surrealist poetics of ruins Keeping in mind the images of lost direction in the big city as a central figure in the discussion of both the Modern and Postmodern aesthetics of displacement Daniele starts comparing the epiphanic encounters of the Baudelairean flâneur in metropolitan Paris in constant search for the traces of a lost symbolic order with Breton's enigmatic pursuit of Nadja the elusive sphinx in the crowd who moves in a mental territory of puzzling condensations and of ineffable objets trouvés In his visual and written work Marcel Duchamp was probably the first artist to envision the space of the crowd as a trans-urban multiple dimension a cool arena of disjunctive encounters contributing to transform the Surrealist erotic space of desire in a cooler open field of performance Deeply influenced by Duchamp's hybrid

aesthetics American Postmodern writers such as Donald Barthelme and Thomas Pynchon and the performance artist Laurie Anderson represent metropolis as a geographical incest as a plural entropic semiosphere which transcends the notion of urban community to become the tolerant receptacle of an ethnic and discursive multiplicity an electronic area of linguistic collisions translatable in new fragmented and unfinished narratives Evoking the assemblages of Abstract Expressionists the debris of Simon Rodia junk art and the hybrid language of Postmodern architecture this neo Surrealist narrative discourse transforms the epiphanic traces envisioned by the Baudelairian and Bretonian heroes in partial parodies in enigmatic fragments whose ultimate source transcends the narrator's knowledge The conceptual strategy which is constitutive of these texts implicitly asks the puzzled reader to disentangle the entropic plots immersing him in the midst of a linguistic wilderness where all opposites fact and fiction man and machine man and female enigmatically and humorously coexist

Pedagogy, Praxis, Ulysses Robert D. Newman, 1996 Ulysses as a touchstone for generating provocative ideas for innovation in teaching Poetic Revolutionaries Marion May Campbell, 2014-01-10 Poetic Revolutionaries is an exploration of the relationship between radical textual practice social critique and subversion From an introduction considering recent debates regarding the cultural politics of intertextuality allied to avant garde practice the study proceeds to an exploration of texts by a range of writers for whom formal and poetic experimentation is allied to a subversive politics Jean Genet Monique Wittig Angela Carter Kathy Acker Kathleen Mary Fallon Kim Scott and Brian Castro Drawing on theories of avant garde practice intertextuality parody representation and performance such as those of Mikhael Bakhtin Julia Kristeva Gérard Genette Margaret A Rose Linda Hutcheon Fredric Jameson Ross Chambers and Judith Butler these readings explore how a confluence of writing strategies covering the structural narratological stylistic and scenographic can work to boost a text's subversive power *Obscene Gestures* Patrick Lawrence, 2022-06-07 Drawing on sources as diverse as Supreme Court decisions nightclub comedy congressional records and cultural theory Obscene Gestures explores the many contradictory vectors of twentieth century moralist controversies surrounding literary and artistic works from Henry Miller's Tropic of Cancer to those of Toni Morrison Alice Walker Kathy Acker Robert Mapplethorpe 2 Live Crew Tony Kushner and others Patrick S Lawrence dives into notorious obscenity debates to reconsider the divergent afterlives of artworks that were challenged or banned over their taboo sexual content to reveal how these controversies affected their critical reception and commercial success in ways that were often determined at least in part by racial gender or sexual stereotypes and pernicious ethnographic reading practices Starting with early postwar touchstone cases and continuing through the civil rights feminist and LGBTQ movements Lawrence demonstrates on one level that breaking sexual taboos in literary and cultural works often comes with cultural cachet and increased sales At the same time these benefits are distributed unequally leading to the persistence of exclusive hierarchies and inequalities Obscene Gestures takes its bearings from recent studies of the role of obscenity in literary history and canon formation during the late nineteenth and early twentieth centuries extending their

insights into the postwar period when broad legal latitude for obscenity was established but when charges of obscenity still carried immense symbolic and political weight Moreover the rise of social justice movements around this time provides necessary context for understanding the application of legal precedents changes in the publishing industry and the diversification of the canon of American letters *Obscene Gestures* therefore advances the study of obscenity to include recent developments in the understanding of race gender and sexuality while refining our understanding of late twentieth century American literature and political culture
