Historical Dictionary Of Somalia New Edition

Margaret Castagno

Historical Dictionary Of Somalia New Edition:

Historical Dictionary of Somalia Mohamed Haji Mukhtar, 2003-02-25 Despite advances in modern communication and the proliferation of information there remain areas of the world about which little is known One such place is Somalia The informed public is aware of a political meltdown and consequent chaos there but few comprehend the causes of this tragic crisis This new edition covers Somalia's origin history culture and language as well as current economic and political issues The alphabetical arrangement of this Dictionary with a complete chronology list of acronyms and in depth bibliography provide useful information about the country in a convenient format A vital addition to reference collections supporting undergraduate and graduate programs on Africa and the Middle East international relations and economics a useful fact filled compendium for government and public libraries NGO's and other special libraries *Making Sense of Somali History* Abdullahi, Abdurahman, 2017-09-18 In the last three decades Somalia has been associated with such horrible terms as state collapse civil wars foreign intervention warlordism famine piracy and terrorism This depiction was in contradiction to its earlier images as the cradle of the human race the kernel of ancient civilizations the land of Punt a homogeneous nation state and the first democratic state in Africa So how did things fall apart in the country This Volume 1 of a two volume narrative Dr Abdullahi explores the history of the people of Somali peninsula since ancient times the advent of Islam and colonialism the rise and fall of Somali nationalism and the perspectives of the Somali state collapse The book uses a unique thematic approach and analysis to make sense of Somali history by emphasizing the responsibility of Somali political elites in creating and perpetuating the disastrous conditions in their country *Historical Dictionary of Somalia* Margaret Castagno, 1975

Routledge Handbook of Islamic Ritual and Practice Oliver Leaman, 2022-06-08 Ritual and practice are one of the most distinctive features of religion and they are linked with its central beliefs Islam is no exception here and this Handbook covers many aspects of those beliefs and practices It describes the variety of what takes place but mainly why and what the implications of both the theory and practice have for our understanding of Islam The book includes accounts of prayer food pilgrimage mosques and the various legal and doctrinal schools that exist within Islam with the focus on how they influence practice The volume is organized in terms of texts groups practices places and others An attempt has been made to discuss the wide range of Muslim ritual and practice and provide a sound guide to this significant aspect of the religious life of one of the largest groups of believers in the world today *Historical Dictionary of Yemen* Charles Schmitz, Robert D. Burrowes, 2017-10-25 Yemen has experienced wrenching changes that have transformed the country in yet unknown ways The country exploded in a popular revolution against the long time rule of Ali Abdallah Saleh While the country appeared to slip toward civil war Yemeni political elite rallied with international backers to put together a transitional government with a plan to revise the country's constitution The transitional government began with a cautious sense of optimism and the prospect of substantial change for the better but ended in collapse because of a failure to govern The politics of the street

overran an ineffective transitional government that could not address the urgent concerns of Yemeni citizens for security and jobs. Instead, populist leaders exploited people's dissatisfactions and threw the country into civil war. The Houthi organization covertly allied with its former enemy Ali Abdallah Saleh to overthrow the transitional government and declare war on the rest of the country. Saleh seems unable to conceive of life outside of the Presidential Palace, and his Houthi allies appear to believe they are destined to rule. Unfortunately, those opposed to Saleh and the Houthis also seem unable to provide effective rule in spite of massive backing from the Gulf States. The incompetence, infighting, and incoherence of the Hadi government bode equally ill for the future of the country. The one hope may be that a new generation of Yemeni leaders emerges to displace the dismal failures of this one. This third edition of *Historical Dictionary of Yemen* contains a chronology, an introduction, appendixes, and an extensive bibliography. The dictionary section has over 1000 cross-referenced entries on important personalities, politics, economy, foreign relations, religion, and culture. This book is an excellent resource for students, researchers, and anyone wanting to know more about Yemen.

Feasting on History James De Lorenzi, 2025-07-15 During the brutal Italian occupation of Ethiopia, 1936-1941, the country descended into endless counterinsurgency and mass violence, which specifically targeted local intellectuals with the sanction of Italy's leading experts. Yet these atrocities followed decades of dialogue between Ethiopian and Italian researchers, and in the postcolonial era, their successors continued to debate Ethiopia's past and future as survivors and perpetrators. This historical reckoning unfolded against the backdrop of Third World liberation, disputed colonial guilt, and the search for postcolonial justice. *Feasting on History* is a wide-ranging intellectual history of the Italian-Ethiopian relationship, told through the intertwined lives of Heruy Wold Sellas, an Ethiopian writer and civil servant, and Enrico Cerulli, an Italian Orientalist and colonial official. It takes place on the battlefields and detention sites of fascist empire, within the evolving institutions of the international system, and throughout the interlinked intellectual worlds of Europe, Africa, and the African diaspora. James De Lorenzi documents the violence perpetrated by experts across these spaces, as well as the pioneering Ethiopian effort to address the crimes of empire through international law. He also explores a distinctive European tradition of Africa-focused Orientalism and its critical reception by Ethiopian, African, and Black American scholars, reconstructing a bold multilingual commentary on colonial knowledge, self-determination, and the global color line. Challenging conventional narratives of African and European intellectual history, *Feasting on History* vividly illuminates the links among weaponized research, colonial trauma, and the modern international order.

Historical Dictionary of Yemen Robert D. Burrowes, 2010 A small and extremely poor Islamic country, Yemen is located on the edge of the Arab world in the southernmost corner of the Arabian Peninsula. It was the product of the unification of the Yemen Arab Republic and the People's Democratic Republic of Yemen in May 1990. The location of the two Yemens on the world's busiest sea lane at the southern end of the Red Sea, where Asia almost meets Africa, gave them strategic significance from the start of the age of imperialism through the Cold War. More vital today is the fact that Yemen

shares a long border with oil rich Saudi Arabia and is a key to efforts both to spread and to end global revolutionary Islam and its use of terror The second edition of the Historical Dictionary of Yemen has been thoroughly updated and greatly expanded Through its list of acronyms and abbreviations a chronology an introductory essay a bibliography and over 800 cross referenced dictionary entries greater attention has been given to foreign affairs economic institutions and policies social issues religion and politics

Heads of States and Governments Since 1945 Harris M. Lentz, 2014-02-04 More than half the nations that exist today have gained their independence since 1945 During this period over 2 300 individuals have ruled the various nations of the world this encyclopedia offers insight into the history of individual nations through the lives of their leaders Outstanding Academic Book

Insights into Sufism Ruth J. Nicholls, Peter G. Riddell, 2020-07-31 Sufism has long constituted one of the most powerful drawcards to people embracing Islam This book considers a broad range of questions relating to Sufism including its history manifestations in various countries and communities its expression in poetry women and Sufism and expressions among popular spirituality In addition the volume challenges the long held view of Sufism as being necessarily peaceful through a consideration in one paper of Sufis engaging in violent Jihad The book works at the interface between the scholarly and the practical using rigorous methodology to ensure that its findings are reliable while also giving attention to how Sufi thinking impacts the daily lives of Sufis This represents an original and important dimension of this study given the significant role played by Sufis throughout Islamic history in enriching discussion of intellectual and charismatic questions as well as informing popular practice among Folk Muslims
