An Independent View of The Donald J Trump Presidency William Smith, 2022-11-04 In the last four years I have been seeking answers as to why our country is so deeply divided Are we being fooled by those whom we rely on to deliver the truth about what is happening within America I believe that our government has failed us by allowing those with ulterior motives to influence our hearts and minds by commercially controlling our free enterprise system of democracy This book takes a chronological look at the inner workings of our government leading up and into Donald Trump's administration which has made him the most controversial president of my lifetime He has created a following that is every bit as fanatical about our government as he has been in the way he has shaped his administration to conform to his authority Here we have a president that was impeached twice has a long history of involvement in lawsuits plays by his own rules runs his business enterprises in an autocratic manner demands loyalty while firing those who fail to serve his needs yet can do no wrong in the eyes of his MAGA admirers Half of America loves him and half despises him Who really knows and understands Donald Trump Unfortunately we do not listen to another's position in life because we have already been conditioned to believe in what we have been told and what we have experienced ourselves We have been further hampered by the lack of information as much as by planted misinformation Finding the truth within Trump's presidency has been my obsession What I promised to do is find the cause and effect of our differences by presenting verifiably historical documentation so that readers can evaluate for themselves what is real and what is deliberate deception As an Independent voter I have called upon my conservative friends and acquaintances to present their point of view In order to Make America Great Again all we need to do

is listen to each other then speak our concerns with understanding and compassion

The Politics of Deception Capt. John Pulsinelli USN (ret), 2020-11-12

The Politics of Deception Target America addresses the age old subject of deception in politics as it has occurred throughout our nation's history with warnings we have received through scripture and iconic spiritual leaders and others concerning its menacing presence Never has its presence in our domestic and international political environments been so apparent and pervasive The hostile and polarizing state of those environments is the result of decades of deception corruption influence peddling and espionage to support the infiltration and subversion of our government educational and religious institutions and society It is much more apparent since the 2016 presidential election that we are witnessing a resurgence of the radical Left Their militant secularist and socialist ideology and agenda is being aided and abetted by elements of our own and foreign intelligence services and corrupt establishment career politicians Our nation culture and society are in peril We are currently engaged in

an uncivil and unholy war It s a war between starkly different political ideologies and visions of America s future fueled from within and outside our national boundaries by the Bolsheviks Alinsky disciples and revolutionaries of the Left The radical Left with their domestic and international allies are demons of demagoguery and deception and intend on hijacking our presidency democratic electoral process with the heart and soul of America and our wealth and freedoms The ideological battle lines between Right and Left Republican and Democrat are drawn right versus wrong light versus darkness culture of life versus culture of death individualism versus collectivism jobs versus welfare God and family first versus godless me too first spirit of Christ versus spirit of the antichrist American exceptionalism versus American mediocrity rule of law versus lawlessness less government versus more intrusive government The stakes are high the choices clear Choose wisely God bless America

Obamagate Gianluca Borrelli,2020-10-01

Obamagate un termine coniato da Trump nel maggio 2020 con un tweet e subito diventato virale in rete Gianluca Borrelli racconta il dietro le quinte dello scandalo Russia Gate la presunta collusione tra Donald Trump e la Russia per interferire nelle elezioni americane Dai documenti via via desecretati viene fuori un quadro inquietante nel quale diversi personaggi legati all'Amministrazione di Barack Obama hanno cospirato per creare una narrativa falsa contro Donald Trump in modo da impedirne l'elezione prima e da minare l'azione di governo poi John Brennan il Capo della CIA sotto Obama scrive di suo pugno nell'agosto del 2016 C l'approvazione di Hillary Clinton a proposito della proposta fatta da un suo consigliere straniero per DIFFAMARE ha scritto proprio diffamare n d r Trump creando uno scandalo riguardante l'interferenza dei servizi segreti russi Lo scopo di tutto questo era inizialmente quello di spostare l'attenzione del pubblico dallo scandalo del server privato delle email della Clinton Successivamente una volta perse le elezioni lo scopo diventato quello di minare l'azione politica di Trump e possibilmente di portarlo all'Impeachment Borelli ha scavato tra le carte di quello che potremmo definire un moderno Games of Thrones in cui tutto concesso pur di sedere sul Trono di Spade della nazione pi potente del mondo Un inchiesta accurata e puntualmente documentata che propone una visione diversa rispetto a quella ripresa dalla stampa italiana indispensabile per chiunque voglia conoscere questa vicenda con spirito critico e senza risposte preconfezionate

