McLucas,2014-06-20 This book provides a state of the art review of the technical and clinical aspects of the vascular
interventional radiological IR procedures currently employed in obstetrics and gynaecology A particular focus is on uterine
artery embolisation for fibroid disease which is contrasted with the main alternative uterus conserving surgical approach of
myomectomy and with ablation therapy Detailed consideration is also given to the role of embolisation in a variety of other
less common conditions including arteriovenous malformations post partum haemorrhage abnormal placentation and pelvic
congestion syndrome IR procedures are examined from a critical gynaecological perspective and with regard to surgical
alternatives The authors include leading interventional radiologists and gynaecologists from the United Kingdom Europe and
