Jones, 2006 First published in 1950 the FREEMASONS GUIDE AND COMPENDIUM is filled with authentic detailed information on a wide variety of subjects related to masons and masonry Written by an experienced Freemason with the interests of rank and file members of the ordinary lodge in mind especially the young Craftsman who

Freemasonry Andreas Önnersfors, 2017-08-17 Freemasonry is one of the oldest and most widespread voluntary organisations in the world Over the course of three centuries men and women have organized themselves socially and voluntarily under its name With a strong sense of liberation moral enlightenment cosmopolitan openness and forward looking philanthropy freemasonry has attracted some of the sharpest minds in history and has created a strong platform for nascent civil societies across the globe With the secrecy of internally communicated knowledge the clandestine character of organization and the enactment of rituals and the elaborate use of symbols freemasonry has also opened up feelings of distrust as well as allegations of secretiveness and conspiracy This Very Short Introduction introduces the inner activities of freemasonry and the rituals symbols and practices Looking at the development of the organizational structure of masonry from the local to the global level Andreas Önnersfors considers perceptions of freemasonry from the outside world and navigates through the prevalent fictions and conspiracy theories He also discusses how freemasonry has from its outset

struggled with issues of exclusion based upon gender race and religion despite promoting tolerant openness and inclusion Finally nnerfors shines a light on the rarely discussed but highly compelling history of female agency in masonic and para masonic orders ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable **American Freemason's Magazine** ,1858 The Secret Founding of America Nicholas Hagger,2016-11-15 The widely accepted story of the founding of America is that The Mayflower delivered the first settlers from Plymouth to the New World in 1620 Yet in reality the Jamestown settlers had already become the first English speaking outpost thirteen years earlier in 1607 The Secret Founding of America introduces these two groups of founders the Planting Fathers who established the earliest settlements along essentially Christian lines and the Founding Fathers who unified the colonies with the Declaration of Independence and the Constitution and it argues that the new nation conceived in liberty was the Freemasons first step towards a new world order Drawing on original findings and an in depth understanding of the political and philosophical realities of the time historian Nicholas Hagger charts the connections between Gosnold and Smith Templars and Jacobites and secret societies and libertarian ideals He also explains how the influence of German Illuminati worked on the constructors of the new republic and shows the hand of Freemasonry at work at every turning point in America s history from Civil War to today s global struggles for democracy **Born in Blood** John J. Robinson,2009-09-16 Its mysterious symbols and rituals had been used in secret for centuries before Freemasonry revealed itself in 1717 But where had this powerful organization come from and why had Freemasonry been attacked by the Roman Catholic Church Robinson answers those questions and more *The Craftsman and Freemason's Guide* Cornelius Moore,1854 The Freemason's Monitor Thomas Smith Webb,1818