Ball of Collusion Andrew C. McCarthy, 2020-09-22 The real collusion in the 2016 election was not between the Trump campaign and the Kremlin It was between the Clinton campaign and the Obama administration The media Democrat collusion narrative which paints Donald Trump as cat s paw of Russia is a studiously crafted illusion Despite Clinton s commanding lead in the polls hyper partisan intelligence officials decided they needed an insurance policy against a Trump presidency Thus was born the collusion narrative built on an anonymously sourced dossier secretly underwritten by the Clinton campaign and compiled by a former British spy Though acknowledged to be salacious and unverified at the FBI s highest level the dossier was used to build a counterintelligence investigation against Trump s campaign Miraculously Trump won anyway But his political opponents refused to accept the voters decision Their collusion narrative was now peddled relentlessly by political operatives intelligence agents Justice Department officials and media ideologues the vanguard of the Trump Resistance Through secret surveillance high level intelligence leaking and tireless news coverage the public was led to believe that Trump conspired with Russia to steal the election Not one to sit passively through an onslaught President Trump fought back in his tumultuous way Matters came to a head when he fired his FBI director who had given explosive House testimony suggesting the president was a criminal suspect despite privately assuring Trump otherwise The resulting firestorm of partisan protest cowed the Justice Department to appoint a special counsel whose seemingly limitless investigation bedeviled the administration for two years Yet as months passed concrete evidence of collusion failed to materialize Was the collusion narrative an elaborate fraud And if so choreographed by whom Against media Democrat caterwauling a doughty group of lawmakers forced a shift in the spotlight from Trump to his investigators and accusers This

has exposed the depth of politicization within American law enforcement and intelligence agencies It is now clear that the institutions on which our nation depends for objective policing and clear eyed analysis injected themselves scandalously into the divisive politics of the 2016 election They failed to forge a new Clinton administration Will they succeed in bringing down President Trump

Vanity Fair,2018 **The Republican Workers Party** F.H. Buckley,2018-09-04 The Republican Workers Party is the future of American presidential politics says F H Buckley It s a socially conservative but economically middle of the road party offering a way back to the land of opportunity where our children will have it better than we did That is the American Dream and Donald Trump s promise to restore it is what brought him to the White House As a Trump speechwriter and key transition advisor Buckley has an inside view on what Make America Great Again really means how it represents a program to restore the American Dream as well as a defense of nationalism rooted in a sense of fraternity with all fellow Americans The call to greatness was a repudiation of the cruel hypocrisy of America s New Class the dominant 10 percent who deploy the language of egalitarianism while jealously guarding their own privileges The New Class talks like Jacobins but behaves like Bourbons Its members claim to support equality and social mobility but resist the very policies that promote mobility and equality a choice of good schools for everyone s children not just the well to do a sensible immigration policy that doesn t benefit elites at the expense of average Americans and regulatory reform to trim back the impediments that frustrate competitive enterprise It isn t complicated What s been lacking is political will This book pulls no punches in describing how liberals and conservatives had become indifferent to those left behind On the left identity politics offered an excuse to hate an ideological enemy On the right a tired conservatism defined itself through policies that callously ignored the welfare of the bottom 90 percent Trump told us that both Left and Right had betrayed the American people and his Republican Workers Party promises to renew the American Dream Buckley shows how it will do so
