Postmodernism in Pieces Matthew Mullins, 2016 Postmodernism in Pieces performs a postmortem on what is perhaps the most contested paradigm in literary studies breaking postmodernism down into its most fundamental orthodoxies and reassembles it piece by piece in light of recent theoretical developments in Actor Network Theory object oriented philosophy new materialism and posthumanism

Freedom and Orthodoxy Anouar Majid, 2004 This book argues that the clash of civilizations that is supposed to be a feature of the post Cold War environment is not necessarily caused by the dogma of world religions or cultural incompatibilities but by the inflexible and hegemonic universalisms that have characterized world history since 1492 a cultural outlook that Majid terms post Andalusianism The all encompassing worldviews of Euro American ideologies have resulted in the retreat of Islam and other non European traditions into dangerous orthodoxies and a growing climate of suspicion fear and terror Freedom and Orthodoxy offers an alternative to perennial discord suggesting that the world needs a philosophy of the provincial one that reattaches individuals and societies to their heritages and memories but connects them to the rest of the world in solid non alienating meaningful ways For this to happen Majid contends globalization must be reimagined as a network of human solidarities and rigorous conversations across the world s multiple cultures not as a mechanical process of economic expansionism

The "White Other" in American Intermarriage Stories, 1945-2008 L. Cardon, 2012-12-23 Fictional depictions of intermarriage can illuminate perceptions of both ethnicity and whiteness at any given historical moment Popular examples such as Lucy and Ricky in *I Love Lucy* 1951 1957 Joanna and John in *Guess Who s Coming to Dinner* 1967 Toula and Ian in *My Big Fat Greek Wedding* 2002 helped raise questions about national identity does American mean white or a blending of ethnicities Building on previous studies by scholars of intermarriage and identity this study is an ambitious endeavor to discern the ways in which literature and films from the 1960s through 2000s rework nineteenth and early twentieth century intermarriage tropes Unlike earlier stories these narratives position the white partner as the other and serve as useful frameworks for assessing ethnic and American identity Lauren S Cardon sheds new light on ethno racial solidarity and the assimilation of different ethnicities into American dominant culture

Encyclopedia of American Social Movements Immanuel Ness, 2015-07-17 This four volume set examines every social movement in American history from the great struggles for abolition civil rights and women s equality to the more specific quests for prohibition consumer safety unemployment insurance and global justice

Black and Brown Planets Isiah Lavender III, 2014-09-25 Black

and *Brown Planets* embarks on a timely exploration of the American obsession with color in its look at the sometimes contrary intersections of politics and race in science fiction. The contributors including De Witt D Kilgore, Edward James, Lisa Yaszek, and Marleen S Barr among others explore science fiction worlds of possibility, literature, television, and film, lifting blacks, Latin Americans, and indigenous peoples out from the background of this historically white genre. This collection considers the role of race and ethnicity in our visions of the future. The first section emphasizes the political elements of black identity portrayed in science fiction, from black America to the vast reaches of interstellar space framed by racial history. In the next section, analysis of indigenous science fiction addresses the effects of colonization, helps discard the emotional and psychological baggage carried from its impact, and recovers ancestral traditions in order to adapt in a post-Native apocalyptic world. Likewise, this section explores the affinity between science fiction and subjectivity in Latin American cultures, from the role of science and industrialization to the effects of being in and moving between two cultures. By infusing more color in this otherwise monochrome genre, *Black and Brown Planets* imagines alternate racial galaxies with viable political futures in which people of color determine human destiny.

[The Routledge Companion to Native American Literature](#) Deborah L. Madsen, 2015-10-05. The *Routledge Companion to Native American Literature* engages the multiple scenes of tension—historical, political, cultural, and aesthetic—that constitutes a problematic legacy in terms of community, identity, ethnicity, gender, and sexuality, language, and sovereignty in the study of Native American literature. This important and timely addition to the field provides context for issues that enter into Native American literary texts through allusions, references, and language use. The volume presents over forty essays by leading and emerging international scholars and analyses regional, cultural, racial, and sexual identities in Native American literature, key historical moments from the earliest period of colonial contact to the present, worldviews in relation to issues such as health, spirituality, animals, and physical environments, traditions of cultural creation that are key to understanding the styles, allusions, and language of Native American Literature, the impact of differing literary forms of Native American literature. This collection provides a map of the critical issues central to the discipline as well as uncovering new perspectives and new directions for the development of the field. It supports academic study and also assists general readers who require a comprehensive yet manageable introduction to the contexts essential to approaching Native American Literature. It is essential reading for anyone interested in the past, present, and future of this literary culture.

Theodore C Van Alst Jr Tammy Wahpeconiah *Representing Gender, Ethnicity and Nation in Word and Image* Karin Granqvist, Ulrike Spring, 2001 *Literary Legacies, Folklore Foundations* Karen E. Beardslee, 2001 In this provocative study of eight novels Karen E Beardslee asserts that American writers often engage with folk traditions as a necessary part of their characters journeys to wholeness Focusing not only on African American Native American and Hispanic American cultures but also on women s culture Beardslee traces the connections between folk legacies and the search for selfhood in both nineteenth and twentieth century works Within each chapter a novel by a contemporary author and one from an earlier period are brought together Whitney Otto s *How to Make an American Quilt* and Harriet Beecher Stowe s *The Minister s Wooing* David Bradley s *The Chaneyville Incident* and Charles Chesnutt s *The Conjure Woman* Leslie Marmon Silko s *Ceremony* and Zitkala Sa s *American Indian Stories* and Roberta Fernandez s *Intaglio* and Maria Cristina Mena s *The Birth of the God of War* These pairings are not based on matters of intertextuality or influence but are chosen according to the folk groups to which the novels characters belong This strategy enables Beardslee to trace the particular legacies that inform the work of the twentieth century authors As Beardslee notes contemporary texts and the critical commentary on them have focused until fairly recently on the search for self in male usually white characters Such works have also positioned that search outside the character s family or community and have usually emphasized its futility With the growing shift toward multiculturalism in fiction however folk traditions have come to play an increasingly crucial role in characters journeys to self awareness as well as in the success of those journeys Thoroughly researched and cogently argued this book makes a significant contribution to the study of both folklore and literature as it explores the relationship between knowing one s cultural heritage and achieving a sense of self that is whole instead of fragmented connected instead of drifting The Author Karen E Beardslee teaches in the Department of Language and Literature at Burlington County College in Pemberton New Jersey Her articles have appeared in MELUS The Encyclopedia of Folklore and Literature and the Zora Neale Hurston Forum
