Pneumatology S:

Pneumatology Veli-Matti Kärkkäinen, 2002-06-01 One of the most exciting recent developments in theology has been an unprecedented interest in the person and work of the Holy Spirit. In fact Veli Matti Karkkainen describes this phenomenon as a pneumatological renaissance. But such discussion should be informed by two overarching principles. First we must acknowledge the variety of approaches to the experience of the Holy Spirit ecumenically. No church can claim a monopoly on the Spirit and no tradition is specifically spirited. Second, talk about the Spirit must always be contextual and therefore culture specific. The Spirit of God indwells believers and creation in specific and tangible ways. Working from this perspective, the book introduces readers to pneumatology, the theology and spirituality of the Holy Spirit in current international theology. As such, the work offers a biblical, historical and theological assessment of the Third Person of the Trinity. However, unlike most textbooks on pneumatology, Karkkainen takes a fresh, innovative approach. Rather than focusing on any single topic, his aim is to chart the various territories of contemporary writings and reflections on pneumatology. Consequently, the volume examines various theological and denominational understandings of the Spirit; all major Christian traditions are reviewed, assesses key contemporary theologians of the Spirit (e.g. Pannenberg, Moltmann, and Pincoff) and inquires into several contextual approaches (e.g. liberation, feminist, and green). These distinctives and the emphasis on the contemporary global scene make this a unique volume. An up-to-date survey of the most noteworthy and theologically pregnant orientations to the Spirit in the worldwide ecumenical and intercultural scene, this work will guide readers in discerning the Holy Spirit's activity at the beginning of the third millennium. It discusses ecumenical, international and contextual pneumatologies; ecumenical emphasis ranges from Eastern Orthodox to Pentecostal, charismatic, international scope gives voice to African and Latin American perspectives; covers major pneumatologies; provides a comprehensive bibliography.

The Shape of Pneumatology John McIntyre, 2004-07-01 Addresses one of the most difficult aspects of the doctrine, the heterogeneity of the biblical and traditional material from which it is derived, and points to the areas where the church must act to recover the sense of the immediacy of the Holy Spirit.

The Holy Spirit and Christian Formation Diane J. Chandler, 2016-12-05 This volume discusses the importance of a multidimensional and multidisciplinary approach to Christian formation based upon Godly love and the *imago Dei* (Latin image of God). Grounded biblically and theologically, this interdisciplinary collection offers perspectives drawn from spirituality, ethics, philosophy, psychology, counselling, ecclesiology, physical health sciences, and leadership studies. Contributors address spiritual, emotional, and psychological formation while highlighting how suffering has the potential to draw one closer to God and others. The book also details vocational development, appropriate stewardship of the physical body, and the ways in which the Eucharist sacramentally contributes to the process of formation. The book concludes with a call for further exploration of additional research trajectories, not the least of which is how Christian formation contributes to the *missio Dei* (the mission of God).

Catholicism and the Spirit

Stephen Ebo Annan, 2018-02-22 The resurgence of Pentecostal charismatic Christianity epitomized in the global South has thrown Catholicism back on itself and has challenged it to reassess its ecclesial self understanding The Catholic Church has been accused of having forgotten the Spirit Despite the progress made by the Catholic Church to redress this so called pneumatological deficit it nonetheless remains the case that Roman Catholicism and charismatic Christianity seems to be mutually exclusive Why and how does the Roman Catholic Church today still lack a fully developed pneumatological charismatic ecclesiology Catholicism and the Spirit sets out to address such questions and argues that the Church must overcome its ultraconservatism and re envision a robust Spirit led ecclesiology to meet the demands of ecclesial renewal

Karl Barth and Pentecostal Theology Frank D. Macchia, Terry L. Cross, Andrew K. Gabriel, 2024-02-08 The essays in this volume evaluate and build on Barth's theology from the perspective of Pentecostal theology and thereby contribute to constructive Pentecostal systematic theology by using Barth as a valuable dialogue partner At present a theological conversation of Pentecostals with Barth does not exist and this volume fills this void More widely it will aid all those who seek a convergence of the Word and the Spirit in theology Barth and Pentecostals share some important common theological interests Barth's mature theology has a decidedly christological emphasis Likewise historically Pentecostals have often spoken of a full gospel with an emphasis on Christ as savior healer baptizer in the Spirit and soon and coming King with some Pentecostal traditions also adding a fifth emphasis on Christ the sanctifier Furthermore near the end of his life Barth anticipated the possibility of a theology of the third article a theology where the Holy Spirit would dominate and be decisive The realization of Barth's dream is no doubt coming to pass in part through the development of Pentecostal theology in as much as pneumatological theology exploring how pneumatology affects supplements and might reform other doctrines is an emerging paradigm for Pentecostal theology

