

FRANK SINATRA

Moon River Lyrics

Moon river wider than a mile
I'm crossing you in style someday
You dream maker, you heartbreaker
Wherever you're going I'm going your way
Two drifters off to see the world
There's such a lot of world to see
We're after the same rainbows end

Frank Sinatra Lyrics Moon River:

Sinatra James Kaplan, 2015-10-27 Just in time for the Chairman's centennial the endlessly absorbing sequel to James Kaplan's bestselling *Frank The Voice* which completes the definitive biography that Frank Sinatra justly termed the *Entertainer of the Century* deserves and requires. Like Peter Guralnick on Elvis Kaplan goes behind the legend to give us the man in full in his many guises and aspects: peerless singer, sometimes accomplished actor, business mogul, tireless lover and associate of the powerful and infamous. In 2010's *Frank The Voice* James Kaplan in rich, distinctive, compulsively readable prose told the story of Frank Sinatra's meteoric rise to fame, subsequent failures and reinvention as a star of live performance and screen. The story of *Ol Blue Eyes* continues with *Sinatra The Chairman* picking up the day after he claimed his Academy Award in 1954 and had reestablished himself as the top recording artist. Sinatra's life post-Oscar was astonishing in scope and achievement and occasionally scandal, including immortal recordings almost too numerous to count, affairs, ditto many memorable films and more than a few stinkers. *Rat Pack* hijinks that mesmerized the world with their air of masculine privilege and an intimate involvement at the intersection of politics and organized crime that continues to shock and astound with its hubris. James Kaplan has orchestrated the wildly disparate aspects of Frank Sinatra's life and character into an American epic, a towering achievement in biography of a stature befitting its subject. Johnny Mercer Glenn T. Eskew, 2013-11-15 John Herndon Johnny Mercer 1909-76 remained in the forefront of American popular music from the 1930s through the 1960s, writing over a thousand songs, collaborating with all the great popular composers and jazz musicians of his day, working in Hollywood and on Broadway and as cofounder of Capitol Records, helping to promote the careers of Nat King Cole, Margaret Whiting, Peggy Lee and many other singers. Mercer's songs, sung by Bing Crosby, Billie Holiday, Judy Garland, Frank Sinatra, Ella Fitzgerald, Tony Bennett, Lena Horne and scores of other performers, are canonical parts of the great American songbook. Four of his songs received Academy Awards: *Moon River*, *Days of Wine and Roses*, *On the Atchison Topeka and the Santa Fe* and *In the Cool, Cool, Cool of the Evening*. Mercer standards such as *Hooray for Hollywood* and *You Must Have Been a Beautiful Baby* remain in the popular imagination. Exhaustively researched, Glenn T. Eskew's biography improves upon earlier popular treatments of the Savannah, Georgia-born songwriter to produce a sophisticated, insightful, evenhanded examination of one of America's most popular and successful chart toppers. Johnny Mercer, *Southern Songwriter for the World*, provides a compelling chronological narrative that places Mercer within a larger framework of diaspora entertainers who spread a southern, multiracial culture across the nation and around the world. Eskew contends that Mercer and much of his music remained rooted in his native South, being deeply influenced by the folk music of coastal Georgia and the blues and jazz recordings made by black and white musicians. At Capitol Records, Mercer helped redirect American popular music by commodifying these formerly distinctive regional sounds into popular music. When rock'n roll diminished opportunities at home, Mercer looked abroad, collaborating with international composers to create

transnational songs At heart Eskew says Mercer was a jazz musician rather than a Tin Pan Alley lyricist and the interpenetration of jazz and popular song that he created expressed elements of his southern heritage that made his work distinctive and consistently kept his music before an approving audience Music in American Life Jacqueline Edmondson,2013-10-03 A fascinating exploration of the relationship between American culture and music as defined by musicians scholars and critics from around the world Music has been the cornerstone of popular culture in the United States since the beginning of our nation s history From early immigrants sharing the sounds of their native lands to contemporary artists performing benefit concerts for social causes our country s musical expressions reflect where we as a people have been as well as our hope for the future This four volume encyclopedia examines music s influence on contemporary American life tracing historical connections over time Music in American Life An Encyclopedia of the Songs Styles Stars and Stories That Shaped Our Culture demonstrates the symbiotic relationship between this art form and our society Entries include singers composers lyricists songs musical genres places instruments technologies music in films music in political realms and music shows on television **Skylark** Philip Furia,2003-08-15 Chronicles the life of lyricist Johnny Mercer discussing how he brought his quintessentially southern style to both his life in New York and his lyrics *Frank Sinatra* Richard W.
