High Rise Novel J G Ballard:

High-Rise: A Novel J. G. Ballard, 2012-04-16 Class war erupts in a luxurious high rise apartment building **High-Rise** J. G. Ballard, 2016-05-13 The classic novel of luxury and depravity now a major motion picture From the author of the celebrated dystopian classics *Kingdom Come* *The Drowned World* and *The Drought* *High Rise* is a prescient story of class warfare The film adaptation by acclaimed director Ben Wheatley *Sightseers* *Kill List* features Academy Award winner Jeremy Irons BAFTA Award nominees Tom Hiddleston and Sienna Miller Luke Evans and Golden Globe Award winner Elisabeth Moss When explosive loyalties form inside a luxurious apartment block isolated from the rest of society modern elevators become fierce battlegrounds and cocktail parties degenerate into marauding attacks on enemy floors In this chilling tale humanity slips into violent reverse as once peaceful residents driven by primal urges re create a world ruled by the laws of the jungle

High-rise J. G. Ballard, 1975 *High-Rise* Mike Bonsall, 2014-02-09 With its forty floors and thousand apartments its supermarket and swimming pools bank and junior school all in effect abandoned in the sky the high rise offered more than enough opportunities for violence and confrontation JG Ballard *High Rise* Ballard was always an intensely visual writer and in the novel *High Rise* he gave detailed descriptions of the tower block itself and the floor locations of nearly a hundred residents Using Google SketchUp I created my own vision of the tower block and all of the residents whose floors are mentioned See the video version and my other Ballard inspired work here <http://fentonville.co.uk/digitalballard/> **J. G. Ballard** D. Harlan Wilson, 2017-11-10 Prophetic short stories and apocalyptic novels like *The Crystal World* made J G Ballard a foundational figure in the British New Wave Rejecting the science fiction of rockets and aliens he explored an inner space of humanity informed by psychiatry and biology and shaped by surrealism Later in his career Ballard's combustible plots and violent imagery spurred controversy even legal action while his autobiographical 1984 war novel *Empire of the Sun* brought him fame D Harlan Wilson offers the first career spanning analysis of an author who helped steer SF in new if startling directions Here was a writer committed to moral ambiguity one who drowned the world and erected a London high rise doomed to descend into savagery and coolly picked apart the characters trapped within each story Wilson also examines Ballard's methods his influence on cyberpunk and the ways his fiction operates within the sphere of our larger culture and within SF itself **J.G. Ballard** Michel Delville, 1998 Michel Delville has produced in this volume the first book length study of J G Ballard's literary output and commentaries on contemporary culture **The Empire's of J. G. Ballard** David Ian Paddy, 2015-08-25 J G Ballard once declared that the most truly alien planet is Earth and in his science fiction he abandoned the traditional imagery of rocket ships traveling to distant galaxies to address the otherworldliness of this world *The Empires of J G Ballard* is the first extensive study of Ballard's critical vision of nation and empire of the political geography of this planet Paddy examines how Ballard's self perceived status as an outsider and exile the Sheppertonian from Shanghai generated an outlook that celebrated worldliness and condemned parochialism This book brings to light how Ballard wrestled

with notions of national identity and speculated upon the social and psychological implications of the post war transformation of older models of empire into new imperialisms of consumerism and globalization Presenting analyses of Ballard s full body of work with its tales of reverse colonization psychological imperialism the savagery of civilization estranged Englishmen abroad and at home and multinational communities built on crime *The Empires of J G Ballard* offers a fresh perspective on the fiction of J G Ballard *The Empires of J G Ballard An Imagined Geography* offers a sustained and highly convincing analysis of the imperial and post imperial histories and networks that shape and energise Ballard s fictional and non fictional writings To what extent can Ballard be considered an international writer What happens to our understanding of his post war science fictions when they are opened up to the language and logics of post colonialism And what creative and critical roles do the spectres of empire play in Ballard s visions of modernity Paddy follows these and other fascinating lines of enquiry in a study that is not only essential reading for Ballard students and scholars but for anyone interested in the intersections of modern and contemporary literature history and politics Jeanette Baxter Anglia Ruskin University Shanghai made my father Arriving in England after WW2 he was a person of the world who d witnessed extremes of human experience and remained the outsider observing life from his home in Shepperton 1930s Shanghai Paris of the East was a mix of international sophistication and violence unfettered capitalism and acute poverty American cars martinis and Coca Cola a place marked by death and war It had a profound influence on my father and his imagination Dr Paddy s fascinating book explores my father s fiction within an international context and offers a profound reading of a man who always kept his eyes and mind open to the world Fay Ballard