The Spirit throughout the Canon, 2022-08-15 Pentecostal forms of Christianity have now taken a dynamic role in contemporary Christianity often at the vanguard of new movements and spiritual vitality among Christians in the late modern world The many movements which constitute global Pentecostalism share in common an intense commitment to the Bible and life in the Spirit Over the past several decades Pentecostal biblical scholarship has played an important role in resourcing Pentecostal theologies These elements come together in this volume in which leading Pentecostal biblical scholars from around the world account for the appearance of the divine Spirit putting forth a defining work from a seminal generation of scholars Contributors are J Ayodeji Adewuya Kenneth J Archer Melissa Archer Emma M Austin Holly Beers Michael L Brown Blaine Charette Jacob Cherian Roger D Cotton Daniel K Darko Finny Philip Roji Thomas George Jacqueline Grey Alicia R Jackson Wonsuk Ma Lee Roy Martin Robert P Menzies Brian Neil Peterson Rebecca Skaggs Joe Thomas John Christopher Thomas Robby Waddell Rick Wadholm Nimi Wariboko Cynthia Long Westfall

Pneumatology: A Guide for the Perplexed Daniel Castelo, 2015-05-21 This guide aims to elaborate and constructively engage some of the ongoing dogmatic challenges within the field of Christian pneumatology Rather than a

strict survey the book largely represents a collection of working proposals on a number of relevant themes including cosmology mediation the nature and role of Spirit baptism and discernment For those who have found pneumatology frustrating and confusing the book can serve as an aid to clarify some of the most crucial matters at stake in the doctrine of the Holy Spirit and in turn provide some ways forward amidst the morass of possibilities available Types of Pentecostal Theology Christopher A. Stephenson, 2012-09-14 In the first critical study of the major theologians of pentecostalism one of the fastest growing and most influential religious traditions in the world Christopher A Stephenson establishes four original categories to classify pentecostal theologians methodologies in systematic constructive theology The four categories are based respectively on the arrangement of biblical texts the relationship between theology and Christian spirituality doctrine concerning the kingdom of God and pneumatology as a basis for philosophical and fundamental theology Stephenson analyzes each methodological type and suggests a pentecostal theological method that builds on the strengths of each He then offers his own original contribution arguing for a reciprocal relationship between pentecostal spirituality and doctrine that follows the pattern of *lex orandi lex credendi* and develops a doctrine of the Lord's supper as a demonstration of this reciprocal relationship *Types of Pentecostal Theology* provides critical insight into such fundamental issues as the relationship between theology and philosophy the dynamic between scripture and tradition and the similarities and differences between recent pentecostal theology and other currents in contemporary theology *T&T Clark Handbook of Pneumatology* Daniel Castelo, Kenneth M. Loyer, 2020-09-17 This handbook provides an interdisciplinary and diverse reference work to the Holy Spirit Daniel Castelo and Kenneth M Loyer gathered together a wide range of voices that are religiously geographically and ethnically diverse bringing theology into conversation with biblical studies ethics and morality and global Christian studies The T T Clark Handbook of Pneumatology examines the Holy Spirit in a variety of sources such as the Synoptic Gospels the Catholic Epistles the Old Testament and the Hebrew Scriptures It also includes chapters on key concepts in the field such as mediation and sacramentality ecology and creation This broad scope enables readers to appreciate how nuanced the field of Pneumatology is and how it can be relevant for other Christian discourses **Life in the Spirit** Andrea Snavelly, 2015-05-12 What would the church look like if Christians saw their lives as constituted by the Spirit's presence to live as Jesus lived In a time when being led by the Spirit is defined more by achieving the American Dream than by Jesus's life answering this question rightly seems all the more critical for the church to survive in a culture increasingly hostile to Christianity Building upon the work of post Constantinians John Howard Yoder and Stanley Hauerwas and upon the Trinitarian Spirit Christology of Leopoldo Sanchez this account of the Christian life provides a framework for seeing one's Christian life as one transformed by the Spirit to live in the resurrection reality of Jesus's sonship with the Father in the Spirit In the process one will discover that for Jesus being led by the Spirit meant trusting his Father to the point of death on a cross trusting God to resurrect him even if he did not save him Should it mean the same for Christians

today If so this would require the church to reimagine its ministries for the Spirit to work repentance and faith rather than simple agreement For Christians living in the Spirit their lives might look very different

