Behold the Man Peter S. Williams, 2024-06-18 After a substantial new essay examining the nature of a properly
 skeptical historical inquiry into Jesus of Nazareth in the context of contemporary worldviews from pre modernism to meta

 as Divine within decades of the crucifixion and an evaluation of recent arguments about the dating of the Fourth Gospel to
 debunking claims about Jesus and ancient aliens and furthering debate about the resurrection With a foreword by eminent

Fletcher, 2013-11-13 *Preaching to Convert* offers an intriguing new perspective on the outreach strategies of U S evangelicals. Author John Fletcher frames these activities from door to door proselytizing to the spirited sermons of superstar televangelists as examples of activist performance broadly defined here as acts performed before an audience in the hopes of changing hearts and minds. Most writing about activist performance has focused on left progressive causes, events and actors, and if evangelicals have appeared at all they often appear as one dimensional forces of ignorance or bigotry against which brave left leaning activists must fight. *Preaching to Convert* argues against such a constricted view of activism and for a more nuanced understanding of U S evangelicalism as a movement defined by its desire to win converts and spread the gospel. In other words evangelicals are activist performers par excellence. The book positions evangelicals as a diverse, complicated group confronting the loss of conservative Christianity's default status in twenty first century U S culture. In the face of an increasingly secular age evangelicals have been reassessing models of outreach. In acts like handing out Bible tracts to strangers on the street or going door to door with a Bible in hand, in elaborately staged horror themed morality plays or multi million dollar creationist discovery centers in megachurch services beamed to dozens of satellite campuses and in controversial ex gay ministries striving to return gays and lesbians to the straight and narrow evangelicals are redefining what it means to be deeply committed in a pluralist world. The book's engaging style and careful argumentation make it accessible and appealing to scholars and students across a range of fields.

The Great Return Jamie Franklin, 2025-03-13

The decline in Secular Western morality can only be halted and reversed by a full return to Christianity. Many people have a sense that the Western World is in decline and that our society is fragmenting around us. Many people have an ominous sense that we are living at the end of a civilised age and are moving into something far less pleasant and humane. But fewer people understand why this is happening. In this new book Jamie Franklin argues that the reason for this decline is because we have jettisoned the underlying belief system that gave birth to the Western world and the Western mind in the first place: Christianity. He argues that there is a logical and inevitable link between the decline of Christianity and the decline of the West. As our metaphysical commitment to Christianity declines so does our commitment to the benefits that came to us from Christianity. Through captivating argument he demonstrates how this plays out in the scientific realm which has abandoned objectivity for dogmatism, in the ethical realm which is eliminating humanity from its own formulations, and in the political scene as it moves away from the democratic principle towards a neo marxist influenced nihilistic technocracy that threatens to eliminate human culture, distinctiveness and agency in the pursuit of a globalist utopia. In so doing Franklin touches on contemporary political conversations that are exercising the public imagination such as abortion, euthanasia, transhumanism and the rebirth of the totalitarian impulse in Western democracies. Only a revival of Christianity can reverse these trends. This book urges the Church to take seriously its own commitment to the metaphysical and ethical presuppositions of its own faith. But also acknowledges the great challenge that Christianity faces as it threatens to be overwhelmed by the rising tide of

secular nihilism that may yet engulf the Western World **Popular Mechanics** ,2000-01 Popular Mechanics inspires instructs and influences readers to help them master the modern world Whether it s practical DIY home improvement tips gadgets and digital technology information on the newest cars or the latest breakthroughs in science PM is the ultimate guide to our high tech lifestyle **Popular Mechanics** ,2000-01 Popular Mechanics inspires instructs and influences readers to help them master the modern world Whether it s practical DIY home improvement tips gadgets and digital technology information on the newest cars or the latest breakthroughs in science PM is the ultimate guide to our high tech lifestyle **Yoga Journal** ,1990-03 For more than 30 years Yoga Journal has been helping readers achieve the balance and well being they seek in their everyday lives With every issue Yoga Journal strives to inform and empower readers to make lifestyle choices that are healthy for their bodies and minds We are dedicated to providing in depth thoughtful editorial on topics such as yoga food nutrition fitness wellness travel and fashion and beauty **Popular Mechanics** ,2000-01 Popular Mechanics inspires instructs and influences readers to help them master the modern world Whether it s practical DIY home improvement tips gadgets and digital technology information on the newest cars or the latest breakthroughs in science PM is the ultimate guide to our high tech lifestyle Popular Mechanics ,2000 **Canadian Periodical Index** ,2000 *UFOs for the 21st Century Mind* Mr. Richard Dolan,2022 **UFOs** ,1993 **Aliens** David Barclay,1995 *World Internet UFO Directory* Lingua Forum,□□□,2005-04 Skywatchers and more casual UFO enthusiasts will delight in this comprehensive up to date directory of UFO related web sites and compendium of 21st century intelligence on the flying saucer menace New information on the Roswell incident is provided along with a country by country listing of 21st century UFO sightings and details on up close UFO encounters around the world Fresh material on UFOs in legend and mythology in addition to maps photos drawings and a discussion of sci fi topics such as time travel nanotechnology and underground bases will further tantalize the UFO researcher *UFOs* Michael David Hall,1999
