businesses transformation Behind this method is a deceptively simple idea managers and management scholars must first take the pulse of a real business get its case history diagnose its problems and only then solve them Invented by the scholars who launched Harvard Business School this medical model will still cure companies today Damningly during the last thirty years business schools embraced the presumptions of economists game theorists and other calculators of abstraction The solving of real world real time problems has atrophied and stagnated In this book renowned scholar and emeritus professor Jay W Lorsch marshals evidence history and insights from his more than fifty year career at Harvard Business School to make the case for a return to the medical model the practices of listening observing and testing in which the fields of human relations and organizational behavior are rooted By telling the history of the development of his field Lorsch demonstrates how the medical model emerged in the years before World War II and for decades helped managers management scholars and consultants diagnose and solve the problems besetting companies large and small Explaining the case studies that define the practice he discusses how the model has been refined and reapplied by later generations and how it can continue to address issues such as diversity leadership competition and optimal corporate board structures

Case Method Series, 1965 An Insider Perspective on Implementing the Harvard Case Study Method in Business Teaching Karim S. Rebeiz, 2011 This paper provides practical guidance on the implementation of the CSM case study method using the HBS Harvard Business School model The analysis is based on the first hand experience of the author as a user and implementer of this mode of instruction The results are further validated with surveys given to MBA Master of Business Administration students and interviews given to HBS faculty members The idea behind the CSM is to simulate a real case business scenario with the surrounding facts and constraints As it is the case in the real world the students operate in an environment in which they assume the role of managers who maneuver under pressure and make decisions with the understanding that their decisions could result in irreversible consequences Ultimately the HBS method intends to condition the students to become future managers through the acquisition of a combination of functional skills e g strategic management skills conceptual skills e g decision making skills interpersonal skills e g teamwork skills and leadership skills e g communication skills Contains 3 tables *Case Studies* Harvard Business School, University of Navarra.
