Brooks Bouson, 2012-02-01 Haunted by the memories of her powerfully destructive mother Jamaica Kincaid is a writer out of necessity Born Elaine Potter Richardson Kincaid grew up in the West Indies in the shadow of her deeply contemptuous and abusive mother Annie Drew Drawing heavily on Kincaid s many remarks on the autobiographical sources of her writings J Brooks Bouson investigates the ongoing construction of Kincaid s autobiographical and political identities She focuses attention on what many critics find so enigmatic and what lies at the heart of Kincaid s fiction and nonfiction work the mother mystery Bouson demonstrates through careful readings how Kincaid uses her writing to transform her feelings of shame into pride as she wins the praise of an admiring critical establishment and an ever growing reading public Jamaica Kincaid Moira Ferguson, 1994 As a writer who has been quoted as saying she writes to save her life that is she couldn t write she would be a revolutionary Antiguan novelist Jamaica Kincaid translates this passion into searing exhilarating prose Her weaving of history autobiography fiction and polemic has won her a large readership In this first book length study of her work Moira Ferguson examines all of Kincaid s writing up to 1992 focusing especially o their entwinement of personal and political identity In doing so she draws a parallel between the dynamics of the mother daughter relationship in Kincaid s fiction and the more political relationship of the colonizer and the colonized Ferguson calls this effect the doubled mother a conception of motherhood as both colonial and biological

Jamaica Kincaid and Caribbean Double Crossings American Comparative Literature Association, 2006 Original versions of these contributions were presented at the 2002 conference of the American Comparative Literature Association in San Juan Puerto Rico *A Character in Transition: The Theme of Reinventing One's Self in Jamaica Kincaid's Work "Lucy"* Nadine Röpke, 2006-07-10 Seminar paper from the year 2004 in the subject American Studies Literature grade 2.0 Humboldt University of Berlin Amerikanistisches Institut course HS Postcolonial Theory Literature and Gender language English abstract Introduction The autobiographical novel *Lucy* was written by Jamaica Kincaid in 1990 The author who was born in 1949 on the Caribbean island of Antigua is one of the representative figures of postcolonial literature which has been gaining

prominence since the 1970s With the appearance of the work *The Empire Writes Back* Theory and Practice in Post Colonial Literatures written by Bill Ashcroft Gareth Griffiths and Helen Tiffin in 1989 the popularity of the term Postcolonialism grew even more The definition of the term is still widely discussed but in general postcolonial literature deals with the effects of colonization on the colonized people and society after the end of colonization The term post indicates that Postcolonialism is relating to the time following the establishment of independence in a colony That means the time after the colonial powers have left the country and the time of colonization is over Nevertheless the issues of Postcolonialism are so many sided that they often transcend a strict definition of the term which is therefore used much more loosely in practice Postcolonial themes not only discuss the period after the departure of the imperial powers but also deal with the time before independence Major issues are the oppression of the indigenous people by the imperial powers the gaining of independence the impact of colonization on postcolonial history and culture the search for personal and national identity but also the economic dependency of the postcolony on its former colonizers Thus some critics even question the term Postcolonialism since it indicates that the period when the colony was dependent on its colonizers is over They argue that most former colonies are still or even again economically dependent on the mother country that colonized them Those neocolonial forms of oppression and exploitation are probably caused by globalization which means by the increasing mobility of goods services labour technology and capital throughout the world

Jamaica Kincaid Lizabeth Paravisini-Gebert,1999-09-30 With the publication of her novel *Annie John* in 1985 Jamaica Kincaid entered the ranks of the best novelists of her generation Her three autobiographical novels *Annie John* *Lucy* and *Autobiography of My Mother* and collection of short stories *At the Bottom of the River* touch on the universal theme of coming of age and the female adolescent's need to sever her ties to her mother

This angst is couched in the social landscape of post colonial Antigua a small Caribbean island whose legacy of racism affects Kincaid's protagonists Her fiction rewrites the history of the Caribbean from a West Indies perspective and this milieu colors the experiences of her characters Following a biographical chapter Paravisini Gebert traces the development of Kincaid's craft as a writer Each of the novels and the collection of short stories is discussed in a separate chapter that includes sections on plot character theme and an alternate critical approach from which to read the novel such as feminist A complete primary and secondary bibliography and lists of selected reviews of Kincaid's work complete the study **Jamaica Kincaid's**
