The Handbook of Research on Institutional Economic and Social Impacts of Globalization and Liberalization provides a comprehensive evaluation of the institutional economic and social impacts of globalization and liberalization processes across the world. While highlighting topics like economics, finance, business, and public administration, this book is ideally intended for government officials, policymakers, practitioners, stakeholders, researchers, and academicians interested in the international impacts of globalization and liberalization across a variety of different domains. **Digital Marketing in Practice** Hanne Knight, Lizette Vorster, 2023-03-03

Learn how to create effective digital marketing campaigns, analyze competitor behaviour, and conduct digital marketing in a responsible and accountable way with this real-life focussed and streamlined textbook. **Digital Marketing in Practice** balances step-by-step practical coverage with academic theoretical context throughout to offer a definitive and easy-to-understand resource. Exploring key definitions and best practice for tools, channels, and platforms including SEO, social media marketing, email marketing, and online advertising, it shows how to create plans and set objectives, design digital marketing campaigns, and evaluate their success for improvement. **Digital Marketing in Practice** also describes how to incorporate accountability, inclusivity, and meaningful sustainability messaging. Featuring interviews with industry professionals and case study examples from a range of brands including Nielsen and the Met Office, it also contains how-to guides, check lists, and critical thought pieces. Supported by online resources consisting of lecture slides, self-test questions, group activities, worksheets, additional interactive case studies, and further resource links, it is an indispensable text to equip students with the tools to develop and implement successful digital marketing. Cross-Border E-Commerce Marketing and Management Hoque, Md. Rakibul, Bashaw, R. Edward, 2020-10-30

The continued advancement of globalization increases in internet connectivity, compatibility of international payment systems, and adaptability of logistics and shipping processes, which have combined to contribute to the rapid growth of the cross-border e-commerce market. Due to these advancements and the ubiquitous presence of smartphones, consumer use of cross-border e-commerce is increasingly simplified, and thus sellers are hardly restricted to a specific country in terms of promoting, selling, and shipping goods worldwide. The burgeoning opportunities, habits, and trends of shopping on cross-border e-commerce platforms have expedited the prospect of becoming a presence in the global market. This is true for enterprises of all sizes, especially for small and medium-sized enterprises (SMEs) that want to add their footprint in the international market for the first time. Like any other industry, cross-border e-commerce has its specific economics and driving forces but has different scopes, challenges, and trends due to the geographic and cultural expanse of relevant environments. **Cross Border E Commerce Marketing and Management** was conceptualized by identifying the scope of new complementary information with a comprehensive understanding of the issues and potential of cross-border e-commerce businesses. The authors believe that this book will not only fill the void in the current research but will also provide far-sighted vision and strategies as it covers big data, artificial intelligence, IoT, supply chain management, and more. This book provides the necessary knowledge to managers to compete

with the competitive market structure and ultimately contribute to the sustainable economic growth of a country. It works as a guideline for existing cross border e-commerce managers to formulate individual strategies that combine to optimize the industry while keeping the enterprise competitive. This book is useful in both developed and developing country contexts. This publication is an ideal resource for academicians, policy makers, stakeholders, and cross border e-commerce managers especially from SMEs.
