Handbook Of Nonprescription Drugs 15th Edition:

Handbook of Non-prescription Drugs, 2004 **Drugs and Society** Glen Hanson, Peter Venturelli, Annette Fleckenstein, 2009 The Tenth Edition of *Drugs and Society* clearly illustrates the impact of drug use and abuse on the lives of ordinary people and provides students with a realistic perspective of drug related problems in our society. Written in an objective and user friendly manner, this best selling text continues to captivate students by incorporating personal drug use and abuse experiences and perspectives throughout. Statistics and chapter content have been revised to include the latest information on current topics. *Ansel's Pharmaceutical Dosage Forms and Drug Delivery Systems* Loyd Allen, 2014-01-30 Long established as a trusted core text for pharmaceuticals courses, this gold standard book is the most comprehensive source on pharmaceutical dosage forms and drug delivery systems available today. Reflecting the CAPE APhA and NAPLEX competencies, *Ansel's Pharmaceutical Dosage Forms and Drug Delivery Systems* covers physical pharmacy, pharmacy practice, pharmaceuticals compounding, and dosage forms, as well as the clinical application of the various dosing forms in patient care. This Tenth Edition has been fully updated to reflect new USP standards and features a dynamic new full color design, new coverage of prescription flavoring, and increased coverage of expiration dates. **Handbook of**

Nonprescription Drugs Rosemary R. Berardi, 2002 This reference aims to cover all the options available to the self treating patient. It takes an interactive approach to teaching students how to assess a disorder and recommend self care options based on clinical studies of safety and effectiveness and on patient factors and preferences. This 13th edition also provides practitioners with access to OTC drug information, assessment techniques, treatment algorithms, and patient counselling information. There are 48 chapters by 61 academics and practitioners from multiple health care fields. The index lists major topics of each disorder, as well as generic and trade names of non prescription products and dietary supplements.

Handbook of Nonprescription Drugs American Pharmaceutical Association, 2000 Consumers today are increasingly more likely to treat their illnesses with OTC drug products without seeking advice from a physician. And advice about OTC medication is frequently sought from a pharmacist prior to a doctor's visit. APhA's *Handbook of Nonprescription Drugs* 12th Edition is the essential resource to enhance your ability to provide consumers with OTC product and related information. Now in one easy to use volume, pharmacy students, practitioners, and other health professionals will find the most comprehensive discussion of nonprescription treatment ever presented. Completely updated, the *Handbook of Nonprescription Drugs* 12th Edition focuses on an integrated therapeutic approach to providing pharmaceutical care to self treating patients by emphasizing the following processes: Patient Assessment discusses customized patient interview questions and physical assessment techniques. Patient interview is presented in a question and answer format to provide a more effective approach to patient triage. Triage focuses on the decision making process that indicates either medical referral or self treatment. Self Care Options includes OTC products, preventive and non-drug measures, and alternative remedies such as herbal products and

other dietary supplements as well as homeopathic products Product Evaluation and Comparison compares the safety and efficacy of products and uses patient factors and preferences in selecting the appropriate product Patient Counseling emphasizes the objectives of the treatment the information patients should know about their disorder and the appropriate use of OTC medications or other remedies and Evaluation of Patient Outcomes includes information on assessing the patient's progress in meeting therapeutic goals as well as the monitoring parameters used to measure the progress
