Service A History of the Diocesan Girls School Hong Kong Moira M W Chan Yeung and her fellow contributors present a comprehensive history of one of Hong Kong s oldest girls schools As an alumna of the school Chan Yeung traces the history of her alma mater from its establishment in 1860 its development over the last 150 years until the recent decade Having experienced stability and turbulences in Hong Kong in the twentieth century the school has become one of the most prominent girl s schools in the city In several chapters written by other alumni various aspects of school life of different eras are reconstructed and remembered The author and other contributors focused on the postwar era in which Hong Kong grew from a small city to a global metropolitan The expansion of the Diocesan Girls School largely followed this trend The history of the school has also long been connected with the socio economic development of Hong Kong society sharing its happiness and sadness This book is likely to become the gold standard against which all future school histories in Hong Kong are judged Comprehensive insightful and full of fascinating anecdote the inspiring story of DGS is told both chronologically in Moira Chan s main text and thematically in the specialist chapters contributed by her co authors This is a school history that tells us much about the larger story of education in Hong Kong while focusing on a single educational institution Peter Cunich Director Centenary History Project The University of Hong Kong The history of DGS reinforces my observation that Hong Kong schools form an unusual system that combines the best of East and West in the philosophy and practice of education The younger schools in Hong Kong that mushroomed later were basically modelled after schools such as DGS That accounts for the excellence envied by many Cheng Kai ming SBS JP Professor Emeritus The University of Hong Kong The history of DGS reveals how the path taken by the school over the years reflects the very qualities that define a person DGS like our home Hong Kong has witnessed in equal measure challenges disasters and triumphs and has dealt with them with equanimity Dignity respect tolerance courage fairness honesty and of course excellence underpinned by pastoral care represent those essential qualities that have had to be called upon As we now know they have become the minimum tools expected of her students to realise fully their true potential in life and properly contribute to our community This is their story The Honourable Mr Geoffrey Ma Tao li GBM Former Chief Justice of the Court of Final Appeal 2010 2021 **The**

Examinations in Singapore Yap

Kwang Tan,Hong Kheng Chow,Christine Chuen Meng Goh,2008 The first book to explore the development of Singapore s much talked about education and examination system this volume juxtaposes examinations with its immediate context of education and wider context of politics economy and society The study covers three broad historical periods Examinations in

Singapore from 1891 to 1945 The Post War Years from 1946 to the 1970s and Charting Our Destiny from the 1980s to 2007 In the British period up to 1941 the local examinations were conducted by the vernacular schools and external examinations by the University of Cambridge Local Examinations Syndicate There was a lack of systematic effort to establish a uniform system of education and examinations During the Japanese Occupation examinations were conducted by the Japanese authorities and unexpectedly the Cambridge examinations continued in the Sime Road Camp In the post war period and particularly after Singapore was granted self government the establishment of a national education system was followed by the emergence of national examinations the Primary School Leaving Examinations and the Singapore Cambridge GCE N O A Levels for every school going child in Singapore Thereafter the nature of national examinations evolved with the changing needs of education and the nation At the turn of the century with the Ministry of Education s decision to take greater control of examinations the Singapore Examinations and Assessment Board was established to oversee new developments in examinations Unlike most literature on education where examinations are often mentioned as an outcome of educational goals and objectives this book focuses on examinations per se Examinations have gained a momentum of their own and it is interesting to note the development of examinations against the backdrop of the broader history of Singapore and of education in Singapore *Parliamentary Papers* Great Britain.
