Maternal and Child Health Nursing Adele Pillitteri, 2013-11-25 Adele Pillitteri aims to ensure that today's students have a technical understanding without losing the importance of compassion in their role as a nurse. The text presents pediatrics and maternity as a continuum of knowledge taking a holistic approach and viewing maternity and pediatric content as a family event. The text links theory closely with application that helps students gain a deeper understanding of content and be better prepared to practice in their careers. Provided by publisher **Dewhurst's Textbook of Obstetrics and Gynaecology** Keith Edmonds, 2011-11-29 THE guide to women's reproductive health. The knowledge needed for careful and effective practice of obstetrics gynaecology continues to grow. Dewhurst's Textbook of Obstetrics Gynaecology distils evidence and experience into a straightforward practice based guide to women's reproductive health. This 8th edition has been comprehensively updated to reflect modern clinical needs. Summary boxes throughout enable rapid assimilation of key information for effective clinical practice. The two main parts obstetrics and gynaecology have been further divided into thematic sections. The basics of obstetrics and of gynaecology. The phases of pregnancy from preconception to postnatal care. Maternal medicine and fetal medicine. Menstruation. Infertility. Urogynaecology. Gynaecologic oncology. Designed for trainees and to support experienced practitioners. Dewhurst's Textbook of Obstetrics Gynaecology is your ideal clinical companion.

Myles' Textbook for Midwives E-Book Jayne E. Marshall, Maureen D. Raynor, 2020-05-12 Written by midwives for midwives. Myles' Textbook for Midwives has been the seminal textbook of midwifery for over 60 years. It offers comprehensive coverage of topics fundamental to 21st midwifery practice. Co-edited for the second time by internationally renowned midwife educationalists Professor Jayne E. Marshall and Maureen D. Raynor from the United Kingdom with a team of contributors from across the midwifery community, it retains its clear accessible writing style. Most chapters provide useful case studies, websites of key organisations and charities for individuals to access further information. Reflective questions at the end of each chapter as well as annotated further reading aid reflective learning and stimulate discussions relating to continuing professional development. The book covers key frameworks that govern midwifery practice, exploring ethical and legal frameworks that are essential to every accountable autonomous professional midwife. Includes employer-led models of supervision, vital elements of leadership and clinical governance that supports the provision of high quality maternity services and standards of midwifery practice. The concept of resilience is introduced for the reader to contemplate their personal contribution in creating an environment that is conducive to protecting the wellbeing of themselves and colleagues within the workplace. The text covers the UN 2030 Agenda for Sustainable Development, highlighting the importance of midwives as global citizens with common goals and together they form a strong global community prepared to challenge social inequalities and take action to help end extreme poverty. Covers designing and implementing high quality midwifery care using evidence, policy and models of care. Highlights why a holistic and evidence-informed approach is necessary to achieve

effective care for all Working examples will help the reader to think critically about their own practice For this edition several new chapters are introduced covering concealed pregnancy fear of childbirth tocophobia care of the acutely unwell woman and end of life issues including rights of the fetus neonate and ethical considerations
