CDM Regulations 2007 Procedures Manual Stuart D. Summerhayes, 2009-01-21 This Procedures Manual provides a documentation system which has been developed by a practising CDM coordinator for use with the Construction Design and Management Regulations 2007. It addresses the full range of obligations on all parties for compliance with the statutory requirements and features flow charts, checklists, model forms. The revised Third Edition of the Manual reflects the extensive changes to the CDM Regulations 2007 including the new role of CDM coordinator, wider and more onerous duties on clients, changes to the design process, wider requirements for competence, integration of duty holder roles. The Manual also takes account of the 2007 Approved Code of Practice. It will function as a control document for quality assurance purposes.

Chinese Maritime Cases Martin Davies, Jiang Lin, 2022-01-28 This book selects leading innovative and influential Chinese maritime judgments and presents full translation of them with brief summary to the readers so that they can have insights of how the Chinese maritime judges interpret, apply and develop Chinese maritime law in practice. China trades with other states in trillions of USD every year and about 95% of the cargoes are carried by ocean going ships calling at hundreds of Chinese ports each single day. Due to the enormous and steadily growing trade volume and shipping activities, foreign ships, companies and persons are often caught by the Chinese maritime law and court. The parties involved and their lawyers are more than ever enthusiastic to study Chinese maritime cases in order to deal with their own cases properly or if possible predict the potential problems and avoid the disputes.
