invented the idea of a British Empire envisioning fledgling America as the new Atlantis himself as Merlin and Elizabeth as Arthur But as Jason Louv explains Dee was suppressed from mainstream history because he spent the second half of his career developing a method for contacting angels After a brilliant ascent from star student at Cambridge to scientific advisor to the Queen Dee with the help of a disreputable criminal psychic named Edward Kelley devoted ten years to communing with the angels and archangels of God These spirit communications gave him the keys to Enochian the language that mankind spoke before the fall from Eden Piecing together Dee s fragmentary Spirit Diaries and scrying sessions the author examines Enochian in precise detail and explains how the angels used Dee and Kelley as agents to establish a New World Order that they hoped would unify all monotheistic religions and eventually dominate the entire globe Presenting a comprehensive overview of Dee s life and work Louv examines his scientific achievements intelligence and spy work imperial strategizing and Enochian magick establishing a psychohistory of John Dee as a singular force and fundamental driver of Western history Exploring Dee s influence on Sir Francis Bacon the development of modern science 17th century Rosicrucianism the 19th century occult revival and 20th century occultists such as Jack Parsons Aleister Crowley and Anton LaVey Louv shows how John Dee continues to impact science and the occult to this day The Magical Scribe: I Rev. SKINNER,2019-09-30 The Sourcework of Dee s Enochian Magic transcribed from his original manuscript with literally thousands of corrections *Theatre, Magic and Philosophy* Gabriela Dragnea Horvath,2017-07-06 Analyzing Shakespeare s views on theatre and magic and John Dee s concerns with philosophy and magic in the light of the Italian version of philosophia perennis mainly Marsilio Ficino Pico della Mirandola and Giordano Bruno this book offers a new perspective on the Italian English cultural dialogue at the Renaissance and its contribution to intellectual history In an interdisciplinary and intercultural approach it investigates the structural commonalities of theatre and magic as contiguous to the foundational concepts of perennial philosophy and explores the idea that the Italian thinkers informed not only natural philosophy and experimentation in England but also Shakespeare s theatre The first full length project to consider Shakespeare and John Dee in juxtaposition this study brings textual and contextual evidence that Gonzalo an honest old Counsellor in *The Tempest* is a plausible theatrical representation of John Dee At the same time it places John Dee in the tradition of the philosophia perennis accounting for what appears to the modern scholar the conflicting nature of

his faith and his scientific mind his powerful fantasy and his need for order and rigor and clarifies Edward Kelly's role and creative participation in the scrying sessions regarding him as co author of the dramatic episodes reported in Dee's spiritual diaries Finally it connects the Enochian Angelic language to the myth of the Adamic language at the core of Italian philosophy and brings evidence that the Enochian is an artificial language originated by applying creatively the analytical instruments of text hermeneutics used in the Cabala
