Showing Students the Forest Ashley Colburn,2009 *Beyond the Modern University* Marcus P. Ford,2002-11-30 The modern university which has its origins in 18th and 19th century Germany is currently at war within itself It seeks to portray itself on the one hand as an engine of economic development and on the other hand as existing for the sake of disinterested scholarly reflection and as a repository for human culture The author outlines an entirely different conception of what the university must become if it is to be a force for good in the world The author contends that the modern university actively participates in the breakdown of human communities and the destruction of the natural world He identifies the university's commitments to academic disciplines philosophical materialism and economism the modern faith that infinite economic growth is both possible and desirable as the roots of its negative impact and calls for changes that would make the university a powerful agent for good in the world Medieval Europe and the World Beyond Gloria K. Fiero,1995 The Resources of the Past in Early Medieval Europe Clemens Gantner,Rosamond McKitterick,Sven Meeder,2015-02-05 This volume examines the use of the textual resources of the past to shape cultural memory in early medieval Europe

Islands in History and Representation Rod Edmond,VANESSA SMITH,2020-10-28 This innovative collection of essays explores the ways in which islands have been used imagined and theorised both by island dwellers and continentals This study considers how island dwellers conceived of themselves and their relation to proximate mainlands and examines the fascination that islands have long held in the European imagination The collection addresses the significance of islands in the Atlantic economy of the eighteenth century the exploration of the Pacific the important role played by islands in the process of decolonisation and island oriented developments in postcolonial writing Islands were often seen as natural colonies or settings for ideal communities but they were also used as dumping grounds for the unwanted a practice which has continued into the twentieth century The collection argues the need for an island based theory within postcolonial studies and suggests how this might be constructed Covering a historical span from the eighteenth to the twentieth century the contributors include literary and postcolonial critics historians and geographers

Perfect Enemy Dean T. Olson,2009 On September 11 2001 America's 700 000 law enforcement officers were forcefully introduced to a new era in policing after Islamist terrorists perpetrated the most savage and horrific terrorist violence ever on American soil In spite of the post 9 11 proliferation of information about Islamist terrorism many law enforcement officers remain uninformed about the nature scope and reality of this threat Even the FBI America's lead law enforcement agency in the struggle against Islamist terrorism fails to arm its

agents with accurate and comprehensive information to understand this patient merciless and fanatical foe This manual was prepared to address this knowledge void by explaining the underlying politico religious motivations that drives Islamist terrorism It contains chapters that explain Islamist terrorism and describe the history of Islam and the Prophet Muhammad The tenets of Islam and the ideology used to justify terrorist atrocities ranging from suicide homicide bombings in Israel to the slaughter of school children in Beslan Russia are documented The history of Jihad the oldest and most successful international Islamist group in the world and how this group has established an effective subversive apparatus in America that works tirelessly to dismantle our democratic freedoms is described The text explains that by using a soft form of Jihad this group seeks to destroy Western ideals and democracy with the goal of replacing them with a fascist totalitarian ideology to obtain world domination and the forced imposition of a seventh century politico religious system of law The radicalization process that can lead apparently well integrated Muslim citizens to terrorism is discussed including the Taliban and al Qaeda terrorist groups A summary of comprehensive information detailing the Islamist groups active within America and the dangers they pose to Homeland Security is provided In addition the Appendices contain an Arabic Name Analysis Ritual Prayer Salat Jihad Holy War Verse in the Koran Jihad campaigns in history The Last Night letter by Muhammad Atta who was the leader in the 9 11 attacks and an explanatory memorandum on the general strategic goal for the Muslim Brotherhood in North America Perfect Enemy provides unbiased and accurate information to acquaint our law enforcement officers and Homeland Security officials with the Islamist mindset and threat Knowing our adversaries is a fundamental first step in defeating their violent intentions and ensuring our survival peace and safety Publisher *Teaching American History in a Global Context* Carl J. Guarneri, Jim Davis, 2015-07-17 This comprehensive resource is an invaluable teaching aid for adding a global dimension to students understanding of American history It includes a wide range of materials from scholarly articles and reports to original syllabi and ready to use lesson plans to guide teachers in enlarging the frame of introductory American history courses to an international view The contributors include well known American history scholars as well as gifted classroom teachers and the book s emphasis on immigration race and gender points to ways for teachers to integrate international and multicultural education America in the World and the World in America in their courses The book also includes a Views from Abroad section that examines problems and strategies for teaching American history to foreign audiences or recent immigrants A comprehensive annotated guide directs teachers to additional print and online resources
