The Roman Occupation of Iberia J J Herrero Giménez,2025-03-30 The area of Hispania this being the Roman name for the Iberian Peninsula and its provinces had a great influence on the development of the history of Ancient Rome In part this was because some of Rome s main emperors such as Trajan or Hadrian politicians including Lucius Cornelius Balbus the first consul of the Republic born outside of Italy writers and poets like Martial or Lucanus and philosophers like Seneca came from the Iberian Peninsula It was also a consequence of the enormous commercial flow that existed between the colony and the metropolis and because some of the events that took place in Hispania deeply marked Rome For this reason many of the main protagonists of its history at some point in their lives lived and fought in Hispania including such individuals as Sulla Pompey Julius Caesar and Augustus among many others Iberia became a battleground between Rome and Carthage in the Second Punic War followed by the endless bloody struggle against the Iberian and Celtic tribes that turned Hispania into a kind of Vietnam for the Romans It was also the scene of bitter fighting during the Civil Wars that led to the end of the Republic and the beginning of the Empire with the great battles between Julius Caesar and the sons of Pompey as well as the final defeat of Quintus Sertorius who had held out in Spain for over a decade There was also three years of struggle by the Emperor Augustus trying to quell the revolts of the Cantabrian tribes Lastly Spain as with other parts of the Empire had to battle the barbarian incursions Those by the Mauri came from the south while from the north poured the Goths At first they became foederati of the Romans fighting for the Empire in exchange for land but when Rome ended up collapsing the Goths occupied the space of power left by the Romans This though did not mean the disappearance of the Hispano Romans but rather that they began to collaborate with the new occupiers of Hispania and their influence and legacy can still be felt today This is seen not only through its language and culture but also through a multitude of public works and an enormous amount of historical heritage that we can still enjoy

Manana in Cuba José Azel,2010-02-23 Maana in Cuba is a comprehensive analysis

of contemporary Cuba with an incisive perspective of the Cuban frame of mind and its relevancy for Cuba's future. Part one of the book critically explores the mindset Cubans have developed living under a totalitarian system and introduces modern concepts of choice architecture and governance that can be employed in Cuba to foster a democratic civil society. Part two turns to a discussion of the principles that should guide sociopolitical and economic transition policies in line with Cuban culture and history. Maana in Cuba offers a sophisticated analysis of the challenges and opportunities that will be present in post-Castro Cuba with an eye to intelligent, nuanced and often outside the box solutions to aid business and government policymakers interested in Cuba's future. A unique aspect of this book is that it does not seek to unnaturally mend a decimated civil society but rather it offers policy approaches anchored on current Cuban ethos and society. This is a book about finding ways to facilitate the Cuban transition from totalitarianism and a centrally planned economy to liberal democracy and a free market economic system. As the author argues, the alternative visions presented for Cuba's future matter because one of them will crystallize into the sociopolitical and economic narrative of the country for generations to come.

, 2007 **Escrituras silenciadas** José Francisco Forniés Casals, Paulina Numhauser, 2013. Al hablar de Escrituras

Silenciadas nos referimos a todos aquellos textos y testimonios que han sido censurados, ocultados, prohibidos o en pocas

palabras acallados a lo largo del tiempo y los que al ser descubiertos e integrados en sus respectivas investigaciones

permiten al estudioso romper discursos contruidos de larga data y replantear viejos problemas. Precisamente esta capacidad

de innovación resulta ser el mayor atractivo que tiene el presente libro donde por primera vez hemos querido incorporar artí-

culos que plantean problemas desde la perspectiva de las nuevas tecnologías de sus silencios y prohibiciones sin olvidar el

impacto que ellas tienen en las investigaciones en curso al facilitar el acceso a textos hasta ahora fuera del alcance de los

investigadores. Las Escrituras Silenciadas pertenecen a ese tipo de temas primarios y esenciales que nadie desconoce pues

están presentes de manera persistente y clara en nuestra vida cotidiana. Baste recordar cómo cada día la prensa nos informa

de nuevos documentos que salen a luz y que nos demuestran ante nuestro estupor que detrás de la idea que nos habíamos

construido de la realidad se esconden grandes espacios vacíos que el poder en sus diferentes manifestaciones nos ha querido

ocultar. Curiosamente esta política de cercenar nuestros derechos y capacidades a documentarnos sin trabas sobre los

problemas que nos afectan resulta ser un asunto poco analizado y discutido en la academia donde en muy escasas ocasiones el problema se ha explorado en toda su dimensión y trascendencia El presente libro espera contribuir a subsanar esta carencia
