E drejta penale e Republikës Popullore Socialiste të Shqipërisë, 1983 Aggravated Murder by Albanian Canons
Naser Sopjani, 2011-12 Scientific Essay from the year 2011 in the subject Law Criminal process Criminology Law
Enforcement language English abstract Murder is a penal act that erases all life functions of the person it is the most serious crime committed against this inalienable and essential right Traditional Albanian Law that is identified with Canon and mainly with Canon of Leka it s very important to be treated in relation with murder In this project I will treat the Aggravated murder topic based on three main canons applied throughout Albanian areas as Canon of Leke Dukagjini North Canon of Skenderbeu Mid and Canon of Laberia South of Albanian populated areas The vast importance to treat Aggravated murders based on Canon stands that often is rumored that it is reacted based on Canon but the truth is different Often people for their benefits often financial benefit often called upon respecting the moral manhood of their family and relatives and respecting the rules of the Canon they have misused the norms rules of the Canon and adopt it to their needs The Canons have harshly condemned the murder As the institution for the blood revenge against the perpetrator his family and relatives existed at the same time was established the institute for forgiveness as a solid ground for Murder prevention and as a solution to stop the revenge that could last forever and for generations I believe that this modest seminar will be beneficial to those dealing with different legal social and other fields of the studies

Responsibility to Protect Rama Mani, Thomas G. Weiss, 2013-03-01 This volume explores in a novel and challenging way the emerging norm of the Responsibility to Protect R2P initially adopted by the United Nations World Summit in 2005 following significant debate throughout the preceding decade This work seeks to uncover whether this norm and its founding

values have resonance and grounding within diverse cultures and within the experiences of societies that have directly been torn apart by mass atrocity crimes The contributors to this collection analyze the responsibility to protect through multiple disciplines philosophy religion and spirituality anthropology and aesthetics in addition to international relations and law to explore what light alternative perspectives outside of political science and international relations shed upon this emerging norm In each case the disciplinary analysis emanates from the global South and from scholars located within countries that experienced violent political upheaval Hence they draw upon not only theory but also the first hand experience with conscience shocking crimes Their retrospective and prospective analyses could and should help shape the future implementation of R2P in accordance with insights from vastly different contexts Offering a cutting edge contribution to thinking in the area this is essential reading for all those with an interest in humanitarian intervention peace and conflict studies critical security studies and peacebuilding

ad un esame dettagliato del sistema procedurale attinente alle investigazioni il regime delle intercettazioni del controllo della corrispondenza le forme speciali di monitoraggio dei soggetti sospettati o degli ambienti in ordine ai quali si hanno fondati motivi per ritenere che si svolgano attività con finalità terroristiche ecc Una particolare attenzione viene dedicata infine al trattamento delle vittime del terrorismo e all'istituto del risarcimento dei danni verso le stesse in entrambi i paesi Oltre ad analizzare l'effettività delle discipline antiterrorismo in Francia e Albania nonché la loro compatibilità con la tutela dei diritti fondamentali dell'individuo l'opera si conclude con una serie di raccomandazioni de lege ferenda che potrebbero risultare utili per il miglioramento non solo delle legislazioni di entrambi i paesi ma anche della disciplina antiterrorismo a livello internazionale *Bazat e shtetit dhe të së drejtës R.P.
