Tuppurainen, 2019-10-16 Lukan narrative takes its readers into God s story how his salvation plan in Jesus began on the slopes of Judea and at the Sea of Galilee ending on the

hill of Calvary and the Mount of Olives yet moving on and telling how the Spirit descended onto the Temple Mount empowering God's people who then began to fulfill the given mandate in the presence of the Spirit Yet readers of Luke Acts throughout the centuries have had a meandering journey as they have tried to understand the narrative's persuasion and Spirit references This book seeks to bring awareness to these challenges by some of the most respected Pentecostal biblical scholars and systematicians Here their vigorous labor with the questions of hermeneutics and theology in relation to Lukan writings have come to fruition These contributions have been collected as a Festschrift in honor and celebration of the career of Roger Stronstad a Pentecostal biblical scholar whose contribution to Lukan studies have moved Pentecostal scholarship from shadows into daylight The editor of this volume invites the readers of Lukan narrative to journey together on the road to Emmaus as we continue to ponder the events in the past the present and the future *Christ-Centered* Robert P. Menzies, 2020-10-05 Pentecostals are often portrayed as emotional people who are driven largely by experience In *Christ Centered* Menzies argues that this caricature misses the fact that Pentecostals are fundamentally people of the book Although Pentecostals encourage spiritual experience they do so with a constant eye to Scripture The Bible and particularly the book of Acts fosters and shapes pentecostal experience Additionally Pentecostals are defined by their emphasis on a personal relationship with Jesus Christ At its heart the pentecostal movement is not Spirit centered but rather Christ centered The work of the Spirit as Pentecostals understand it centers on exalting and bearing witness to the Lordship of Christ Menzies develops these themes by examining the origins biblical foundations and missional orientation of the modern pentecostal movement He concludes that in spite of contradictory messages from some in fundamentalist pews and the pentecostal academy Pentecostals are and have always been solidly evangelical Book Trailer for *Christ Centered* embed container position relative padding bottom 56 25% height 0 overflow hidden max width 100% embed container iframe embed container object embed container embed position absolute top 0 left 0 width 100% height 100% **AB Bookman's Weekly**, 1987-11 *Foundations of Pentecostal Theology* Guy P. Pentecostals traditionally do not think theologically so much as do it practically This book will present Pentecostal theology as well as the particular style of Pentecostal thinking and praxis that makes it different Pentecostalism is not just distinctive because of its belief base but also because of the worldview it owns The latter is based on a certainty that a religion that does not work is not worth much Consequently they look for expressions of life and vitality in their faith These dominate rather than an expression of the cerebral though this is changing Nevertheless the sense of the immediate the God of the now not the distant past underlie how they do theology Pentecostal theology tends to be seen through the eyes of people not theologians through the community not traditions though they have them through their faith and worship not ancient creeds It is a theology of the dynamic seen through the lens of experience It is a functional theology that exists to operate to incorporate an experiential dimension Pentecostal theology does not operate as other theologies which often only detail a list of beliefs it does this but also and more importantly it explores them in the context of praxis Thus this volume incorporates praxis as part of the enquiry relating to theology Charisma and Christian Life ,1993 **Changing the World Through Kindness** Steve Sjogren,2005-03-03 When you think of spiritual warfare what comes to mind Stressed out saints duking it out with demons Mystical believers seeing things most of us can t According to but they also keep most of us from gaining the spiritual victories God wants us to enjoy Changing the World Through Kindness shows how every believer can fight the powers of darkness through the greater power of kindness Using real life stories to illustrate effective principles from the Word of God Sjogren shows readers step by step how to live a life that will change them their families their neighborhoods and their churches and eventually the world **The New Interpreter's Study Bible** Walter J. Harrelson,2003 In a new study Bible based on The New Revised Standard Version with Apocrypha 60 scholars provide background and insight on the biblical text in a book that features extensive historical and theological annotations brief introductions and outlines for each biblical book 19 newly commissioned historical maps and more Pentecostal Theology Wolfgang Vondey,2017-07-13
Winner of the Pneuma Book Award 2018 from The Society for Pentecostal Studies Pentecostalism is the most rapidly growing branch of Christianity since the 20th century yet it does not lend itself well to a singular doctrine and there is therefore no single comprehensive account of Pentecostal theology worldwide In this volume Wolfgang Vondey suggests an account of Pentecostal theology that is genuine to Pentecostals worldwide while allowing for different adaptation and explication among the various Pentecostal groups He argues that Pentecostal theology is fundamentally concerned with the renewal of the Christian life identified by the transforming work of the Holy Spirit and directed toward the kingdom of God The book unfolds in two main parts illustrating the full gospel story and theology Eleven chapters identify the spiritual underpinnings and motivations for Pentecostal theology formulate a Pentecostal theology of action translate apply and exemplify Pentecostal practices and experiences and integrate Pentecostal theology in the wider Christian tradition **The International**

Types of Pentecostal Theology Christopher A. Stephenson,2012-09-14 In the first critical study of the major theologians of pentecostalism one of the fastest growing and most influential religious traditions in the world Christopher A Stephenson establishes four original categories to classify pentecostal theologians methodologies in systematic constructive theology The four categories are based respectively on the arrangement of biblical texts the relationship between theology and Christian spirituality doctrine concerning the kingdom of God and pneumatology as a basis for philosophical and fundamental theology Stephenson analyzes each methodological type and suggests a pentecostal theological method that builds on the strengths of each He then offers his own original contribution arguing for a reciprocal relationship between pentecostal spirituality and doctrine that follows the pattern of *lex orandi lex credendi* and develops a doctrine of the Lord s supper as a demonstration of this reciprocal relationship Types of Pentecostal Theology provides critical insight into such fundamental issues as the relationship between theology and philosophy the dynamic between scripture and tradition and the similarities and differences between recent pentecostal theology and other currents in contemporary theology
