Portals of Infinity: Book One John Van Stry, 2014-08-09 William is just your typical engineer fresh out of college with a stressful job a boring life and not a lot of prospects of anything better in the future Until one weekend while hiking in the woods he stumbles across a portal to another time or perhaps another place The more he investigates this new world the more he realizes that it may just be able to offer him a lot more than the one he s been living in However there are forces at work beyond anything that Will has ever come across before and the local Goddess seems to have taken a liking to him Will may soon find himself getting an offer he cannot afford to refuse

Portals of Infinity: Book Eight John Van Stry, 2018-03-15 After two long years in the void Will is glad to be home and so is his family However he still has his job to do Feliogustus has favors to pay back after being without Will for so long and some of those favors are coming due So while having his homecoming interrupted isn t enjoyable paying back those gods that Feliogustus owes is important When an opportunity to take on a task on one of the core worlds as a favor to another god comes along Will must drop everything and deal with it immediately Will s never been to a core world before much less heard of them but to Feliogustus it s important that he goes because invites to the core are few and far between So while the task may seem to be mundane to Will he knows from experience that there s more going on than Feliogustus has told him And anything that s important to Fel is important to Will When Will gets there he finds that some of the rules that the gods play by are different in the core as well as some of the rules that govern the infinite and the portals that link it together Will finds that instead of one realm the place he s now in is made up of multiple realms linked together by portals that not only most people can see but which are in fact big enough to sail both trading and warships through

Portals of Infinity John Van Stry, 2014-09-10 Will s life has definitely changed since that day he went hiking in the woods Learning about the portals that link the infinite number of worlds opened his eyes to the wider reality Learning that he was being setup to become the Champion of a God was an even more startling discovery Now it s time for him to pay the bill for his recruitment While Gods on a single world maneuver for local power the older Gods from the infinite spheres play a larger and more complicated game The Goddess Aryanna has a quest she needs completed and five Champions are needed to do it Leaving Will to wonder What could a Goddess possibly need
