Introduction by the Pleiadians We call ourselves Pleiadians And by way of an introduction let us say that we are journeyers through time and multiple dimensions We are a curious group intent upon exploring the nooks and crannies of existence traipsing over cosmic hill and dale in search of answers to the majestic mysteries of life All of existence is a vast web of energy and there are seemingly endless and dazzling directions connections events and entertaining diversions to explore However at present we are most earnestly focused on a specific place and time Earth from the year 1987 through 2012 and after It appears that during this period this location safeguards the probability of a triumphant achievement where for a short while some of the majestic mysteries of life are realized and revealed We are here to observe and participate in the greatness of this event Our perspectives are multidimensional in range and scope for we are a wondrous collective of conscious energies who are intentionally expanding our beliefs about the nature of existence throughout many points in time The heavens are filled with life and in our search for knowledge and greater understanding of who we are our journey has led us to you Earth is currently experiencing a tumultuous transformation of consciousness the likes of which you have no recorded historical precedent for Yet within the corridors of human cellular memory many images stir with a hint of strange familiarity You are deeply immersed in a time of critical change humanity is poised at the threshold of a new understanding of cosmic power Naturally many of us wonder what you will do with this knowledge In other epochs of time the nature of this power has been misunderstood and subsequently misused inevitably leading the way to your self destruction Nevertheless the immense cycles of living and seasons of learning continue to patiently offer the same lessons for while life may appear to be destroyed consciousness is ever enduring and only changed in form Humanity is rapidly approaching the edge of the great cosmic cliffs of consciousness What you do now the choices you make will determine a course of experience more complex and astounding than you can currently imagine The dawning of a new revolution in consciousness is at hand You cannot escape the necessity to manage this power now or ever In light of our adventurous spirit we are here to share our perspectives on your rapidly changing lives and to offer our support as well as a few timely suggestions on managing the massively accelerated energies that silently stir your planet The Pleiadians

The Universal Family of Light Barbara Marciniak,2013-03-25 Introduction by the Pleiadians Greetings dear friends It is our distinct pleasure to partake of your reality once again and to journey with you for a while on the road to adventure and self discovery What journey you may rightly ask for it may seem that you are traveling in circles and the idea of a great adventure in your life is a far cry and distant dream from the daily dogma and relentless burdens of living you face Nonetheless allow us to accompany you for a while as companions offering to entertain you and enliven your step as we point out the sites and symbols along the way We are storytellers extraordinaire or so we've been told and we too have traveled in seemingly endless circles so we have much in common Our destination is the same as yours for we are you in another version and form of reality as deeply entrenched and entrapped as you believe yourselves to be What sort of paradox is this And who indeed are we claiming kin to you and yours And why do we desire to journey with you Well these things you must decide for yourselves We relate great tales and relish a resplendently irreverent good humor all intended to figure things out in all due respect as best we can We strive to make sense of existence gathering multidimensional pieces of a puzzle into a form and

shape that encompass untold and unrecognized societies How can pieces of a puzzle be multidimensional and what is multidimensional anyway We can hear your questions now and we guarantee that you will have many more before the journey is complete So we ask may we join you and enter your reality by invitation For it is through your beckoning and with your permission that we spring forth as a part of your life Feel into the depths of your being before you respond Seek inside for an answer for to invite us into your reality as friends and companions will with certainty confound and change your lives and perhaps some of you are quite content with where you are Perhaps you are not really interested in multi dimensional realities and perceive these ideas as vague notions and tidbits of unfounded fiction fracturing and fragmenting a logic you paid so dearly to achieve If that is the case then you may do well to stop short now and put our tale aside Perhaps in another time and place we will meet again If however we have piqued your curiosity and you feel compelled to continue so be it It is best to start with the truth As a matter of fact if there is such a thing it is best to end with the truth as well And how about the middle and all along the way you may ask Well the truth is essential throughout the journey however the ongoing paradox invariably involves your point of view Remember that Now we are travelers through time which is the best way to describe us We call ourselves Pleiadians though we answer to many names and characters We are as real as you believe yourselves to be When we encounter you we meet ourselves located on a slice of time poised as you believe in a solid physical 3 D world You fascinate us and perhaps by the end of our travels and tales you will be fascinated with yourselves as well For now the task of telling is at hand and so the tale begins Pleiadian Initiations of Light Christine Day,2010-02-20 In Pleiadian Initiations of Light Christine Day offers her renowned healing energy work enabling readers to birth a new self free of fear and pain no matter where they are on their lives paths Through these steps and initiations you will be empowered to access personal answers and make positive healing changes in your life Whether you are a beginner or a more experienced energy worker Day coaches you through each step teaching you the physical emotional and spiritual components of each initiation Pleiadian Initiations of Light gives you a direct connection to the Pleiadians and a direct experience with them You have the opportunity to work first hand with some basic Pleiadian processes and to begin to form your own personal relationship with them This book holds unique energies that are transmitted to you for your initiation As human beings we are perfectly imperfect This is the only book that holds these frequencies of initiation and makes it possible for you to awaken through them With Day s guidance you will learn how to access answers for yourself and more importantly how to make real changes in your life *The Universal Family of Light* Barbara Marciniak,2013-02-03 Introduction by the Pleiadians Introduction from the Pleiadians Greetings dear friends It is our distinct pleasure to partake of your reality once again and to journey with you for a while on the road to adventure and self discovery What journey you may rightly ask for it may seem that you are traveling in circles and the idea of a great adventure in your life is a far cry and distant dream from the daily dogma and relentless burdens of living you face Nonetheless allow us to accompany you for a while as companions offering to entertain

you and enliven your step as we point out the sites and symbols along the way We are storytellers extraordinaire or so we've been told and we too have traveled in seemingly endless circles so we have much in common Our destination is the same as yours for we are you in another version and form of reality as deeply entrenched and entrapped as you believe yourselves to be What sort of paradox is this And who indeed are we claiming kin to you and yours And why do we desire to journey with you Well these things you must decide for yourselves We relate great tales and relish a resplendently irreverent good humor all intended to figure things out in all due respect as best we can We strive to make sense of existence gathering multidimensional pieces of a puzzle into a form and shape that encompass untold and unrecognized societies How can pieces of a puzzle be multidimensional and what is multidimensional anyway We can hear your questions now and we guarantee that you will have many more before the journey is complete So we ask may we join you and enter your reality by invitation For it is through your beckoning and with your permission that we spring forth as a part of your life Feel into the depths of your being before you respond Seek inside for an answer for to invite us into your reality as friends and companions will with certainty confound and change your lives and perhaps some of you are quite content with where you are Perhaps you are not really interested in multi dimensional realities and perceive these ideas as vague notions and tidbits of unfounded fiction fracturing and fragmenting a logic you paid so dearly to achieve If that is the case then you may do well to stop short now and put our tale aside Perhaps in another time and place we will meet again If however we have piqued your curiosity and you feel compelled to continue so be it It is best to start with the truth As a matter of fact if there is such a thing it is best to end with the truth as well And how about the middle and all along the way you may ask Well the truth is essential throughout the journey however the ongoing paradox invariably involves your point of view Remember that Now we are travelers through time which is the best way to describe us We call ourselves Pleiadians though we answer to many names and characters We are as real as you believe yourselves to be When we encounter you we meet ourselves located on a slice of time poised as you believe in a solid physical 3 D world You fascinate us and perhaps by the end of our travels and tales you will be fascinated with yourselves as well For now the task of telling is at hand and so the tale begins
