Ma Jian Red Dust:

Red Dust Jian Ma, 2002 Part memoir part travelogue this volume shows Ma Jian's skills as novelist poet and painter It brings the people and places alive on the page while his personal story offers an insight into Chinese society since the death of Mao *Red Dust* Ma Jian, 2002-11-12 In 1983 at the age of thirty dissident artist Ma Jian finds himself divorced by his wife separated from his daughter betrayed by his girlfriend facing arrest for Spiritual Pollution and severely disillusioned with the confines of life in Beijing So with little more than a change of clothes and two bars of soap Ma takes off to immerse himself in the remotest parts of China His journey would last three years and take him through smog choked cities and mountain villages from scenes of barbarity to havens of tranquility Remarkably written and subtly moving the result is an insight into the teeming contradictions of China that only a man who was both insider and outsider in his own country could have written

The Dark Road Ma Jian, 2013-06-13 From one of world literature's most courageous voices a novel about the human cost of China's one child policy through the lens of one rural family on the run from its reach Far away from the Chinese economic miracle from the bright lights of Beijing and Shanghai is a vast rural hinterland where life goes on much as it has for generations with one extraordinary difference normal parents are permitted by the state to have only a single child The Dark Road is the story of one such normal family Meili a young peasant woman her husband Kongzi a village schoolteacher and their daughter Nannan Kongzi is according to family myth a direct lineal descendant of Confucius and he is haunted by the imperative to carry on the family name by having a son And so Meili becomes pregnant again without state permission and when local family planning officials launch a new wave of crackdowns the family makes the radical decision to leave its village and set out on a small rickety houseboat down the Yangtze River There is a dark road and tragedy awaits them and horror but also the fierce beauty born of courageous resistance to injustice and inhumanity The Dark Road is a haunting and indelible portrait of the tragedies befalling women and families at the hands of China's one child policy and of the human spirit's capacity to endure even the most brutal cruelty While Ma Jian wrote The Dark Road he traveled through the rural backwaters of southwestern China to see how the state enforced the one child policy far from the outside world's prying eyes He met local women who had been seized from their homes and forced to undergo abortions or sterilization in the policy's name and on the Yangtze River he lived among fugitive couples who had gone on the run so they could have more children that most fundamental of human rights Like all of Ma Jian's novels The Dark Road is also a celebration of the life force of the often comically stubborn resilience of man's most basic instincts

Literary and Cultural Representations of the Hinterlands Ewa Kęłowska-Ławniczak, Dominika Ferens, Katarzyna Nowak-McNeice, Marcin Tereszewski, 2023-12-22 This interdisciplinary collection explores the diverse relationships between the frequently ignored and inherently ambiguous hinterlands and their manifestations in literature and culture Moving away from perspectives that emphasize the marginality of hinterlands and present them as devoid of agency and cultural currency this collection assembles a series of original

essays using various modes of engagement to reconceptualize hinterlands and highlight their semiotic complexity Apart from providing a reassessment of hinterlands in terms of their geocultural significance this book also explores hinterlands through such concepts as nostalgia heterotopia identity formation habitation and cognitive mapping with reference to a wide geographical field Literary and filmic revisions of familiar hinterlands such as the Australian outback Alberta prairie and Arizona desert are juxtaposed in this volume with representations of such little known European hinterlands as Lower Silesia and Ukraine and the complicated political dimension of First World War internment camps is investigated with regard to Kapuskasing Ontario Rural China and the Sussex Downs are examined here as writers retreats Inner city hinterlands in Haiti India Morocco and urban New Jersey take on new meaning when contrasted with the vast hinterlands of megacities like Johannesburg and Los Angeles The spectrum of diverse approaches to hinterlands helps to reinforce their multilayered and multivocal nature as spaces that defy clear categorization

