The Practice of Narrative: Storytelling in a Global Context Michael Heitkemper-Yates, 2019-01-04 This volume was first published by Inter Disciplinary Press in 2016 Story can have a power and presence that stretches beyond the vast unspeakable boundaries of time and space and yet story can also have a delicate impermanence that lasts no longer than a moment before it flashes back into the void Some stories can bring people together other stories can tear entire civilisations apart Stories express and enliven experience stories project and describe the desires and anxieties of existence Stories can be narrated through written word and physical gesture through graphic illustration and musical orchestration through the spatial dynamics of architecture and the abstract poetics of conjecture For these and myriad other reasons storytelling and narrative are central to humanity and the study of these practices is central to an understanding of what it means to be human In this volume the many narrative dimensions media and critical approaches to storytelling are explored with the common intention of comprehending and appreciating the global role that story plays in the articulation of human experience

Children's Literature: A Very Short Introduction Kimberley Reynolds, 2011-10-06 In this lively discussion Kim Reynolds looks at what children s literature is why it is interesting how it contributes to culture and how it is studied as literature Providing examples from across history and various types of children s literature she introduces the key debates developments and people involved

Beyond the Book Bridget Carrington, 2014-01-06 November 2012 saw the joint annual conference of the British branch of the International Board on Books for Young People IBBY UK and the MA course at the National Centre for Research in Children s Literature NCRCL at Roehampton University The theme of the conference was the investigation of aspects of literature for children that were Beyond the Book From woodcuts to e books children s literature has always lent itself to reinterpretation and expansion In its early days this was achieved through different forms of retelling through illustration and interactive illustration pop ups and flaps and then through music film television and stage adaptation The contributors to the 2012 conference explored the variety of means by which we transform literature intended for children and celebrated the vibrant

world of creativity that has sought and continues to seek different ways in which to engage young readers Bridget Carrington and Jennifer Harding have previously collaborated as the editors of earlier IBBY UK NCRCL MA conference proceedings *Going Graphic Comics and Graphic Novels for Young People Conflicts and Controversies Challenging Children's Literature and It Doesn't Have to Rhyme Children and Poetry* Pied Piper Publishing 2010 2011 2012 **On Offence** Richard King, 2013-08-26 A lively and passionate defence of reasoned debate Everyone has taken and given offence anyone who claims they haven't is either lying or uniquely tolerant Yet in recent years offence has become more than an expression of annoyance it's now a form of political currency Politicians and religious leaders have mastered the art of indignation to motivate their supporters or deflect unwanted attention and the news cycle has become increasingly dominated by reports on these tiny tempests In this provocative account Richard King explores how the politics of offence is poisoning public debate With hurt feelings being paraded like union banners we've ushered in a new mood of censoriousness self-pity and self-righteousness Unofficial censorship has even led to official censorship blowing the dust off old blasphemy laws we are moving forward into the past Yet King contends that freedom of speech is meaningless without the freedom to offend and that the claim to be offended should be the beginning of the argument not the end of it Politeness is a noble quality and decorum will always have its place But when respect comes at the cost of honest criticism it's time for us to think again
