Managing Change A Strategic Approach To Organisational Dynamics:

Managing Change Bernard Burnes, 2004 *Managing Change* examines the concept and practice of change within the broader context of the history literature and theories of management. The main approaches on strategy development, management and leadership are linked to the processes of organisational change. A wide ranging selection of case studies provides illustrations of change in a real world context. This fourth edition reviews the growing influence of the Internet and globalisation with particular emphasis on topics such as sustainability, workforce diversity and business ethics. The author encourages critical reflection on areas such as post modernism, realism and complexity theory and explores in depth the influence of culture, power and politics. There is also practical guidance on the planning and implementation of change. *Managing Change* is suitable for students on modules covering management strategy and organisational change as part of undergraduate MBA and MA programmes. Key Features: Change within the broad context of management theory and strategy; 10 real life cases from a range of sectors and countries; Practical guidance on the planning and implementation of change; New chapters covering culture, power, politics and frameworks for change; Glossary of key terms; Website providing teaching notes and presentation slides. Bernard Burnes is Senior Lecturer in Management in the School of Management at UMIST Manchester. On the third edition: This text is unique in demonstrating clearly the linkages between corporate strategy, organisational behaviour and the management of change. A subjects that are often treated separately. Complex issues are presented with an admirable clarity of style supported by interesting and varied case illustrations. An ideal undergraduate text that will also be valuable for post experience managers on masters programmes. David Buchanan, Professor of Organisational Behaviour, School of Business, De Montfort University. On the fourth edition: This is the essential and definitive text on change management. It integrates the vast sweep of organisational theory and practice in a highly readable way. Every student and practitioner of change must have this. Michael Griffin, Director of Human Resources, King's College Hospital NHS trust. Managing Change Bernard Burnes, 2009 This text provides management students and practising managers with an understanding of and a guide to managing the complexities of organizational change effectively. It discusses the techniques and methods that can be used to aid such change. Managing Change Bernard Burnes, 2000 A guide to managing the complexities of organizational change. The techniques and methods that can be used are reviewed and discussed and real life case studies illustrate how these techniques happen in practice with problems and obstacles that can be encountered when managing a change programme. **Managing Change** Bernard Burnes, 2014-01-01 This text examines the concept and practice of change within the context of the history literature and theories of management. In particular it links the process of change to the strategic development, management and leadership of organisations. The reader is encouraged to reflect critically on areas such as post modernism, realism and complexity theory and explores in depth the influence of culture, power and politics.