At the Edge of Empire Edward Wong,2024-06-25 Winner of the Baifang Schell Book Prize 2025 Orwell Prize Finalist One of The Washington Post s 50 Notable Nonfiction Books of 2024 A sprawling complex morality tale sweeping us along The Wall Street Journal In telling this personal story about family memory exile and return the book also takes in the breadth of China s evolution during the 20th century The Washington Post This book s power comes from Wong s broad sense of the patterns of Chinese history reflected in the lives of a father and son and from his ability to toggle effortlessly between the epic and the intimate Gal Beckerman The Atlantic Edward Wong s exquisite family chronicle achieves a level of humane illumination that only one of America s finest reporters on China could deliver In tracing his father s journey from Hong Kong to Xinjiang to America Wong gives us a profound story of modern China itself Anyone who once was absorbed by the power of Wild Swans will savor this meditation on memory history and belonging Evan Osnos author of Age of Ambition winner of the National Book Award One of Foreign Policy s Most Anticipated Books of 2024 An epic story of modern China that weaves a riveting family memoir with vital reporting by the New York Times diplomatic correspondent The son of Chinese immigrants in Washington DC Edward Wong grew up among family secrets His father toiled in Chinese restaurants

and rarely spoke of his native land or his years in the People's Liberation Army under Mao. Yook Kearn Wong came of age during the Japanese occupation in World War II and the Communist revolution when he fell under the spell of Mao's promise of a powerful China. His astonishing journey as a soldier took him from Manchuria during the Korean War to Xinjiang on the Central Asian frontier. In 1962, disillusioned with the Communist Party, he made plans for a desperate escape to Hong Kong. When Edward Wong became the Beijing bureau chief for The New York Times, he investigated his father's mysterious past while assessing for himself the dream of a resurgent China. He met the citizens driving the nation's astounding economic boom and global expansion and grappling with the vortex of nationalistic rule under Xi Jinping, the most powerful leader since Mao. Following in his father's footsteps, he witnessed ethnic struggles in Xinjiang and Tibet and pro-democracy protests in Hong Kong. And he had an insider's view of the world's two superpowers meeting at a perilous crossroads. Wong tells a moving chronicle of a family and a nation that spans decades of momentous change and gives profound insight into a new authoritarian age transforming the world. A groundbreaking book, *At the Edge of Empire*, is the essential work for understanding China today.

[44 Days Backpacking in China: The Middle Kingdom in the 21st Century, with the United States, Europe and the Fate of the World in Its Looking Glass](#) Jeff J. Brown, 2022-09-04

Praise for *44 Days*: What if Alexis de Tocqueville were fluent in Mandarin and traveling through China by backpack and bullet train? He would record every encounter and analyze China's national character with remarkable lucidity. He would produce a book full of telling insights that functioned like a five-dimensional chess game. It would be a guide book, travel companion, memoir, political history, and plain old pleasure for someone who likes their prose with pith in it. Oklahoma's latter-day Tocqueville, Jeff J. Brown, is one hell of a good story teller, and traveling with him deep into China is an adventure not to be missed. Thomas Bass, author of *The Spy Who Loved Us*, *Vietnam: America Camping with the Prince*, *Reinventing the Future*, and *The Eudaemonic Pie*. *44 Days* is a delightful romp through a changing China, and Jeff Brown is an excellent guide. John Pomfret, author of *Chinese Lessons*, *Five Classmates*, and *The Story of the New China*. *44 Days* is a fascinating exploration of the people of China and the land in which they live. Brown is very knowledgeable of China's government and the country's millennia-old history. He obviously enjoys not just his travels but the people he meets. While he journeys, we journey with him. Jeff Brown is an intelligent, articulate, and entertaining writer, and *44 Days* is absolutely enthralling. I highly recommend it. Mick Winter, author of *Cuba for the Misinformed*, *Facts from the Forbidden Island*. Much more than just a travelogue, *44 Days* is an intimate dialogue with China's peoples, their histories, regions, economies, cultures, work, foods, and future. Unabashedly iconoclastic and a contrarian's delight, Jeff brings down many a golden calf as he writes as few travelers do, putting China's relations and rapid arc of development in perspective with the United States and Europe, making *44 Days* a fascinating and unique approach to today's critically important world affairs. Traveling over 12,000 km by train and bus, walking hundreds more while climbing a few of those in vertical ascent, join Jeff as he reports from the ground up on the greatest socioeconomic transformation ever seen. 21st
