Marking the "Invisible" Andrea M. Hawkman, Sarah B. Shear, 2020-04-01 Substantial research has been put forth calling for the field of social studies education to engage in work dealing with the influence of race and racism within education and society Branch 2003 Chandler 2015 Chandler Husband 2010 King Ladson Billings 2003 Ooka Pang Rivera Ladson Billings 2003 Woyshner Bohan 2012 In order to challenge the presence of racism within social studies research must attend to the control that whiteness and white supremacy maintain within the field This edited volume builds from these previous works to take on whiteness and white supremacy directly in social studies education In *Marking the Invisible* editors assemble original contributions from scholars working to expose whiteness and disrupt white supremacy in the field of social studies education We argue for an articulation of whiteness within the field of social studies education in pursuit of directly challenging its influences on teaching learning and research Across 27 chapters authors call out the strategies deployed by white supremacy and acknowledge the depths by which it is used to control manipulate confine and define identities communities citizenships and historical narratives This edited volume promotes the reshaping of social studies education to support the histories experiences and lives of Students and Teachers of Color challenge settler colonialism and color evasiveness develop racial literacy and promote justice oriented teaching and learning Praise for *Marking the Invisible* As the theorization of race and racism continues to gain traction in social studies education this volume offers a much needed foundational grounding for the field From the foreword to the epilogue *Marking the Invisible* foregrounds conversations of whiteness in notions of supremacy dominance and rage The chapters offer an opportunity for social studies educators to position critical theories of race such as critical race theory intersectionality and settler colonialism at the forefront of critical examinations of whiteness Any social studies educator researcher concerned with the theorization or teaching of race should engage with this text in their work Christopher L Busey University of Florida

The Trouble with Textbooks Gary A. Tobin, Dennis R. Ybarra, 2008-01-01 Our elementary middle and high school teaching about Jews Judaism and Israel is driven by textbook misstatements about Jewish theology social structure and the history of Israel that comprise an unsavory picture of Jews and Israel This book will be an extremely valuable reference tool for educators and members of the public interested in religion and the Middle East

Bringing in the Future William Ascher, 2009-10-15 Humans are plagued by shortsighted thinking preferring to put off work on complex deep seated or difficult problems in favor of quick fix solutions to immediate needs When short term thinking is applied to economic development especially in fragile nations the results corruption waste and faulty planning are often disastrous In *Bringing in the Future* William Ascher draws on the latest research from psychology economics institutional design and legal theory to suggest strategies to overcome powerful obstacles to long term planning in developing countries Drawing on cases

from Africa Asia and Latin America Ascher applies strategies such as the creation and scheduling of tangible and intangible rewards cognitive exercises to increase the understanding of longer term consequences self restraint mechanisms to protect long term commitments and enhance credibility and restructuring policy making processes to permit greater influence of long term considerations Featuring theoretically informed research findings and sound policy examples this volume will assist policy makers activists and scholars seeking to understand how the vagaries of human behavior affect international development

El-Hi Textbooks & Serials in Print Bowker Editorial Staff,2004-02 **Children's Books in Print, 2007**,2006 **But I Don't See Color** Terry Husband,2016-07-25 Racism is still very prevalent and pervasive in all aspects of the P 12 educational experience in the United States Far too many teachers and administrators continue to respond to this challenge by applying colorblind perspectives and approaches This edited volume provides a broad and comprehensive critique of colorblindness in various educational contexts In an attempt to advocate for a more color conscious approach to education this book deals with a wide range of issues related to teaching learning curriculum creativity assessment discipline implicit bias and teacher education There are three distinct features that make this book so important and relevant given the current social and racial climate in U S schools today First each chapter in this book draws from a plethora of different theoretical perspectives related to race and racism In this sense readers are equipped with variety of robust theoretical perspectives to better understand this complicated issue of racism in schools Second this book communicates issues of race and racism through multiple voices Unlike other books on race and racism where the central voice is that of a researcher or scholar this book centralizes the voices and perspectives of researchers teachers and teacher educators alike As a result readers are better able to understand issues of race and racism in schools from a more nuanced perspective Finally unlike other books related to race and racism in schools this book provides readers with practical strategies for combating racism in their respective educational contexts

World Cultures & Geography, Grades 6-8 Reading Study Guide Eastern Hemisphere Bednarz,2002 **Revitalizing Political Psychology** William Ascher,Barbara Hirschfelder-Ascher,2004-11-16 The goal of this book is to recapture the diminished roles of affect psychological needs and the psychodynamic mechanisms that are crucial for understanding political behavior by explaining and extending the contributions of Harold D Lasswell the dominant figure in political psychology in the mid twentieth century Although Lasswell was best known for applying psychodynamic theories to politics this book also demonstrates how his framework accommodated for cognitive processes and social interactions ranging from communications to policy making The authors use Lasswell s contributions and the debates over his ideas as a springboard for examining current policy political and leadership issues Revitalizing Political Psychology presents and extends four aspects of Lasswell s contributions to the field the psychodynamic mechanisms drawn from psychoanalytic theory the use of symbol associations to understand political propaganda the analysis of democratic character for both the public and the elites and the structure of belief systems In so doing the authors link personality and

political communication theory to democratic practice The authors also critique leadership studies using Lasswell s concerns over the risks to democratic accountability and the current preoccupation with strengthening the roles of charismatic and transformational leaders Intended for researchers practitioners and students in the areas of political and historical psychology political strategy and political communication the book s emphasis on psychodynamics also appeals to psychoanalysts and the material on leadership appeals to professionals in management and industrial organizational psychology