Posthuman Subjectivity in the Novels of J.G. Ballard Carolyn Lau,2023-07-28 This book proposes that Ballard s novels extrapolate the formation of a posthuman subjectivity that is centred around an affirmative understanding of what a human body can do This new subjectivity transforms constraints and prescribed desires into creative openings in a hyper mediated control society that conditions docile bodies through technology and consumerism Set in surrealist predicaments in postwar affluent Western societies Ballard s novels remind us of the fragile veneer of order in the familiar every day In these moments of crisis complacent characters are compelled to undergo a process of defamiliarisation and transformation of their understanding of the self and the body The ability to form new relationships with the unfamiliar is imperative to survival in a hostile environment Ballard delineates both the possibilities and obstacles of forming these relationships In particular the author attributes the failure to do so to the irreconcilable contradictions of late capitalism

J. G. Ballard: Visions and Revisions J. Baxter,R. Wymer,2011-11-10 Providing an extensive reassessment of dominant and recurring themes in Ballard s writing including historical violence pornography post 9 11 politics and urban space this book also engages with Ballard s late modernism his experimentation with style and form and his sustained interests in psychology and psychopathology

J.G. Ballard Andrzej Gasiorek,2024-07-30 This book offers a comprehensive account of the work of J G Ballard regarded by several critics as one of the most significant fiction writers of recent times

Ballard's early science fiction writing earned him plaudits as one of the most innovative and individual voices in the field but his development as a writer has taken him far beyond the confines of any single genre This book traces Ballard's career from his early science fiction short stories and novels to his most recent work particularly his timely reflections on the role of violence in contemporary social life It argues that Ballard's writing is characterised by a distinctive vision of the post war world and its possible futures and suggests that his far reaching analyses of the present age make him one of the indispensable commentators of our time **Identification Practices in Twentieth-Century Fiction** Rex

Ferguson, 2021-07-14 The task of identifying the individual has given rise to a number of technical innovations including fingerprint analysis and DNA profiling A range of methods have also been created for storing and classifying people's identities such as identity cards and digital records Identification Practices and Twentieth Century Fiction tests the hypothesis that these techniques and methods as practiced in the UK and US in the long 20th century are inherently related to the literary representation of self identity from the same period Until now the question of who one is in the sense of formal identification has remained detached from the question of who one is in terms of the representation of unique individuality Placing these two questions in dialogue allows for a re evaluation of the various ways in which uniqueness has been constructed during the period and for a re assessment of the historical and literary historical context of such construction In chapters ranging across the development of fingerprinting the institution of identity cards during the Second World War DNA profiling and contemporary digital surveillance and an analysis of writing by authors including Joseph Conrad Graham Greene Elizabeth Bowen J G Ballard Don DeLillo and Jennifer Egan Identification Practices and Twentieth Century Fiction makes an original contribution to the disciplines of English Literature History and Cultural Studies **The Late-Career**

Novelist Hywel Dix, 2017-08-10 The first scholarly study of the phenomenon of the late career novel this book explores the ways in which bestselling contemporary novelists look back and respond to their earlier successes in their subsequent writings Exploring the work of major novelists such as Angela Carter V S Naipaul Salman Rushdie Ian McEwan Julian Barnes A S Byatt and Graham Swift The Late Career Novelist draws for the first time on social psychology and career construction theory to examine how the dynamics of a literary career play out in the fictional worlds of our best known novelists From here Hywel Dix develops and argues for a new mode of reading contemporary writing on the contexts of current literary culture **The Promise of Welfare in the Postwar British and Anglophone Novel** Kelly M. Rich, 2023 A study of the

literature of the Second World War and its aftermath focusing on the welfare state and wartime visions of rebuilding Britain

Madness in Post-1945 British and American Fiction C. Baker, P. Crawford, Brian Brown, Maurice Lipsedge, R. Carter, 2010-10-14 A comprehensive and thematic exploration of representations of madness in postwar British and American Fiction this book is relevant to those with interests in literary studies and is a vital read for psychiatric clinicians and professionals who are interested in how literature can inform and enhance clinical practices **Future Nostalgia** Shelton
