Carlo Pruneti, 2019-09-30 Sono innumerevoli i testi reperibili che trattano l'argomento della alimentazione umana e dei disturbi del comportamento alimentare. Perch' quindi un nuovo libro sull'argomento. A che pro? A parte il pi o meno sano narcisismo dell'autore di libri che quasi sempre ha la pretesa di fare pi e meglio degli altri, questa rivisitazione completa di un libro gi a suo tempo dato alle stampe ora aggiornato anche secondo quelle che sono le indicazioni del DSM 5 contiene qualcosa di particolare. Una attenzione al momento diagnostico qui inteso come presa di contatto e tentativo di comprensione della persona che ha un problema, una sofferenza, una sindrome organica, psicologica o mista. L'analisi con metodiche scientificamente valide del caso clinico, dall'osservazione al colloquio, all'anamnesi, alle metodiche di analisi laboratoristiche o psicofisiologiche che tutte possono offrire preziosi dati per lo scopo finale della diagnosi, la prognosi, ovvero una sorta di previsione in questo caso con possibilit scientifiche di verifica. La messa in atto di questo insieme di metodologie fa s che anche i trattamenti, siano essi farmacologici, psicoterapeutici o misti, possano efficacemente essere valutati nella loro efficacia sino alla auspicabile guarigione. Si parla infine non solo di alimentazione e dei suoi disturbi, ma secondo l'opinione dell'autore in maniera pertinente di sovrappeso e sottopeso, volendo qui sottolineare che l'approccio multidimensionale e multidisciplinare che viene proposto nel testo possa essere allargato a tutta quella serie di disturbi che provocano alterazioni pi o meno consistenti nella silhouette, dall'obesit a sindromi come quella di Cushing, l'amenorrea ipotalamica, l'ovaio policistico. Sono infine stati raccolti una serie di casi clinici esplicativi tratti dall'esperienza diretta dell'autore che possono guidare il lettore ad una migliore comprensione del quanto spiegato nel testo. Per chi utile quindi questo testo. Esagerando un po' forse un po' per tutti quelli che sono interessati ad approfondire questo tema, poi a tutti gli studenti universitari che si laureano in discipline sanitarie e sociali specializzandi psichiatri e psicoterapeuti e all'interno della formazione continua a tutti i professionisti del settore.

manifestazioni maschili e femminili Questa pubblicazione raccoglie gli atti di tale evento un'occasione preziosa che ha riunito accademici attivisti professionisti e pensatori da vari settori ognuno portando al tavolo delle discussioni prospettive diversificate L'intento del convegno era duplice da un lato esaminare le tradizionali categorie di maschile e femminile alla luce delle sfide poste da una società in rapido cambiamento dall'altro esplorare le implicazioni di queste categorie per le identità e le espressioni di genere soprattutto per quanto riguarda la comunità LGBT il cui vissuto si colloca spesso ai margini delle narrazioni dominanti Queste sessioni hanno offerto uno spazio vitale per interrogare e talvolta smantellare le concezioni tradizionali di genere spingendo i partecipanti a considerare nuove modalità di pensare e vivere la diversità La varietà degli approcci presentati ha arricchito il dibattito facendo emergere non solo le tensioni esistenti tra le varie interpretazioni del genere ma anche le possibili vie per una maggiore inclusività e comprensione reciproca Le relazioni hanno spaziato dall'analisi teorica delle strutture di genere nelle società moderne alla testimonianza diretta delle esperienze di coloro che vivono quotidianamente la fluidità di tali categorie Questo volume si propone quindi come un contributo significativo alla letteratura su genere e sessualità offrendo una panoramica dettagliata delle discussioni attuali e mettendo in luce sia le difficoltà incontrate nella lotta per l'uguaglianza sia i progressi compiuti verso una società più accogliente Ogni capitolo fedele al pensiero del suo autore contribuisce a un mosaico più ampio che riflette la complessità delle questioni di genere e la loro incessante evoluzione Come curatore di questo lavoro ho cercato di preservare l'integrità intellettuale e la passione che hanno caratterizzato il convegno sperando di trasmettere al lettore sia la gravità che l'urgenza di continuare a discutere e agire in favore di un cambiamento positivo In un'epoca in cui le questioni di genere sono spesso oggetto di polarizzazione quest'opera vuole essere un invito al dialogo costruttivo e all'empatia strumenti indispensabili per affrontare e superare le divisioni Invito quindi il lettore a immergersi nelle pagine che seguono con un atteggiamento aperto e critico consapevole che ogni contributo ha il potenziale non solo di informare ma anche di trasformare E forse proprio in questo scambio continuo di idee risiede la vera promessa di un futuro in cui la dignità e il rispetto per ogni individuo prescindono dal genere diventino la norma piuttosto che l'eccezione
