Description :

‘It’s not often that you’ll find an article or book that explains what you need to know in such plain, simple terms. Treasure it’- Andrew Farrell, Doctoral Researcher, Loughborough University
‘Entertaining and authoritative without being patronising’- Professor Chris Hackley, Royal Holloway, University of London
‘This is a gem of a book from two of the outstanding management researchers of their generation. Easy to read and entertaining, yet rigorous and comprehensive in its approach, this book will be adopted as an essential aid for students undertaking final year projects, masters dissertations, and as a primer for doctoral researchers’- Professor Graham Hooley, Aston University
‘This book will fill a vital gap for post graduate research’- Professor Rod Brodie, University of Auckland

Doing Business Research A Guide To Theory And Practice

Ying-Ying Zheng

Doing Business Research A Guide To Theory And Practice:

Doing Business Research : A Guide To Theory And Practice Nick Lee, 2010-12-09 This is not just another book about research methods This is a book that has been long awaited in the business research community a book that holistically addresses the entire research process from the nature of research and knowledge to the final results and will become a requisite text for anyone involved in doing a research project With an advanced undergraduate postgraduate doctoral readership in mind as well as those approaching research as an instructor Nick Lee with Ian Lings has taken on the often disparate elements of research methodology and brought together an integrated accessible and humorous account explaining why research methods are the way they are and how researchers do what they do This book doesn't just show you the basics it will ultimately empower you to place a magnifying glass on all elements of your research Unique in its nature and scope **Doing Business Research** offers an essential discussion of philosophical and theoretical matters central to conceptualising the nature of your research as well as a pragmatic guide to why things are important and how but which also offers a huge range of considerations that the reader can use to develop their research project and even better a unique resource book providing extensive further reading and bringing together original viewpoints from over 30 outstanding scholars at all stages of their careers from postgraduate to professor An essential and open minded text
