Faithful Preaching Tony Merida, 2009 Faithful preaching is the responsible passionate and authentic declaration of the Christ exalting Scriptures by the power of the Spirit for the glory of the triune God Publisher s Description

When Collaboration Mirrors the Trinity Avery Stafford, 2021-11-30 That they all may be one was Jesus first century prayer With mind and emotions set towards Golgotha he poured out his heart to the Father But what is our twenty first century reality Local churches are siloed Pastors do not know one another and rarely work together Christians drive by church buildings on their way to Sunday worship and seldom pray for one another Vitriolic disunity spews across social media in front of an onlooking world Our culture sees our fractured reality and increasingly dismisses Christianity as a viable option for their lives And it is time for believers to recognize that it

is our fault But there is hope When Collaboration Mirrors the Trinity is a timely invitation for local churches to make the practice of unity our new normal Avery Stafford presents a biblical model to actualize this invitation He details four rhythms that mirror the loving community of the Triune God Each one can help pastors lay leaders and faith communities deepen their resolve to bless the world through effective gospel partnerships This work is a bold call for believers to discover an untapped resource for the gospel the believers who attend other churches in their city *God at Work* David W. Miller, 2006-12-14 What was once taboo faith at work is increasingly accepted in corporate America From secretaries to CEOs growing numbers of businesspeople today want to bring their faith to work Yet they wrestle with how to do this effectively and appropriately in a pluralistic corporate setting For help they turn not to their clergy but to their peers and to a burgeoning cottage industry on spirituality at work They attend conferences and seminars participate in Bible study and prayer groups and read books blogs and eNewsletters They see their faith as a resource for ethical guidance and to help find meaning and purpose in their work In *God at Work* David W Miller looks at how this Faith at Work movement developed and considers its potential value for business and society Done well the integration of faith and work has positive implications at the personal level as well as for corporate ethics and the broader economic sphere At the same time increasing expressions of religion and spiritual practices at work also present the threat of divisiveness and discrimination Drawing on the insights of theological ethics as well as the sociology of religion Miller analyzes the history of the modern day Faith at Work movement from its roots in the late 19th century to its modern formulation and trajectory He examines the diversity of its members and modes of expression and constructs a new framework for understanding interpreting and critiquing the movement and its future Miller concludes that workers and professionals have a deep and lasting desire to live a holistic life to integrate the claims of their faith with the demands of their work He documents the surprising abdication of this field by church and theological academy and its embrace ironically by the management academy Offering compelling new evidence of the depth and breadth of spirituality at work Miller concludes that faith at work is a bona fide social movement and here to stay He establishes the importance of this movement identifies the possibilities and problems and points toward future research questions *God at Work* is essential reading for business scholars and leaders theologians and clergy and anyone interested in the integration of faith and work
