Gulliver's Travels describes the four voyages of Lemuel Gulliver a ship's surgeon In Lilliput he discovers a world in miniature towering over the people and their city he is able to view their society from the viewpoint of a god However in Brobdingnag a land of giants tiny Gulliver himself comes under observation exhibited as a curiosity at markets and fairs In Laputa a flying island he encounters a society of speculators and projectors who have lost all grip on everyday reality while they plan and calculate their country lies in ruins Gulliver's final voyage takes him to the land of the Houyhnhnms gentle horses whom he quickly comes to admire in contrast to the Yahoos filthy bestial creatures who bear a disturbing resemblance to humans