Receptive Ecumenism and the Renewal of the Ecumenical Movement Antonia Pizzey, 2019-05-15 Receptive Ecumenism is a ground breaking new ecumenical approach widely regarded as having the potential to revitalise the Ecumenical Movement But what is Receptive Ecumenism Why is it important In Receptive Ecumenism and the Renewal of the Ecumenical Movement Antonia Pizzey offers a comprehensive systematic analysis of Receptive Ecumenism While still emerging Receptive Ecumenism is highly promising because it prioritises the need for ecclesial conversion Pizzey explores the scope and complexity of Receptive Ecumenism providing much needed clarity on its aim key developmental influences and distinctiveness as well as its virtuous character and relationship with Spiritual Ecumenism The major implementations of Receptive Ecumenism to date are investigated along with its significance for the future of ecumenism especially regarding its engagement with contemporary challenges

An Amos Yong Reader Amos Yong, 2020-05-12 Amos Yong is the most prolific pentecostal theologian to date and his published works are so many that it is difficult to find an amiable entry point into his thought An Amos Yong Reader is the first introduction to Yong s theology in his own words It brings into one volume representative samples of the broad range of Yong s scholarship including theology of religions religion and science theology and disability political theology Luke Acts and theological method Christopher A Stephenson perhaps Yong s most insightful interpreter provides an introductory essay that both orients readers to Yong s extensive theological program and identifies the most important key to understanding Yong s theology as his most neglected work Spirit Word Community a book with implications far beyond the boundaries of Pentecostalism An Amos Yong Reader provides an overview of Yong s thought and a starting point for more thorough study in any of the major themes in his expansive corpus

Teaching and Understanding Pneumatology & Spiritual Gifts Elijah E. Dunbar, 2009-05-22 The geographical extent of the orient and occident is a validation of the cultural and ideological differences that have existed with constancies between the two hemispheres throughout the ions of time Ideological pluralism has been the common practice of the inhabitants of both spheres but with unique manifestations Christianity along with other religions are warmly embraced and pragmatically characterized by the orientals and occidentals with reserved peculiarities Oriental Christians viewed pneumatology as being a significant particle of their theological and liturgical lives while Occidental Christians see Christology as the primal substance in Christianity Although both groups have a history of singling out this distinction over the years theologians and theology have helped both sides understand the importance of both pneumatology and Christology in Christianity It is concertedly understood that neither of the two can be studied or taught without the other Their inseparable existence makes Christianity a complete whole The authors exploration and literary expedition through myriad of sources allow him to compile data relevant to understanding the importance of the Holy Ghost and Spiritual gifts within the Christian community Whether a secular or non secular intellectual you will find the

Churchouse,2024-04-30 What is the human soul What does it do How does it relate to the brain and body What is happening in the soul when a person encounters the Holy Spirit These are some of the questions addressed in *The Spiritual Soul* as it advances towards its overall goal of proposing a re new ed Pentecostal Charismatic understanding of what constitutes a human being In pursuing this overarching intention Churchouse responds to the anthropology of two leading Pentecostal scholars Amos Yong and Veli Matti Karkkainen specifically their theological models concerning what a human is constituted essentially made up of to offer an enhanced Pentecostal model in preference to their monistic view Drawing upon the sources of biblical studies the philosophy of mind and upon the pneumatology that flows from Pentecostal spirituality Churchouse advances a renewed understanding of the human soul one illumined by the spirit and the Spirit to engender his distinctive Pentecostal model of human constitution

Andrew F. Gregory,2003 When and how may Christians first be shown to have used the Gospel of Luke and its companion volume *The Acts of the Apostles* Andrew Gregory offers the first book length discussion of the reception of Luke and of Acts in the period before Irenaeus The research project which was the basis of this monograph was originally conceived as a comparison of the pneumatology of Luke Acts with the pneumatologies presented in Christian literature of the second century Recent scholarship on Lukan pneumatology is agreed that Luke has a particular interest in the Spirit but it is divided as to whether his pneumatology is part of a homogenous early Christian understanding or a distinctive presentation that is to be sharply differentiated from that of Matthew and Mark of John and of Paul Noting a lacuna identified by Turner the author set out to originally ask two questions First whether it might be possible to identify in second century pneumatologies any characteristics that New Testament scholars might label as distinctively Lukan Second whether such characteristics might be sufficient to indicate not only the influence of Lukan pneumatology but also a conscious appropriation of distinctively Lukan theology by other early Christians Contents include Introduction and methodology Previous research The evidence of the earliest manuscripts and notices Do narrative outlines of episodes in the life of Jesus presuppose Luke Collections of the sayings of Jesus Marcion Justin Martyr The reception of Luke in the Second Century The reception of Acts in the Second Century Early and Ambiguous Evidence Justin Martyr Narrative accounts explicitly concerning the Post resurrection teaching

