core needs so they're freed, fueled and inspired to bring the best of themselves to work every day. Drawing on extensive work with an extraordinary range of organizations among them Google, Ford, Sony, Ernst & Young, offset emotionally draining experiences with practices that fuel resilience, move between a narrow focus on urgent demands and more strategic creative thinking and balance a short-term focus on immediate results with a values-driven commitment to serving the greater good. At the organizational level, he outlines new policies, practices and cultural messages that Schwartz's client companies have adopted. *The Way We're Working Isn't Working* offers individuals, leaders and organizations a highly practical, proven set of strategies to better manage the relentlessly rising demands we all face in an increasingly complex world. **Artist Within** Whitney Ferre, 2008-10-24 If you can spill paint, this book will help you turn your creative potential into reality.