of Jesus and the activity of Apostles and other prominent figures The reception of Acts in the Period before Irenaeus The reception of Luke and Acts in the Period before Irenaeus **Holy Spirit the Paraclete** J. B. Foster, 2016-03-15 Throughout the history of the church people have gone to extreme measures in either shying away from the Holy Spirit or ignoring His authority In many instances some in ministry have overtaken His work under the guise of being led by the Holy Spirit It is as though a spell has been cast over humanity and Christendom has been split into three groups those who have gone mad in search of worldly power and acceptance those who are bewitched by the world after stepping into the twilight zone and a third group who remains steadfast but cautiously silent The attempt to reconcile Enlightenment thought with divine revelation with its attacks against Christianity intentional or not has brought us to this point However for all of man's plans to understand God better by tying together human rationality and science Jesus promise to the believer that the very Spirit of God would dwell within has been fulfilled The best gift man could possibly obtain the power of God with His unconditional love is set before us And yet this simple but extraordinary gift escapes the understanding of man who in his own finite wisdom is attempting to replace the only one that can save humanity Foster's work is set to break the spell that has been cast over humanity as she opens the readers spiritual eyes in this study on the least understood Person of the Godhead This war cry is sounded to awaken those that sleep and to encourage them to arise from the dead for Christ shall give them light How foolish of man to be caught at war under attack without holy armor This book delivers an on time warfare message concerning the gift of power of the Holy Spirit in the individual life of a believer and the ability to break the spell of the enemy This is only one volume in a series covering a full range of theology examining in traditional systematic fashion Bibliology What is the Bible Soteriology The High Point of Our Salvation and Christology Who Do Men Say I AM Emphasis on the full expression of Jesus Christ in the blood covenant and the infallibility of Scripture while stressing the relevance of key convictions of Christian faith and practice in today's world without prejudice through the lens of historical development preservation testimonials and an examination of reasons to trust the Bible A step beyond traditional study with several distinctive features to simplify and attract the mildest of interests a Clear writing targeted for precision b technical terms b relaxed tone appealing to various audiences c scriptural basis for doctrine d a contemporary edge e reflective quotes This work includes an extensive bibliography and common glossary designed to promote further reading and appreciation for Systematic Theology and critical thinking The Dialogical Spirit II Amos Yong, 2024-09-05 The Dialogical Spirit II is a second collection of essays that demonstrates the dialectical contours of Amos Yong's critical pentecostal theology It is a montage of constructive engagements with various thinkers and ideas in the promotion of theological plurality for the third millennium With essays on Hegelian dialectics Buddhist Christian dialogue pneumatic missiology etc voice is generated for the renewal of relationality and the revival of imagination Free from the imposition of traditional boundaries Yong makes his way across differing landscapes of truth in a global environment gleaned from the activities of reflection and understanding

therein Providing snapshots of Yong's theological development over decades of work *The Dialogical Spirit II* further evidences the vitality of pentecostal theology to emerging conversations in constructive and comparative venues **It is the Spirit Who Gives Life** Radu Bordeianu, 2022-04-22 Who is the Holy Spirit What is the Holy Spirit The answers to these questions were so obvious in the first centuries of Christian history that the New Testament and the earliest Christian writers did not feel the need to deliberately address the identity of the Spirit The more stringent question was this what does the Spirit do in the Hebrew Scriptures in the life of Jesus in the community of disciples in the Church and in the world These same questions however did not have the same obvious answers to subsequent generations Writing in the fourth century Gregory of Nazianzus observed a slow progress of better understanding the identity and mission of the Holy Spirit throughout the centuries his opponents still referred to the Spirit as a strange unscriptural and interpolated God Or 31 One would expect that today centuries later pneumatology would be exponentially further developed than in the patristic era And yet contemporary theology only rarely asks who the Spirit is and what the Spirit does That is where the present volume attempts to bring a contribution by addressing early Pneumatologies reflected in the Scriptures and the age of the martyrs historical developments in patristic literature and spiritual writings and contemporary pneumatological themes as they relate to ecumenism ecology science ecclesiology and missions The present volume gathers essays authored by eleven world renowned theologians Each contribution originated as a public lecture addressed to theologians and an educated general audience followed by a private colloquium in which the lecturers conferred with scholars who are experts in the field Thus the present volume offers a multifaceted approach to Pneumatology in an ecumenical spirit
